A Message from the Chancellor’s Office  
Beverly Young, Assistant Vice Chancellor, Academic Affairs

I’d like to congratulate the leadership of the Center for the Advancement of Reading for an excellent conference in San Diego. Our keynote speaker was outstanding, and the innovative idea to hold our meeting jointly with ACSA was seen as very successful by both groups. I hope this is an idea we can repeat in the future, and I extend my thanks to Nancy, Hallie, and all of our Board members for making it all work so well.

As I’m sure you are well aware, this is a very tough budget year for the CSU and all of education in California. We plan to continue the important work that CAR is doing across the CSU, and we appreciate your understanding as we try to do this all on a slim budget.

I wish you all a happy holiday season and hope that 2009 is a wonderful year for you!

News from the CAR Directors
Nancy Brynelson (nbrynelson@calstate.edu)  
Hallie Yopp Slowik (hyopp@fullerton.edu)

The Faculty Council of Representatives convened its Fall 2008 meeting in San Diego on November 6. Representatives for most of the 22 CSU campuses that have Teacher preparation programs and CalStateTEACH were in attendance.

Among the items on a very full agenda were the following topics:

- the recently adopted Multiple Subject and Single Subject reading standards [Standards 7A/B & 8B(d)] and implications for teacher education programs
- the recently adopted RICA content specifications and the progress of the development of an updated test
- the status of the development of new Reading and Language Arts Certificate and Specialist Credential standards
- reading/language arts instructional materials adoption and professional development
- the status of the development of the preschool framework
In addition, the Council discussed the updated CAR Web site (www.calstate.edu/car) and the new quarterly newsletter and brochure.

The next meeting of the CAR Council will be on March 6 at the CSU Chancellor’s Office in Long Beach.

CSU Fall 2008 Reading Conference Highlights

The 7th annual conference of the CSU Center for the Advancement of Reading was held on November 7th in San Diego. The conference co-occurred with the Leadership Summit of the Association of California School Administrators (ACSA). CAR gratefully acknowledges the time and efforts of Advisory Board member, Dr. Linda Wisher, who facilitated the collaboration. We also wish to acknowledge ACSA for its financial support, as that organization covered the cost of the presentation rooms.

We appreciated the opportunity to interact with our ASCA colleagues and were very pleased with the numbers of ACSA members who participated in CAR sessions. Furthermore, CSU reading faculty and our public school partners were appreciative of the opportunity to participate in ACSA sessions.

Feedback indicates that participants very much enjoyed the keynote speaker, Dr. Maryanne Wolf, professor at Tufts University, who discussed the influence of the invention of reading on the brain. Her speech was informative and entertaining. Her book, Proust and the Squid: The Story and Science of the Reading Brain, was provided by CAR to all attendees at no cost. We extend a special thanks to Dr. Douglas Fisher for arranging to have her with us.

Small group sessions were conducted by Dr. Douglas Fisher, Dr. Nancy Frey, Ms. Nancy Brynelson, Ms. Terri Clark, Dr. Thomas Adams, Dr. Shira Lubliner, Dr. Zulmara Cline, and Dr. Kim Flachmann. They provided participants with information about reading research and pedagogy and with updates about state policies and legislation. Participants indicated that they found the sessions very worthwhile. CAR gratefully extends its thanks to all the speakers for sharing their time and expertise.

We welcome any suggestions for topics and speakers for next year’s conference. Please contact either Dr. Hallie Yopp Slowik (hyopp@fullerton.edu) or Ms. Nancy Brynelson (nbrynelson@calstate.edu) with your ideas.

Plans for Meeting the New Reading Standards Due in January from Each Teacher Preparation Program

As discussed in the Fall 2008 CAR Quarterly (Click on “CAR Quarterly Newsletter” at www.calstate.edu/car), new teacher preparation standards for reading-language arts were approved by the CTC last spring. In January 2009, each currently approved Multiple Subject, Single Subject, and Education Specialist program must submit a short (2-3 page) plan that describes the revision process and, if needed, changes to program courses and field experiences. The Program Sponsor Alert, which includes background information, the revised standards, and a template for responding to the standards, is available at the following site: http://www.ctc.ca.gov/educator-prep/PS-alerts/PSA-08-02.pdf
Faculty Publications
CSU reading faculty continue to make contributions to the field through publications. Several recently published books and refereed articles by faculty are listed here. Congratulations to the authors!

Please send CAR Co-Director Hallie Yopp Slowik (hyopp@fullerton.edu) the full citations of recent publications by CSU reading faculty.

RLA/ELD Instructional Materials Adopted by State Board
On November 5, 2008, the California State Board of Education adopted materials for K-8 Reading/Language Arts and English Language Development. The types of programs and the number of adopted materials for each type are displayed in the table.

Mission Statement

The CSU Center for the Advancement of Reading, dedicated to excellence in literacy instruction, promotes the preparation of effective teachers and reading specialists in the California State University by:

- Facilitating faculty communication and research;
- Disseminating research and policy information;
- Fostering connections among the CSU literacy faculty,
- P-12 partners, and public education stakeholders; and
- Serving as a forum for the interchange of public and academic interests.

The Center is committed to ensuring that California’s children and adolescents will be capable readers and writers; as such, they will have the greatest chance of becoming successful and productive citizens in today’s changing world.
