Construction Delivery Methods

Thursday, September 8, 2005

9:00 a.m. to 3:30 p.m.

CSU Chancellor's Office

This program is designed for facilities design and construction staff, specifically the design project managers and the construction managers.

This training program will provide a brief overview of all the construction delivery methods available to the CSU:

- CM at Risk
- Design-Bid-Build
- Design-Build
- Job Order Contract (JOC)
- Minors
- Energy and Utility Infrastructure Projects

The primary purpose of this training is to help campuses recognize when to use each type of construction procurement and understand the benefits and drawbacks. In-depth "how to" training will not be included.

The CSU Financial Management Institute (FMI) is the CSU's administrative framework for its planning, design and construction training program. The Office of Capital Planning, Design and Construction manages the program. The CSU FMI is only available to CSU personnel and related auxiliary staff as its training programs deal with business practices that are pertinent to the CSU.
