Subject: Educational Opportunity Program -
Executive Order No. 83

The attached Executive Order No. 83 approves the Educational Opportunity Program for each State College, except Humboldt and Bakersfield, for the period beginning November 10, 1969, and ending November 24, 1969.

Executive Order No. 83 also designates each State College with an approved EOP Program as a state agency for the purpose of nominating students.

I wish to make absolutely clear that I have issued this Executive Order in order to protect those deserving students in your respective EOP Programs who would have been dismissed from the program had I not taken such action.

I therefore direct you (1) to make certain that you at this time do not nominate any students who do not deserve to participate in your EOP Program, and (2) thoroughly screen your list of nominees by November 24 so that you can inform me of any other students who should not be continued in the program.

The purpose of notifying me by the 24th is so that the Trustees can ratify a list of nominees that has been approved by each State College President.

Pursuant to the resolution of the Board of Trustees just cited, these designations and approvals are limited to the period beginning November 10, 1969, through and including November 25, 1969.

1. The Educational Opportunity Program respectively submitted by each of the California State colleges, other than Humboldt State College and California State College, Bakersfield (which two State Colleges did not submit programs) is hereby approved.
