LOWER-DIVISION TRANSFER PATTERN California State University (CSU) Statewide Pattern

The Lower-Division Transfer Pattern (LDTP) consists of the CSU statewide pattern of coursework outlined below, plus campus-specific coursework, bringing the total pattern to at least 60 but no more than 70 transferable semester units for students to complete at a California Community College (CCC).

The CSU statewide pattern of coursework for CCC students who plan to major in Business at any CSU campus offering the major includes:

- Completion of lower-division general education requirements, following either the CSU General Education Breadth (GE-Breadth) or the Intersegmental General Education Transfer Curriculum (IGETC) pattern;
- Completion of the CSU graduation requirements in United States History, Constitution and American Ideals; and
- Completion of twelve additional semester units as specified below in (3) and (4).

Please note that the information here is an academic and curricular advising tool: a roadmap that enables transfer students to efficiently and effectively progress towards the CSU baccalaureate degree in a specified discipline. California Community College students should work closely with their advisers when planning their academic program in preparation for transfer to the CSU.

This information does not represent any guarantee with regard to admission nor does it include or replace CSU campus admissions impaction criteria. These curricular guidelines are subject to change.

CSU Statewide Pattern	Semester Unit Requirement
<p>(1) Complete lower-division general education requirements.</p> <p>Obtain a <i>certification of completion</i> of GE-Breadth or IGETC by the California Community College before transferring to a CSU campus. <i>The course to be used to satisfy the quantitative reasoning requirement (GE-Breadth Area B4 or IGETC Area 2) will be identified with the campus-specific requirements.</i></p> <p>While completing general education, follow the course pattern stated below.</p>	<p style="text-align: center;">36 units for GE-Breadth</p> <p>Minimum grades of C are required in courses used to meet GE-Breadth Areas A and B4.</p> <p style="text-align: center;">or</p> <p style="text-align: center;">34 units for IGETC</p> <p>Minimum grade of C is required in each course used for IGETC.</p>
<p>(2) Complete the graduation requirements in United States History, Constitution and American Ideals.¹</p> <p>These are typically completed with one course each in American government and American history, or a sequence of courses that integrate the history and government topics.</p> <p>Students completing GE-Breadth should ordinarily use these courses to satisfy 6 units of Area D.</p>	<p style="text-align: center;">0 units required for GE-Breadth</p> <p style="text-align: center;">6 units for IGETC</p> <p>IGETC does <u>not</u> permit double counting of courses to meet IGETC and U.S. History, Constitution and American Ideals requirements.</p>

¹ CCC courses that fulfill general education and graduation requirements in United States History, Constitution and American Ideals are listed at www.assist.org.

<p>(3) Complete a course in Microeconomics [CAN ECON 4] and a course in Macroeconomics [CAN ECON 2]</p> <p>One of the courses should be used to meet GE-Breadth Area D2 or IGETC Area 4B.</p>	<p>3 units</p>
<p>(4) Complete the following courses:</p> <p>Financial Accounting [CAN BUS 2]</p> <p>Managerial Accounting [CAN BUS 4]</p> <p>Business Information Systems [CAN BUS 6]</p>	<p>9 units</p>
<p>Total Semester Units Required for Statewide LDTP Pattern</p>	<p>48 Units (GE-Breadth) 52 Units (IGETC)</p>

LOWER-DIVISION TRANSFER PATTERN
San Diego State University Campus-Specific Pattern

In addition to the statewide pattern, the following is the San Diego State campus-specific pattern:

