Subject: 2006/07 Salary Program for SETC (Unit 6) Employees

The California State University (CSU) has reached an agreement with the State Employees' Trades Council (SETC) on a successor collective bargaining agreement for fiscal years 2006/07 through 2007/08. ❖ **Salary Program:**

- Extended Performance Increase (EPI) – 1.0% or 2.0% salary increase effective January 1, 2007

Detailed Program Information for Salary Provisions

❖ **Extended Performance Increase (EPI):**

- Effective January 1, 2007, employees in an active or on leave employment status in a Unit 6 position on both January 1, 2006 and January 1, 2007 who have at least one (1) year but less than 10 years of qualifying CSU service as of January 1, 2006, and who meet specific performance and timebase requirements, may be eligible for a 1.0% EPI to base salary, not to exceed the salary range maximum.
- Effective January 1, 2007, employees in an active or on leave employment status in a Unit 6 position who have attained a 3, 6, 10, 15, 20, 25, 30, 35 or 40 year service anniversary during the January 1, 2006 through December 31, 2006 period, and who meet specific performance and timebase requirements, may be eligible for a 1.0% EPI to base salary, not to exceed the salary range maximum.
- Employees who meet both of the service thresholds listed above, may be eligible for a combined 2.0% EPI to base salary, effective January 1, 2007, not to exceed the salary range maximum. anniversary during the January 1, 2006 through December 31, 2006 pay period, and who meet specific performance and timebase requirements.

- Pursuant to provision 24.8 of the collective bargaining agreement, an employee's overall performance for the previous three (3) years must be satisfactory or better and the employee must not have any disciplinary actions received during the past three (3) years in his or her personnel file.
- In order to determine anniversary milestones, e.g., 3rd versus 10th, campuses must perform the following steps:
 - Step 1: Campuses will be provided with a list of employees who may qualify based upon the earliest possible CSU appointment. Campuses will need to subtract out breaks in service due to separations, leaves, and non-qualifying pay periods (Not in pay status 11 or more days in a pay period) from this population.
 - Step 2: In calculating anniversary dates, employees must have completed continuous CSU employment at a 50% or greater timebase.
 - This threshold will be applied to years *in between* anniversaries only. For example, only the period between the date of employment and the 3rd anniversary, or the period between the 6th and 10th year will need to be reviewed for a 50% or greater timebase of continuous CSU employment.
- Continuous CSU employment at consecutive campuses may also count towards meeting the anniversary thresholds above. For example, an employee may have worked 2 years at CSU Long Beach and 8 years at CSU Fullerton, for a total of 10 qualifying years.
- All positions will count towards meeting anniversary thresholds. For example, an employee who has worked for the CSU in a Unit 6 position and in a Unit 5 position may be eligible for both positions to count towards meeting anniversary thresholds.
- A year of required service for a ten (10) month employee or 10/12 employee is the completion of twelve (12) pay periods and ten (10) qualifying months of service. A year of required service for an eleven (11) month or 11/12 employee is the completion of twelve (12) pay periods and eleven (11) qualifying months of service. A year of required service for a twelve (12) month employee is the completion of twelve (12) pay periods and twelve (12) qualifying months of service.
- **CIRS Compendium Report W70, Cycle 0701**, will be available the week of January 8, 2007 to assist campuses in identifying the employees potentially eligible for the 1.0% or 2.0% EPI to base salary. In order to determine "CSU continuous employment", there may be situations where a Unit 6 employee has concurrent multi-campus appointments. For these employees, this report will provide non-confidential cross campus position history. The report must be accessed using the Express Function.
