

Service Learning Bingo

PRE-SERVICE LEARNING REFLECTION ACTIVITY

I grew up on the east coast	I volunteer in the community.	I have attended a SL workshop/conference	I would like to teach a course integrating SL into the curriculum.
I have never attended a SL conference.	I am excited about service learning.	I like working with youth	I can skip a rock on water.
I like being part of a team	I can fly a kite.	I know two things that help make a good community placement.	I know 2 ways to affect positive communication between a service learning course and community partner.
I can name 2 methods for incorporating reflection into a service learning course.	I can speak another language besides English.	I can identify a way to understand community needs and issues	I know ways that students can demonstrate leadership in service learning.
