

CONGRATULATIONS!

Your purchase of the *Make An Impact* Cartridge entitles you to claim 2 Credits

The *Make An Impact* line of remanufactured laser toner and ink jet cartridges are supplied by American Transitech, Inc., a California certified Small Business Enterprise.

This certificate and your invoices or report from American Transitech, Inc., are all you need to fill out your annual reports and claim 2 credits: Recycled Content Product and Small Business.

Recycled Content Product (RCP) Credit: All *Make An Impact Cartridge* laser toner and ink jet cartridges are remanufactured (*refurbished for use*) which per the State Agency Buy Recycled Campaign (SABRC) guidelines is considered a reportable RCP because it “could have been disposed of as solid waste having completed its life cycle as a consumer item, but otherwise is refurbished for reuse without substantial alteration of its form.”

Small Business Enterprise (SBE) Credit: The State of California Office of Small Business Certification and Resources (OSBCR) has certified SDV-SCC as a small business, reference #0000220. The California Small Business Mandate requires each agency to ensure that 25% of all contracts be with certified Small Business Enterprises.
