To: CSU Directors of Financial Aid

Response Requested
By June 3, 2005

From: Allison G. Jones

Subject: Preliminary 2004-05 Financial Aid Database Report

Campuses are requested to submit their preliminary financial aid database report. As in prior years, the preliminary version of the 2004-05 report will be used in conjunction with the State University Grant (SUG) allocation process. The financial aid database report is also used for other reporting requirements such as the Institution Prices and Student Financial Aid (IPSFA) survey from the National Center for Education Statistics (NCES) of the U.S. Department of Education.

Technical information on submission of the preliminary 2004-05 financial aid database is included in Attachments A, B, and C. The record layout is the same as that required for 2003-04 reporting purposes. The preliminary database file should include the full range of data as identified in Attachment B.

Please compile and transfer by June 3, 2005 the database files to your campus financial aid account on the Chancellor's Office server, carina.calstate.edu. Questions regarding this report may be directed to Mary L. Robinson, Associate Director, Academic Affairs, Student Academic Support. Ms. Robinson may be reached at (562) 951-4737 or mrobinson@calstate.edu.

Procedures for 2004-05 Preliminary Financial Aid Database Report

Notes Regarding Record Format

For 2004-05, the record format is the same as that required for 2003-04.

Data elements that are particularly critical for SUG allocation purposes are the "Financial Aid Status Code," the "9-Mos. EFC," the "Cal Grant Code," and the "Cal Grant Amount." Campuses must be careful to avoid reporting "Estimated" or "Scheduled" awards rather than the actual amounts that a student received under each aid program.

File Structure

The preferred file structure is that there be both a FAREC1 record and a FAREC2 record for each student and that the file be sorted by record type within social security number (i.e., student A record 1, student A record 2, student B record 1, student B record 2).

Data Element Dictionary

A copy of the Data Element Dictionary for the Financial Aid Database is available upon request for those who may have trouble locating their copy.

Identification of Records Subject to State Need Analysis Modifications

AA-2005-02 advised campus financial aid administrators regarding implementation of the California Domestic Partner Rights and Responsibilities Act of 2003 ("the Act") and provisions related to determining eligibility for state and institutional student financial aid programs. For purposes of the financial aid database report, campuses are to report data element values used in determining eligibility according to the federal methodology. In order to ensure that the records of students with adjustments are not rejected during the edit process, financial aid administrators will need to identify records that are subject to the adjustments based on the provisions of the Act. Campuses are to provide an additional file (in Excel or Word) that includes the student identifier of financial aid recipients for whom adjustments have been made on the basis of the Act. This file should be transferred to the campus account on carina.calstate.edu with the name `p2005.rdpcc.ext` where `cc` represents the campus code and `ext` represents the appropriate extension to identify the type of file, e.g., `xls` or `doc`.

File ID Format: The *yy* in the File ID represents the year for which data are reported. For 2004-05 data the appropriate value is 05. The *t* represents the term for which data are reported. For this report, which is a preliminary file, the appropriate code is *p*. The *cc* represents the campus numeric code. PLEASE USE ALL LOWER CASE LETTERS FOR FILE ID.

Password: Campuses are responsible for maintaining secure passwords for these accounts. Passwords on carina.calstate.edu accounts expire after 70 days, so the authorized user on each campus must schedule updates of the password. Please ensure that your password is current prior to attempting to transfer files.

Campus Contact: Once the data files has been transferred to carina.calstate.edu, the campus should notify Mary Robinson, Academic Affairs, Student Academic Support, of the name and phone number of the campus representative who should be contacted in the event of questions regarding the data.