Campus-Specific Pattern	Semester Unit Requirement
<p>(1) If not taken as part of the statewide pattern, complete the following with a minimum grade of “C” or higher:</p> <ul style="list-style-type: none"> • A course that articulates with [SDSU FIN 240], Legal Environment of Business - Business legal system, sources of law, social and ethical influences, judicial and administrative systems, contracts, torts, bankruptcy, agency, business organizations, securities regulation, regulation of property, and protection of intellectual property interests. and • A course that articulates with [SDSU MATH 120], Business Calculus - Matrix algebra. Calculus including differentiation and integration. Graphing and optimization. Exponential and logarithmic functions. Multi-variable calculus. or A course that articulates with [MATH 150], Calculus - Algebraic and transcendental functions. Continuity and limits. The derivative and its applications. The integral and the fundamental theorem of calculus. and • A course that articulates with [SDSU ECON 201], Probability & Statistics (Statistical Methods) - Introduction to descriptive statistics, statistical inference, regression and correlation. or A course that articulates with [SDSU STAT 119], Elementary Statistics for Business - Measures of central tendency and variability, frequency distributions; probability, Bayes theorem, probability distributions (including binomial, hypergeometric, and normal), sampling distributions, confidence intervals, significance testing, regression and correlation. and • A course that articulates with [SDSU IDS 290], Business Communications - Effective communication applied to business letters, memos, and long reports. Includes the organization, writing, and presentation of business documents using word processing software. Incorporates basic principles of speaking effectively for business. 	<p>12 units</p>
<p><u>IMPACTION CRITERIA</u></p> <p>(2) All Business majors at SDSU are impacted. Students must complete the following impaction criteria:</p> <p>a. Complete the following courses with a grade of “C” or higher:</p> <ul style="list-style-type: none"> • A course that articulates with [SDSU ACCTG 201], Financial Accounting Fundamentals - Theory and practice of accounting applicable to recording, summarizing, and reporting of business transactions for external reporting and other external uses. Asset valuation; revenue and expense recognition; various asset, liability, and capital accounts. and A course that articulates with [SDSU ACCTG 202], Managerial Accounting Fundamentals - Selection and analysis of accounting information for internal use by managers. Using financial information for planning and control purposes. and 	

<ul style="list-style-type: none"> • A course that articulates with [SDSU FIN 240], Legal Environment of Business - Business legal system, sources of law, social and ethical influences, judicial and administrative systems, contracts, torts, bankruptcy, agency, business organizations, securities regulation, regulation of property, and protection of intellectual property interests. and A course that articulates with [SDSU IDS 180], Principles of Information Systems - Applications of computerized systems in business organizations. Basic concepts of computer organization, data processing systems, decision support systems and systems analysis. Solving business problems through use of spreadsheet software. and A course that articulates with [SDSU IDS 290], Business Communication (290 is not required for the Accounting major) - Effective communication applied to business letters, memos, and long reports. Includes the organization, writing, and presentation of business documents using word processing software. Incorporates basic principles of speaking effectively for business. and • A course that articulates with [SDSU ECON 101], Principles of Economics - Principles of economic analysis, economic institutions, and issues of public policy. Emphasis on macroanalysis including national income analysis, money and banking, business cycles, and economic stabilization. and A course that articulates with [SDSU ECON 102], Principles of Economics - Principles of economic analysis, economic institutions, and issues of public policy. Emphasis on direction of production, allocation of resources, and distribution of income, through the price system (microanalysis); and international economics. and • A course that articulates with [SDSU MATH 120], Calculus for Business Analysis - Matrix algebra. Calculus including differentiation and integration. Graphing and optimization. Exponential and logarithmic functions. Multi-variable calculus. or A course that articulates with [SDSU MATH 150], Calculus I - Algebraic and transcendental functions. Continuity and limits. The derivative and its applications. The integral and the fundamental theorem of calculus. and • A course that articulates with [SDSU ECON 201], Statistical Methods - Introduction to descriptive statistics, statistical inference, regression and correlation. or A course that articulates with [SDSU STAT 119], Elementary Statistics for Business - Measures of central tendency and variability, frequency distributions; probability, Bayes theorem, probability distributions (including binomial, hypergeometric, and normal), sampling distributions, confidence intervals, significance testing, regression and correlation. <p>b. These courses cannot be taken for credit/no credit (Cr/NC) c. Students must have a cumulative GPA of 2.9</p>	
<p>(3) Complete additional coursework, if necessary, to bring total to 60 transferable semester units.</p>	
<p>Total Semester Units Required for San Diego State University</p>	<p>12 units</p>
