

CSU The California State University

Post-Pandemic Academic Programs

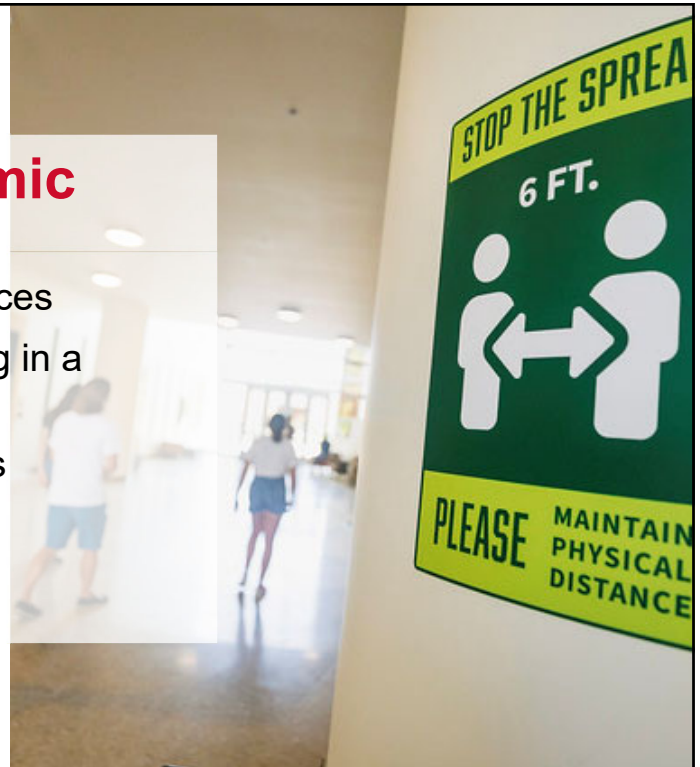

CSU Board of Trustees
Committee on Educational Policy—Item 2
May 17-19, 2021

CSU The California State University

Priorities in a Pandemic

- Sustaining student support services
- Supporting teaching and learning in a virtual environment
- Responding to community needs
- Addressing workforce needs

Post-Pandemic Topics

May Board Meeting: Academic Programs

- Responsive to California's challenges
- Partnering to meet workforce needs

June Deep Dive: Online Education

- Lessons from virtual learning
- Adapting to address capacity, demand and flexibility

July Board Meeting: Student Experience

- Supporting students evolving needs

Pivoting to Virtual Education

“I have had a chance to get to know many students better than I would have on campus.”

- Expanding from 4,323 online sections in 2019 to 74,000 online sections by March 2020
- 17,000 faculty (60% of teaching force) participated in professional development
- Courses ranged from online instruction to equity-minded practices

CSU The California State University

Leading Change through Education

Addressing Equity and Systemic Racism

San Diego State University Criminal Justice Program

- Provides a social justice perspective
- Requires new race relations coursework

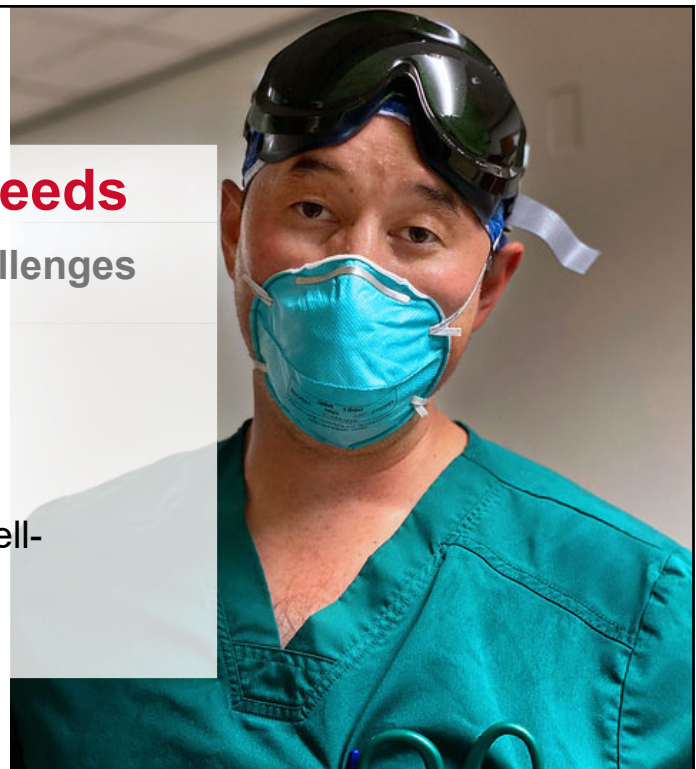

CSU The California State University

Meeting Workforce Needs

Anticipating Tomorrow's Challenges

- Addressing market demand
- Supporting essential workers
- Building teacher capacity with well-prepared, diverse educators

CSU The California State University

Envisioning a Post-Pandemic World

- Addressing equity
- More flexibility in learning formats
- Driving economic recovery
- More pathways to degrees and certificates

CSU The California State University

Health Care and the CSU

- Expanding concurrent enrollment programs
- Exploring health care apprenticeships
- Building the medical school pipeline
- Policy advocacy
- Vaccination clinics

CSU The California State University

Professional and Continuing Education

CSU The California State University

PaCE

Driving Innovation

- Short-term Courses, Modules and Programs
- Professional and Program Development
- Centers of Excellence and Shared Services

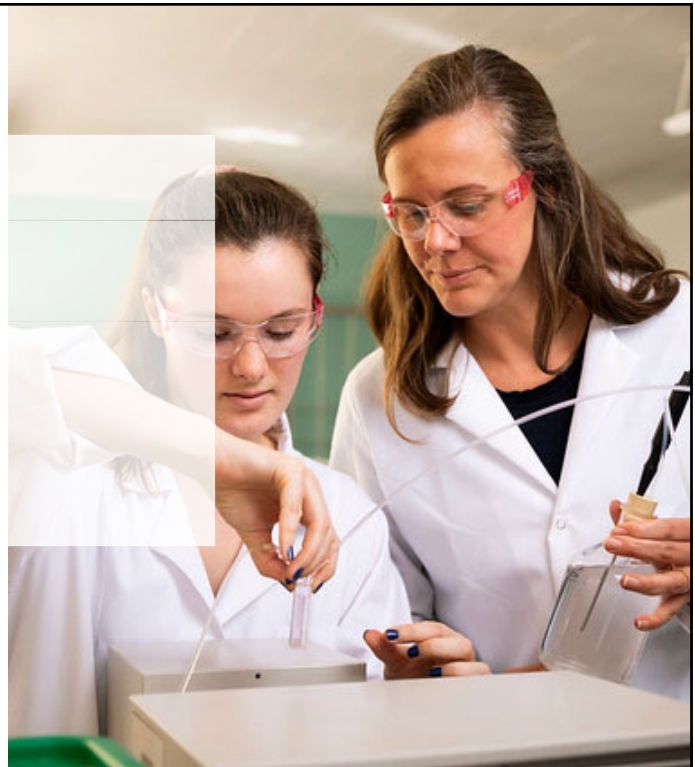

CSU The California State University

PaCE

Partnering with Employers

Life Sciences Southern California Consortium

CSU The California State University

PaCE

Exploring New Pathways to Learning

- Degree Completion Initiative: Degrees When Due
- Credit for Prior Learning
