Subject: 2015 Retirement Related Compensation Limits

Summary
This technical letter announces the 2015 compensation limits applicable to employees subject to Public Employees’ Pension Reform Act of 2013 (PEPRA).

In order to provide campuses with a single document to reference regarding annual compensation limits relating to retirement plans, IRS limits under IRC 401(a) (17) and IRC 415(b)(1)(A) (previously announced in HR/Benefits 2014-13) are also included in this communication and will be referenced in future technical letters pertaining to this particular topic.

This technical letter should be read in its entirety by staff personnel responsible for administering and/or explaining retirement benefits, including associated changes that impact payroll and/or changes evidenced on pay warrants.

Background
The purpose of this technical letter is to document and provide a single reference for the following 2015 compensation limits:

- The Internal Revenue Service (IRS) Internal Revenue Code (IRC) (in Title 26 of the United States Code (26 U.S.C.)) Section 401(a)(17) and 415(b)(1)(A) limits applicable to employees defined as “Classic” CalPERS members.

CalPERS Compensation Limits Under PEPRA
CalPERS’ members that subject to PEPRA are also subject to an annual compensation limit that is used to calculate final compensation for retirement. The annual compensation limit for PEPRA-impacted employees is based on methodology described in Government Code Section 7522.10 of the PEPRA.

Please note: These limits do not apply to CalPERS “Classic” Members.

Information regarding the CalPERS Compensation Limits is documented in CalPERS Circular Letter 200-010-15.

Effective January 1, 2015, the CalPERS compensation limit(s) and what impact these limits have on CalPERS members subject to PEPRA is clarified in the table below:

Per CalPERS, member and employer contributions for employees who are subject to the CalPERS compensation limits are calculated on pensionable compensation (includes base salary and allowable stipends) and must stop when the member’s actual earnings reach the compensation limits as indicated in Table #1. However, CalPERS members will continue to receive applicable service credit.

**IRS Compensation Limits That Impact Classic Members**

IRC Section 401(a)(17) caps the annual compensation that can be taken into account when determining contributions and benefits under tax qualified plans, which would include contributions toward CalPERS retirement for employees deemed “Classic” CalPERS members who first became CalPERS members on or after July 1, 1996. In 2015, this amount is limited to $265,000 of pensionable compensation (includes base salary and allowable stipends).

Please note: the employee’s CalPERS membership status determines whether or not the employee is or is not subject to the IRC 401(a)(17) limit as shown in Table #2 below:

<table>
<thead>
<tr>
<th>Employee CalPERS Membership Status</th>
<th>Subject to IRC 401(a)(17) Compensation Limit</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employees who are CalPERS “Classic” members who first became members of CalPERS prior to July 1, 1996</td>
<td>No subject to IRC 401(a)(17) Limit</td>
</tr>
<tr>
<td>Employees who are CalPERS “Classic” members who first became members of CalPERS on or after July 1, 1996 and prior to January 1, 2013</td>
<td>Subject to 401(a)(17) Limit up to $265,000</td>
</tr>
</tbody>
</table>

Per CalPERS, member and employer contributions for employees who are subject to the IRC 401(a)(17) limit are calculated on pensionable compensation and must stop when the member’s actual earnings reach the compensation limits as indicated in Table #2. However, CalPERS members will continue to receive applicable service credit.

**IRS Limit on Annual CalPERS-Paid Retirement Benefit**

IRC Section 415(b)(1)(A) places a dollar limit on the annual benefit an individual can receive from a tax qualified pension plan, such as CalPERS. In 2015, this amount will remain the same at $210,000. Additional information related to the IRC 415(b)(1)(A) limit can be located on CalPERS’ website.

**Notification to Employees**

Human Resources Management (HRM) will notify Executives (M98 employees) who are impacted by either the CalPERS compensation limits or the IRC 401(a)(17) limit.

HRM will provide lists to assist campuses with the notification of all other employees who are impacted by either the CalPERS compensation limits or the IRC 401(a)(17) limit for 2015.
