Subject: 2005-2006 Enrollment Planning and Resources

During this year's enrollment planning and resources cycle, we will be working with you and your designated Enrollment Planning & Resources (EPR) Officer:

- To discuss campus enrollment estimates, plans, and proposals, submitted by August 15, 2005, at the August Executive Council meeting;
- To review campus enrollments, estimates, plans, and proposals in September and October 2005;
- To discuss campus enrollment proposals for CY 2006-07 support budget FTES targets before the November 2005 meeting of the Board of Trustees; and
- To make adjustments to the multiyear planning estimates and parameters to support the CY 2007-2008 capital outlay program, as well as multiyear academic and technology planning processes.

This memorandum focuses on providing you and your staff members with detailed information to help us address these issues. We thank you and your staff members in advance for your assistance in working with us.

Enrollment Planning & Resources Submissions: CY 2005-2006 Enrollment Estimates and CY 2005-2006 Enrollment Plans

By the campus' Opening Summer Term due date (see Attachment A with update, if the campus so wishes, no later than August 15, 2005), the campus should email the campus' completed Enrollment Planning & Resources EXCEL workbook of CY 2005-2006 detailed enrollment information and CY 2006-2007 enrollment proposals to Dr. Marsha Hirano-Nakanishi, Assistant Vice Chancellor, Academic Research and Resources, at mhirano-nakanishi@calstate.edu. A copy of the summary page of the EXCEL workbook should be signed by the President (or person designated by the President) and faxed to Hirano-Nakanishi at 562-951-4981.

Thereafter by the campus' Opening Term due date (see Attachment A), the EXCEL workbook should be updated to reflect campus actual census-date enrollments for previous and current terms and updated estimates and plans for subsequent terms.

Initially, the August and Opening Fall EXCEL workbooks will contain campus proposals for CY 2006-07. It is anticipated that the campuses will have CSU budgeted FTES targets shortly after the November 2005 meeting of the Board of Trustees. With the Governor's Budget in January 2006, there should be more clarity about the CY 2006-07 budgeted targets towards which to manage. As such, the winter and spring term opening term EXCEL workbook submissions should reflect actual and estimated CY 2005-06 enrollments, as well as adjusted enrollment plans for CY 2006-07, assuming budgeted FTES targets have been set.

The "2005-06 August and Opening Term Enrollment Planning & Resources EXCEL Workbook" is available at the following URL under the Enrollment Planning Documents section:

http://www.calstate.edu/acadres/enrollment_planning.shtml

If you have any difficulty with the download, please contact Ms. Terry Monzon, who is available at tmonzon@calstate.edu and 562-951-4754.

Detailed coding information, procedures, and tools regarding the Enrollment Planning & Resources EXCEL workbook variables are available at the same URL under the Enrollment Planning Documents section in "References on Enrollment Planning and Resources."

Multiyear Enrollment Planning

The Compact with the Governor calls for the CSU to increase enrollments by 2.5% per year through CY 2010-11. During 2004-05, the Executive Council carefully reviewed campus FTES planning estimates through CY 2010-11, and they were revised and finalized. These multiyear planning estimates, used to support CY 2006-07 capital planning, along with the standard planning parameters and campus summer and off-campus center adjustments are posted as "CY 2005-06 Target and Multiyear Planning Estimates and

Parameters to Support CY 2006-07 Capital Planning” at the following URL under Targets and Planning Estimates:

http://www.calstate.edu/acadres/enrollment_planning.shtml

Any questions or concerns about the documents should be directed to Marsha Hirano-Nakanishi, mhirano-nakanishi@calstate.edu.

It is anticipated that adjustments to multiyear planning estimates will need to be made only to the extent that CY 2006-07 support budget FTES targets are adjusted. The planning parameters used in capital planning will be posted at the same URL under the link, “Academic, Capital, and Technology Planning Parameters, 2004-05,” when all CY 2004-05 APDB files have been received and processed and output generated. “Academic, Capital, and Technology Planning Parameters, 2003-04” currently are posted at the URL, should academic, technology, and capital planners wish to study the relationship among instruction, technology, and capital issues.

Besides the planning estimates and parameters, campus Enrollment Planning & Resource officers have additional degrees of freedom to allocate the college-year FTES between the academic year and the summer and those with off-campus centers are free to adjust the total CY FTES allocations between the main campus and the off-campus center(s).

We anticipate that revised multiyear enrollment planning figures will be available by December 2005.

Enrollment Reporting: ERS and APDB

A memorandum concerning ERS and APDB data file reporting to Analytic Studies and to the Chancellor’s Office Information Technology Services (CITS), respectively, is being developed separately by Dr. Philip Garcia, Senior Director for Analytic Studies, and Cheryl Kwiatkowski, Senior Director for CITS

Please direct concerns about ERS data file transmissions to Dr. Philip Garcia (pgarcia@calstate.edu), 562-951-4764.

Please direct concerns about APDB data file transmissions via email to Cheryl Kwiatkowski (ckwiatkowski@calstate.edu), 562-951-4270, Cheryl@calstate.edu.
