Subject: CSU Parking Reports

We are transmitting our annual request for CSU Parking Reports. Please submit the responses electronically to us before July 27, 2016.

Below is a brief description of the reports for which we will need your assistance:

1. Parking Inventory

In order to comply with State reporting requirements, provide an accurate update of parking information for the CSU Support Budget developed annually by the Chancellor's Office Systemwide Budget Office, and keep the systemwide records current, we request your assistance in completing the enclosed inventory of parking facilities (see Enclosure A. Note: The enclosure has a separate instruction sheet that will assist you in completing the Parking Inventory report). To ensure accuracy, we request each campus to conduct a space count of the parking facilities. The inventory should include all revenue and non-revenue producing parking spaces that are maintained and operated by the campus parking program and reflect the number of spaces in operation on June 30, 2016. If parking spaces are expected to be added or deleted during fiscal year 2016/17, please delineate these changes in the space provided.

2. **Disabled Parking Audit and Disabled Parking Inventory**

As stated in Executive Order 926, each campus shall have accessible disabled parking stalls where parking is provided for the public and is responsible for compliance with the CSU Board of Trustees disability policy.

Our department has been delegated the role of reminding campuses of the **disabled parking audit requirement to be done every two years**. As such, please provide us a copy of the completed audit that may have been done this past fiscal year per the requirements of Executive Order 926. In addition, we enclose the **Disabled Parking Inventory form (Enclosure B) to be completed by your campus annually**, which is separate from the disabled parking audit.

3. **Parking Rates** (Three years forecast)

In an effort to cross check information related to parking fees and to provide consistent data to outside parties, we are requesting your assistance in completing the parking rates form (Enclosure C).

**Please submit the completed reports electronically to Angelique Sutanto at asutanto@calstate.edu, Financing and Treasury, before July 27, 2016.** The result of the parking inventory survey from last year is enclosed for your reference (Enclosure D). Questions may be directed to Angelique Sutanto at (562) 951-4565. Thank you for your assistance with this request.
