1. Chair Cherny convened the Committee at 10:40 a.m. on July 13th. Present were Executive Committee members Cherny, Cook, Hood, Kegley, and Snyder, Committee Chairs Cates, Jensen, Thobaben, and Thompson, and Faculty Trustee Goldwhite (Sunday only), and guests Hammerstrom (Sunday morning) and Spence (Monday afternoon).

2. **Gary Hammerstrom**

   Associate Vice Chancellor Hammerstrom reported on Sacramento budget negotiations and their probable outlook.

   It is possible that there will be $100-150 million in additional reductions, resulting, possibly, in reduced spring admissions.

   CMS projects on campuses that have not yet begun the implementation will be postponed.

   Presidents are being encouraged to involve faculty in budget reduction strategies as much as possible.

   For the December retreat, the Chancellor’s Office will pay for six representatives and campuses may bring up to 12. Campuses are being encouraged to include as many department chairs as possible.

   In light of Associate Vice Chancellor Hammerstrom’s impending retirement, Academic Affairs will appoint a conference coordinator to assist with the conference.

3. **Chair’s Report**

   Chair Cherny reported on a series of meetings:

   - CCTC Open Meeting public comment on Standard Six.
   - Jeff Frost—discussed SB 81 on Teacher Preparation and the complex issues therein.
   - Meetings on July 8th about SB 81.

   We need to work on our legislative strategy as well as on understanding the protocols of dealing with legislators and lobbyists.

   We need to watch the titles of our resolutions inasmuch as these affect legislators.
Office Status:

Margaret is the lead person for the office and contacts should go through Margaret for the time being.

Lower Division Core Alignment Projects

Working well; there will be a common grid to show requirements.

Who will be the steering committee?

4. **ITP Task Force**

Second draft of the framework is nearly completed; will be ready for the September plenary.

5. **ICAS**

Accountability Framework needs watching.

Will follow Master Plan bills as they work through the legislature.

IMPAC—watch this issue as it relates to our core projects

6. **Discussion of Standing Committees**

There was a lengthy discussion of committee memberships.

We will work to create a list of all committees, membership structures, and charges.

7. **Plenary Guests**

We will invite John Travis to address every plenary session at a time certain.

We agreed to send a standing invitation to Chancellor Reed for every meeting.

8. **Goals**

The Executive Committee discussed the following goal areas and the Senate’s roles therein:

- Budget, including a project to develop a report on “Investing in the Faculty.”
- Search policies for major CSU administrators
- Legislation and the legislative process
- Teacher Education
9. Agenda Setting

Budget, Enrollment, and, if necessary, Program Discontinuance need transparency and faculty involvement.

Need to publicize decisions as early as possible.

Need faculty involvement in budget decisions, particularly the $150 Million potential extra reductions.

Title 5 Language—we need to work on this before it reaches the agenda level.

Fee increases and enrollment reductions: cite Senate’s earlier resolutions.

Should there be a press release on Hammerstrom’s retirement and to publicize budget cuts in CO?

   We may need to cancel some meetings.

14. **David Spence**

   Title 5 Language and how to consult the Senate on this before it gets to the Trustees.

   Academic Affairs Liaison(s)–Spence doesn’t yet know how this will work.

   Additional Budget Cuts–how the Senate can be involved and consulted

   Fee Policy–Spence will get the Senate involved.

   Sacramento Relations:

   Senate role evolved over time; CSU wants Senate participation. David agrees to work with the Senate to develop process and trust.

   We need to be consulted when the CSU is developing legislative language and legislative positions.

   Accountability Framework, which might lead to legislation

   Spence takes responsibility for consulting with the Senate

   Quality indicators missing from the proposal.

   We should take the ITP framework to the legislature, but broaden the topic to general articulation. Aim is to forestall legislation.

   Early assessment is a C.O. goal.

   Letters will be sent to campuses about Cornerstones and accountability.
15. Communication with the Full Faculty
