Survey Tool Instructions

Human Resources
2004
Introduction

Human Resources created the MPP Benchmark Salary Survey data collection tool to simplify the data collection process and minimize the workload for campuses. These improvements were based on campus recommendations with one goal in mind: Create the least amount of work for CSU HR Professionals while delivering the highest quality report. With the database tool, you only need to provide a few data elements for each benchmark match. Human Resources will then retrieve the remainder of the employee data (base salary, grade level, MPP Job Code, etc.) from the Campus Information Retrieval System (CIRS).

We hope you continue to find the process to be user-friendly, fast and efficient. We welcome any feedback and suggestions you may have for further enhancements.

If you need any assistance, please contact Ezequiel Navarro at (562) 951-4456 or Arlene Coronel at (562) 951-4419.
