**Subject: Annual Update of *Campus Highlights* Publication**

The annual fall counselor conferences for high school and community college counselors and educators will be offered in September 2006 at several sites.

One of the most important and popular booklets distributed at the conferences is the CSU Campus Highlights publication for educators. This publication provides critical information about campus policies and programs. To ensure the accuracy of the information and common data presented in the publication, we are requesting your assistance by updating last year's campus information for the 2006-07 edition. In response to high school and community college counselor requests, we will continue to provide data and information in a uniform format to facilitate the comparison of campus information more easily.

Guidelines for submitting campus information are provided below. Last year's information is attached to assist you in preparing your campus update for 2006-2007.
