

Research Positions Available in State Key Laboratory of Estuarine and Coastal Research, East China Normal University, Shanghai, China

The State Key Laboratory of Estuarine and Coastal Research (SKLEC) at East China Normal University (ECNU), Shanghai, China, is seeking for 20~30 researchers in various levels, in which 10 for professor level, 5~10 for associate professor level and 5~10 for assistant professor level (equivalent to lecturer).

SKLEC, established in 1989, is co-sponsored by Ministry of Science and Technology (MOST) of China and East China Normal University (ECNU). It is the only state key lab in China that specialized in estuarine and coastal studies and applications.

Aiming at land and sea interaction and its environmental effects in estuary and coast areas, SKLEC focuses mainly on the following research directions: (1) Estuarine and coastal sedimentary dynamics and dynamic geomorphology; (2) Biogeochemical process in estuary, coast and offshore; (3) Estuarine and coastal water environment and wetland eco-systems; (4) Sustainable use of estuarine and coastal resources; (5) Impact on estuary, coast and offshore due to global change and the strategic measures. In addition, the laboratory is developing its research capacity in marine sciences.

Applicant should own a PhD and should have research experiences in any of the following fields: physical oceanography, marine chemistry, marine biology, marine geology, physical geography, ecology, environmental science, environmental engineering, port coast and off-shore engineering, hydraulics and river dynamics, hydrology and water resources, cartography and GIS, coastal zone and ocean remote sensing, ICZM, and so on.

Researchers who are interested in working in SKLEC, Shanghai, China, please send your CVs and cover letters with three references to the contact person provided below.

Salaries and benefits are negotiable on individual bases.

This recruiting ad for the first phase is valid till 31 January 2012. More information about SKLEC please browse website: <http://www.sklec.ecnu.edu.cn/>
