

## 2014 CSU Sustainability Policy

IFO 1	The CSU will seek to further integrate sustainability into the academic curriculum.
IFO 2	The CSU will develop employee and student workforce skills in the green jobs industry, promote the development of sustainable products and services, and foster economic development.
IFO 3	The CSU will pursue sustainable practices in all areas of the university including business operations and self-funded entities.
<b>GOAL 1 and 2 Energy Independence and Climate Action Planning</b>	
FO 1.1	Reduce GHG emissions to 1990 levels by 2020
FO 1.2	Reduce GHG emissions to 80% below 1990 levels by 2040 (Ca AB32 says by 2050)
FO 1.3	Promote the use of alternative transportation and/or alternative fuels.
FO 2.1	Increase on-site generation from 44MW to 80 MW by 2020
FO 2.2	33% Renewables by 2020
<b>GOAL 3 Energy Conservation and Utility Management</b>	
FO 3.1	Operate all CSU buildings/facilities in the most energy efficient manner possible.
FO 3.2	Identify energy efficiency improvement measures to the greatest extent possible.
FO 3.3	Cooperate with all federal, state and local governments to accomplish energy conservation and utilities management objectives and inform /create awareness to entire campus community.
FO 3.5	Monitor monthly energy and utilities usage and provide the Chancellor's Office the necessary data.
FO 3.6	Develop and maintain a campuswide integrated strategic energy resource plan.
<b>GOAL 4 Water Conservation (against 2013 baseline)</b>	
FO 4.1	Reduce 10% by 2016 and reduce 20% by 2020. Use recycled/reclaim water where possible
<b>GOAL 5 Waste Management</b>	
FO 5.1	Reduce per capita landfill 50% by 2016
FO 5.2	Reduce hazardous waste to the extent possible.
<b>GOAL 6 Procurement</b>	
FO 6.1	Promote use of environmentally preferred vendors. Use recycled/reusable/refillable products
FO 6.2	Move toward Zero Waste. Reduce or use recycled packaging. Participate in CalRecycle "Buy Recycled" Program
FO 6.3	Report on all recycled content product categories and improve tracking and reporting procedures.
<b>GOAL 7 Food Service</b>	
FO 7.1	Purchase 20% "sustainable" food by 2020 (local, organic, free trade). Follow Real Food Challenge guidelines
FO 7.2	Create public awareness and training on sustainable food service operations for campus community.
<b>GOAL 8 Sustainable Building Practices</b>	
FO 8.1	Design all future and current building projects to consider energy efficient and sustainability.
FO 8.3	Design and build all new buildings to meet or exceed LEED "Silver."
<b>GOAL 9 Physical Plant Management</b>	
FO 9.1	Operate and maintain a comprehensive energy management system that will provide centralized reporting and control.
FO 9.2	Consolidate academic and non-academic, if possible, to achieve highest building utilization.
