

Appendix C
Middle School Mathematics Service-Learning Collaborative
Final Field Experience Reflection

Your Name: _____ Teacher's Name: _____
Grade/School where you completed your field experience: _____

Please answer the following questions thoughtfully, completely, and honestly.

1. How has participating in a middle school mathematics class affected your understanding of the content we covered in Math 105 this semester? Please be specific about both the Math content itself, and about the ways in which your understanding of it were affected.

2. How has participating in a middle grades mathematics class affected your desire to teach either elementary school or 6-8th grade?

3. Do you think a similar field experience in Math 12 would have benefited you. Why or why not?

4. Would you be interested in a similar field experience in Math 106? If so, why ? If not, why not?

5. Any additional comments or reflections?
