

Reflective Exercise: Take a couple minutes to review the thirteen issues described above. Then identify two (or so) that you have tried or thought about and what your experience has been with each. Identify two ideas/issues *not* described above that you have used and your experience with each.

Which of the items/ideas just described do you find most useful? Which have you implemented and what successes (or challenges) have you had?

A.

B.

C

What *other* strategies, interventions, research, and ideas have you considered that have proven to be effective in fostering student engagement?

A.

B.

C.
