Subject: **Twenty-Seventh Annual CSU Student Research Competition**

The Twenty-Seventh Annual California State University Student Research Competition will be held **May 10-11, 2013** at California State Polytechnic University, Pomona. This systemwide competition will showcase the excellent research conducted by CSU undergraduate and graduate students in the CSU. Student participants will conduct oral presentations that will be judged by experts from corporations, foundations, public agencies, and colleges and universities in California.

The guidelines for the competition are similar to those in the past. A campus may deliver a maximum of ten presentations and cash prizes to be awarded to the top presentations in each category of the competition. Students who present in the creative arts and design category are encouraged to compete and the guidelines are outlined in the attached materials. The California State Polytechnic University, Pomona steering committee shall only accept those submissions endorsed by the campus coordinator.

Your campus is free to promote the competition, establish a campus selection process, and screen the final submissions in whatever manner deemed appropriate by your institution. While multi-campus planning committees have endorsed a few general guidelines and procedures, creativity in designing a local competition that best meets the needs of your campus is encouraged.
