## Subject: DIR Notice to Ready Mix Cos. Regarding Electronic Payroll Reporting

### A. News Release No.: 2016-60  Date: June 1, 2016

**DIR Notice to Ready-Mix Companies Regarding Electronic Payroll Reporting**

The Department of Industrial Relations (DIR) advises companies hauling and delivering ready-mix concrete to public works projects that the requirement to submit payroll online to DIR using its electronic certified payroll reporting system is temporarily on hold. However, the requirement to keep certified payroll records (CPRs) has not changed and is still in force.

Only contractors and subcontractors hauling and delivering ready-mix concrete to public works under AB 219 are affected by this notice. Ready-mix companies will not be required to upload certified payroll records online while DIR adjusts its online system to the particular needs of the industry.

DIR protects and improves the health, safety and economic well-being of over 18 million wage earners, and helps their employers comply with state labor laws.

DIR’s Division of Labor Standards Enforcement (DLSE), also known as the Labor Commissioner’s Office, enforces prevailing wage rates and apprenticeship standards in public works projects, inspects workplaces for wage and hour violations, adjudicates wage claims, investigates retaliation complaints, issues licenses and registrations for businesses and educates the public about labor laws.
