Executive Order No.: 622
Title: Health Insurance Coverage for F-1 and J-1 Visa Students
Effective Date: August 1, 1995
Supersedes: No Prior Executive Order

This Executive Order is issued pursuant to Board of Trustees' Resolution REP 07-93-05 and Sections 1 and 2 of the Standing Orders of the Board of Trustees of the California State University.

As a condition to issuing an I-20 form or an IAP-66 form, campuses shall obtain from all F-1 and J-1 visa applicants their agreement to obtain and maintain insurance coverage for health, medical evacuation, and repatriation during their period of enrollment in the California State University in amounts at least equal to those specified by the United States Information Agency (USIA) and NAFSA: Association of International Educators. Campuses shall inform such applicants at the time of the I-20 or IAP-66 review that evidence of adequate coverage will be required as a condition of registration and continued enrollment. Campuses shall furnish applicants information on where insurance acceptable to the campus may be obtained. Campuses shall ensure compliance with this agreement at the time of registration by requiring certificates of insurance or other evidence of coverage from the F-1 and J-1 visa recipient as a condition of registration.

F-1 and J-1 students subject to this requirement are strongly encouraged to purchase and/or provide adequate coverage for health, medical evacuation and repatriation benefits for their dependents while in the United States.

The campus President or designee shall determine which insurance policies meet the provisions of this Executive Order and shall establish procedures for satisfaction of, and monitoring compliance with, this requirement.

Barry Munitz, Chancellor
