Domain 1: Assuring Access Selected Highlights for CSUB

Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP)

- This 5-year project, funded by the U.S. Department of Education, is now in its 5th year of funding at Arvin High School for \$655,623 for the 2006-2007 fiscal year; the current GEAR UP cohort is 1100+ 10th and 11th grade students.

Early Assessment Program (EAP)

- In Spring 2004, all 14 high schools of the Kern High School District in collaboration with CSUB tested the questions drawn from the Golden State Exam and the California Standards Test that served as the foundation for the EAP testing program.
- CSUB EAP has conducted information workshops and training workshops in English and math for all high schools in Kern County, Inyo County, Mono County, northern Los Angeles County, and southern Tulare County.
- Two CSUB faculty—Kim Flachmann in English and John Dirkse in Mathematics—have had lead roles in the development and testing of the CSU projects in reading/writing and mathematics associated with EAP, respectively.

Educational Talent Search (ETS)

- For the 2005-2006 academic year, 85% of ETS students completed their application paperwork and received federal assistance.
- Two thirds of the 1000 students served by ETS in 2005-2006 were low-income and potential first generation college students, and approximately 90% applied to post-secondary education as well.

Services for Students with Disabilities

- The Office of Services for Students with Disabilities (SSD) engaged the support of the campus community in 2003 in adopting the Americans with Disabilities Act Accessibility Policies Manual.
- CSUB offered the Ruth A. Simonson Scholarship, which was established to assist students who have mental illnesses/psychiatric disabilities with college related expenses.

Student Achievement, Academic, and Retention (STAAR)

- In 2001, CSUB STAAR Program hosted the Central California Chapter Student Leadership Conference. CSUB has been the only university in Central and Southern California that has had 700+ students participate in this annual Leadership Conference, and CSUB has been asked to host again for 2008.
- CSUB STAAR Program has awarded students more than \$60,000 of grant assistance.
- CSUB STAAR Program has the only chapter of National Honor society (Chi Alpha Epsilon) on the west coast.
- CSUB STAAR program has hosted an annual reception for 29 years to honor academic excellence of its graduating seniors. STAAR has given out various awards to highlight student academic achievements and student service to the campus.

Educational Opportunity Program (EOP) – Summer Bridge

- 17 first time freshmen that were special admits before the 2006 Summer Bridge became regular admits after completing the Summer Bridge program.
- 2006 Summer Bridge had its largest number of students ever from outside our service area, particularly from Los Angeles (17.9%).
- 83% and 89% of the Summer Bridge students completed the EPT/ELM exams, respectively.
- 17% of the students that started in the lowest Math (75) and 35% of the students that started in the lowest English (80) “advanced” one or two levels.
- 98% of the students from 2006 Summer Bridge enrolled at CSUB for Fall 2006.

College Assistance Migrant Program (CAMP) and Title V

- In 2005, CSUB CAMP submitted a proposal in response to a nationwide competitive RFP and was refunded for a second five-year cycle.
- Since 2000, CAMP has assisted over 500 migrant students on their path to earning their baccalaureate degree.
- Approximately 95% of CAMP students enter the university needing remedial courses in English and math. CAMP students successfully complete remedial courses (within the first year) at 20% higher rate than the average first-time CSUB student.
- CAMP has an on-site transfer center at Bakersfield College (BC).
- Since 2003, an estimated 300 Title V students have transferred from BC to CSUB.
- Title V programs at CSUB and BC collaborates on CSUB on-site admissions events.

Domain 2: Connecting to P-12 Schools and to Community Colleges

Selected Highlights for CSUB

Ready to Start

- CSUB, in a collaborative with the Kern County Superintendent of Schools, four school districts, and AERA Energy, has developed a 4-week summer program for pre-K academic preparation, including tutoring services by CSUB students.

Chevron Pre-Literacy Project

- CSUB, with funding support from Chevron, has developed a pre-literacy program for pre-K teachers and instructional aids in the Bakersfield City School District. CSUB Master's students in Reading serve as "facilitators" and as "models."

Discovery Depot

- The Child, Adolescent, and Family Services (CAFS) Program staff has secured and is managing a large grant that supports staffing for a childcare center at the Bakersfield Homeless Shelter.

