Summary

This Technical Letter provides information regarding salary program provisions pursuant to the agreement reached between the California State University and the State Employees Trades Council for fiscal year 2013/14.

Pursuant to the November 5, 2013, Memorandum of Understanding (MOU) between the California State University (CSU) and the State Employees Trades Council (SETC), salary program provisions for FY 2013/14 are provided below:

➢ Salary Program effective July 1, 2013:
  - 1.34% General Salary Increase
  - Salary range minimums and maximums will be increased by 1.34%

Detailed Information for Salary Provisions:

➢ General Salary Increase (GSI):
  - The State Controller’s Office (SCO) will post a 1.34% GSI via GEN transaction to the individual salary rates of bargaining unit members via mass update on the night of February 12, 2014, with an effective date of July 1, 2013.
  - All employees who were active on July 1, 2013, will receive the GSI via GEN transaction. The increase shall be paid pro-rata for employees who are less than full-time.
  - GSI increases for eligible employees in non-pay status (e.g., on leave) will be processed manually by the respective campus effective the date the employee returns to active pay status.

The monthly base salary increase will be included in employees’ February 2014 master payroll warrant (March 1, 2014 issue date). Separate payroll warrants will be issued for retroactive payments (from July 1, 2013); employees will receive these payments as paper warrants or via direct deposit beginning on or after 02/14/14.

Employees appointed between July 1, 2013, and the date of the mass update whose salary rate is below the new minimum after the application of the 1.34% GSI will have their salary rate brought to the new minimum by fixing the original AXX record and keying the appointment with the new minimum salary. Employees appointed after the mass update must be appointed under the new salary schedules.

Employees on Military Leave receiving a Military Difference in Pay CSU salary supplement should have the difference between the CSU salary and military pay recalculated based on the employee’s new salary rate, pursuant to the CSU policy. Campuses are responsible for completing this manual process.

Pursuant to the MOU, the CSU (e.g., the campus Human Resources or other campus-authorized department) will issue Unit 6 employees written notification of the increase. The notification will include the reason for the salary increase, the new rate of pay and the effective date of the increase.

- **Salary Ranges**
  - The salary range minimums and maximums for all SETC classifications will be increased by an approximate 1.34%, effective July 1, 2013.
  - The updated salary schedule will be available on the CSU web site (https://www.calstate.edu/HRAdm/SalarySchedule/salary.aspx) after the mass update has been completed.

The following processing instructions are provided in Attachment A:

⇒ **Salary Increase Program I – General Salary Increase (GSI)**

- When mass updates are run, a small number of payments may suspend from the automated process, requiring further analysis; such payments may require additional time for manual processing by the SCO beyond the March 1, 2014, timeline.

- **Salary Increase Rounding Considerations:**
  - The SCO’s GSI mass update program rounds individual monthly based-on salary rates to the nearest whole dollar. The program adds fifty cents to the existing dollar amount and then truncates the cents in order to create a new whole dollar amount. Campuses are responsible for ensuring that manually processed GSI’s are applied uniformly and consistently by using the same rounding logic. Actual salary rates are derived by the payroll system by multiplying the based-on salary rate * time base fraction, which (based upon the timebase fraction), could cause individual actual monthly salary rates to result in amounts with dollars and cents. Examples for processing the 1.34% GSI are provided as follows:

<table>
<thead>
<tr>
<th>Example #1:</th>
<th>Example #2:</th>
</tr>
</thead>
<tbody>
<tr>
<td>$4,000 x 1.0134 = $4,053.60</td>
<td>$2,700 x 1.0134 = $2,736.18</td>
</tr>
<tr>
<td>+ $.50</td>
<td>+ $.50</td>
</tr>
<tr>
<td>= $4,054.10</td>
<td>= $2,736.68</td>
</tr>
<tr>
<td>New monthly based-on rate = $4,054.00*</td>
<td>New monthly based-on rate = $2,736.00*</td>
</tr>
<tr>
<td>(cents are truncated to create whole dollar amount)</td>
<td>(cents are truncated to create whole dollar amount)</td>
</tr>
</tbody>
</table>

- The SCO’s GSI mass update program rounds individual hourly rates to two decimal places from the whole dollar amount. Campuses are responsible for ensuring that manually processed GSI’s are applied uniformly and consistently by using the same rounding logic. Examples for processing the 1.34% GSI for hourly rate classifications are provided as follows:
Example #1:  
\[ $10.00 \times 1.0134 = 10.134 \]  
\[ = 10.13 \]  

Example #2:  
\[ $11.75 \times 1.0134 = 11.907 \]  
\[ = 11.91 \]
