

**ACADEMIC SENATE
OF
THE CALIFORNIA STATE UNIVERSITY**

AS-2929-09/APEP (Rev)
November 6, 2009

**Continuing Support for Efforts Facilitating Transfers Between
Community Colleges (CCC) and the California State University (CSU)**

- RESOLVED: That the Academic Senate of the California State University (ASCSU) encourage CSU academic programs to continue to honor Transfer-CSU (TCSU) based articulation agreements through summer 2012 while TCSU course descriptors transition to the Course Identification (C-ID) system; and be it further
- RESOLVED: That the ASCSU encourage CSU academic programs to support the cooperative efforts of the CSU and CCC to make the C-ID system successful; and be it further
- RESOLVED: That the ASCSU urge CSU discipline faculty to participate actively in C-ID course descriptor development and review¹; and be it further
- RESOLVED: That the ASCSU urge the CSU Office of the Chancellor to maintain currency in identifying campus-based discipline faculty leadership as contacts for discipline-based input; and be it further
- RESOLVED: That the ASCSU distribute this resolution to the Board of Trustees, the Chancellor, the California Community College Chancellor, the California Community College Academic Senate Chair, campus Presidents, campus Senate Chairs, Provosts and campus articulation officers.

RATIONALE: The Lower Division Transfer Pattern (LDTP) project is transitioning to integration with the CCC sponsored C-ID project. During this transition period, existing TCSU course descriptors and their accompanying articulation agreements will remain valid through summer 2012. It is the intention of the CCC to fast-track consideration of TCSU course descriptors for adoption as C-ID course descriptors. There are the ongoing CSU/CCC collaborative efforts to develop the new C-ID course descriptors, and CSU campuses are encouraged to accept for articulation the C-ID based courses from CCC campuses. As soon as the CSU LDTP Steering Committee reaches a tentative agreement with the CCC regarding an appeal review process for C-ID based course articulations, additional resolutions will be brought to the ASCSU to finalize CSU articulation policy regarding C-ID based courses.

Approved Unanimously – January 21-22, 2010

¹ Course descriptors by discipline are available on the C-ID website (www.c-id.net)