Foster Youth Tutoring Program

- CSUB, in partnership with the Kern Network for Children, provides tutoring services to foster youth in greater Kern County.

Enterprise College

- CSUB, in collaboration with the Kern High School District, offers a 3-week summer program in Economics for high school juniors and seniors. Students experience a combination of learning modes: in-class presentations, discussions with business leaders, and field trips to public agencies and private businesses. Students earn high school or college credit.

Academic Decathlon

- For the 17th year, CSUB hosted the Academic Decathlon Preparation Day on November 15, 2006.
- Over 250 students from 25 high schools in Kern County were treated to four outstanding presentations by CSUB faculty in the areas of social sciences, art, economics, and climatology.
- Students earn college credit for participating in all the Decathlon activities of their high school and by scoring above the median in the Kern County Decathlon competitions.

Foundations of Excellence (FoE) Collaboration with Bakersfield College

- CSUB has joined with Bakersfield College (BC) for a guided self-study and improvement process focusing on the complete first-year experience at the two campuses.
- Both campuses have established nine Dimension committees composed of faculty, staff, students, and administrators. The nine Dimensions guide the assessment process for the effectiveness of institutional efforts focused on first-year students.
- This is first ever such collaboration between a 4-year university and a 2-year college in the 3-year history of FoE and is, therefore, a high priority for the National Policy Center, the sponsoring entity for FoE.

Reading Institute for Academic Preparation (RIAP)

- Kern County leads the State in the number of high school teachers (over 300) trained in both the RIAP and the English Reading and Writing Course (ERWC). RIAP training is now merging with EAP training.
- The Kern High School District and CSUB have created a local website which lists lesson plans and teaching modules created by high school teachers. All Kern County high schools use the RIAP strategies to some extent.
- CSUB is one of the few CSU campuses that have received funding for RIAP for all 5 years of the program.

Tulare County Office of Education Partnerships

- The first program provided specialized training in classroom management techniques for teacher interns in the Delano School District. The second program is a teacher recruitment project involving scholarships, a teacher recruiter, and a teacher-recruitment fair.

Content Academic Language Literacy instruction (CALLI)

- CPEC funded this partnership grant for CSUB faculty to provide professional development training to Delano High School faculty in Second Language Acquisition.

Mathematics Teacher Preparation Grants at CSUB Antelope Valley Center

- David Murphy has received funding for several grants to provide Math Education training for mathematics teachers in schools from Lancaster, Palmdale, and surrounding areas.

Domain 3: Fulfilling Commitments to Multiple Stakeholders

Selected Highlights for CSUB

- Inauguration of Alumni Hall of Fame on March 24, 2007, recognizing distinguished achievement by CSUB alumni. This activity brings additional recognition to CSUB and the vital role it plays in the community.
- “Celebrate CSUB” on April 28, 2007, will attract many people to the campus to experience a taste of the university’s diverse academic programs and student activities.
- Alumni Party in the Park attracts over 700 alumni and friends to the campus strengthening the ties between alumni and the University.
- CSUB Endowment Fund has been increased from \$7.2 million to over \$15 million in 18 months. This investment in the University by alumni and friends is evidence of confidence in the University and its programs to serve the southern San Joaquin Valley.
- A \$6 million campaign to move CSUB Athletics from NCAA Division II to Division I has been successfully completed. This investment of private resources strengthens the pride local fans have in the University, its athletics program, and its student athletes.
- CSUB co-sponsors with Kern Economic Development Corporation and the Greater Bakersfield Chamber of Commerce an annual Economic Summit for Kern County.
- CSUB provides a major resource for economic data in Kern County through the publication of the Kern Economic Journal.
-
- CSUB has achieved back-to-back record-breaking years in fundraising indicating the confidence of a constituency to invest in CSUB. We are on track to set another record in 2006-07.
- CSUB continues to build strong relations in the community evidenced by the recent \$1 million gift from Chevron Corporation to CSUB for the Mathematics/Science Initiative.
- Strong leadership in ASI as evidenced by student fee referendums to build a Student Recreation Center, support Division I Athletics, and provide additional funds for student clubs and organizations at both Bakersfield main campus and the CSUB Antelope Valley Center.
