Line three of the paragraph numbered 6 of Executive Order No. 86 contains a typographical error. The reference should be to the "Transitional Disciplinary Procedures which are the subject of Executive Order No. 81." Please correct your copies of Executive Order No. 86. When reproducing the Executive Order for campus use, please substitute the word Disciplinary for Grievance.

Transitional Disciplinary Action Procedures
For Academic Personnel - Change from Optional to Required

Executive Order No. 86

This Executive Order is issued pursuant to, and to implement Sections 42701 and 43520 through 43526 of Title 5 of the California Administrative Code, the resolution of the Board of Trustees of the California State Colleges of February 26, 1969, establishing a policy for Disciplinary Action Procedures for Academic Personnel, and Sections 1 and 2 of Chapter III of the Standing Orders of the Board of Trustees. It supplements Executive Orders Nos. 67, dated April 4, 1969, and 81, dated October 9, 1969.

1. Until such time as the Disciplinary Action Procedures for Academic Personnel (hereinafter referred to as "Procedures"), as approved by the Board of Trustees on February 26, 1969, have been fully implemented at a California State College pursuant to Executive Order No. 67, the Transitional Disciplinary Procedures which were the subject of Executive Order No. 81 shall apply to that State College. Unless earlier adopted by the president of that State College, such application shall be effective February 1, 1970.

2. Disciplinary action procedures previously in effect at a State College where the Transitional Disciplinary Procedures are made applicable shall no longer apply at that State College, except as the president of the college may elect to continue their use in disciplinary actions already initiated pursuant to those prior procedures.
3. Applicability of the Transitional Disciplinary Procedures shall not provide a basis for reopening of disciplinary actions previously settled.

4. At such time as the Procedures are implemented by the president of a State College, the Transitional Disciplinary Procedures shall no longer apply at that college except as to disciplinary actions initiated prior to the date of such implementation.

5. This Executive Order is being issued to facilitate the making available to all academic personnel the benefits sought to be conferred on them by the Board of Trustees in adopting the Procedures, upon which the Transitional Disciplinary Action Procedures are modeled. The Transitional Disciplinary Action Procedures have been adopted, with minor changes, from ones developed by a California State College. They have been reviewed by both the Offices of General Counsel and Faculty and Staff Affairs and completely comply with Board policy.

6. At those colleges to which this Executive Order applies, a copy of this Executive Order and of the Transitional Grievance Procedures which are the subject of Executive Order No. 81 shall be published in a college handbook distributed at the normal time and in the normal manner to each faculty member at each California State College, or shall be distributed in any other standard way in which college regulations are made available.
