BOARD OF TRUSTEES

California State University 2002/03 Support Budget

Presentation By

Richard P. West
Executive Vice Chancellor
and Chief Financial Officer

Summary

The purpose of the item is to present the 2002/03 Support Budget for approval. There are two parts to this item. The first part addresses the usual state appropriated support budget for 2002/03 and the second part deals with the lottery revenue-funded portion of the yearly operating budget.

Recommended Action

Approval by roll call vote of the two resolutions proposed.

State Appropriated 2002/03 Support Budget

The Board of Trustees reviewed a draft of the chancellor's recommended state support budget for 2002/03 at the September Board of Trustees' meeting.. The support budget recommends a 9.2 percent increase over the adjusted 2001/02 current year appropriation, \$245,383,000. With the addition of \$23,743,000 in State University Fee Revenue projected as a result of new and year round operations (YRO) enrollment growth, the total increase in revenue for 2002/03 is projected to be \$269,126,000.

2002/03 Lottery Revenue Budget

Over the past several years, CSU Lottery revenue receipts have been strong. However, in light of projected softness in the state's economy and growing uncertainty over the level of CSU support budget appropriations, a more conservative estimate of revenue is prudent as the CSU plans for fiscal year 2002/03. The Lottery revenue that will be allocated to the California State University in 2002/03 is estimated to be \$42.8 million. After providing for a \$5 million systemwide reserve, the amount available for allocation is \$37.8 million. The \$5 million reserve is used to provide initial campus allocations at the beginning of the fiscal year and to assist with cash-flow variations due to fluctuations in quarterly lottery receipts and other economic uncertainties.

The lottery budget proposed for fiscal year 2002/03 is as follows:

2002/03 Lottery Revenue Budget		
	2001/02 Adopted Budget	2002/03 Budget
<u>Sources of Funds</u>		
Beginning Balance	\$5,000,000	\$5,000,000
