The annual report on Student Academic Outreach Programs, for the academic year 2008-09, is a comprehensive report that provides information related to academic preparation and outreach programs. The annual report includes, not only information on K-12 outreach activities, but also community college outreach programs. In 2008-09, our campuses provided outreach services to nearly 1.1 million K-14 students. The annual report is available online at http://www.calstate.edu/sas/outreach.shtml.

Our outreach programs and partnerships serve as launching pads from which the California State University is able to create new initiatives. These programs and partnerships allow CSU to identify and meet the ever-changing needs of California’s diverse student population and vital industries.
