Summary

Pursuant to a Side Letter of Agreement established between the California State University and the Statewide University Police Association, requirements pertinent to the pay-out of “Excess Hours” as outlined in HR Letter 2003-28 will be modified for Unit 8 employees assigned to alternate or compressed work week schedules. The Side Letter Agreement provisions are effective beginning January 2011 pay period.

The campus payroll manager or designee responsible for processing and/or reporting excess/deficit hours should review the remainder of this Technical Letter for further information.

A Side Letter of Agreement between the California State University (CSU) and the State University Police Association (SUPA/Unit 8)¹ was established in 2010 in acknowledgement of a unique and acute impact affecting Unit 8 employees with respect to annual deficit hour reconciliation requirements.

Due to the nature of Unit 8 scheduling requirements, deficit hours incurred over the calendar year for employees on alternate or compressed work week schedules were significantly and consistently higher when

compared with other employee units. Additionally, the 2010 Side Letter of Agreement acknowledged a prior agreement reached between the CSU and SUPA in 2006 which implemented plus/minus reconciliation requirements as detailed in HR Letter 2003-28 and subsequent updates\(^2\), with the understanding that a better solution to the issue of plus/minus balances would become available upon implementation of the State Controller’s Office (SCO’s) 21\(^{st}\) Century (MyCalPAYS) Project. In consideration of these factors and coupled with the delay of the 21\(^{st}\) Century Project implementation for the CSU, the CSU agreed to modify HR 2003-28 Campus Requirements, Excess Hours, for Unit 8 employees as follows:

→ Within a calendar year, Excess Hours incurred in a given pay period will be accumulated and carried forward as a balance to offset deficit hours incurred in a future pay period. There will be no payout of Excess Hours until the end of the calendar year.

→ Annual reconciliation requirements remain in effect in that any deficit hour balances incurred from January through December in a given year will be offset by accumulated Excess Hours incurred in that same year, and if an Excess Hour balance remains, it will be reconciled and paid out as part of the annual reconciliation.

→ When reconciling deficit hour balances in December of each year, an Officer may use vacation, compensatory time off (CTO), holiday credit or personal holiday balances to offset the remaining deficit (hour) balance, be docked, or the campus may establish an accounts receivable pursuant to HR 2003-28 and subsequent updates.
