This Executive Order is issued pursuant to Chapter III, Section 6, Subdivision (b.) of the Standing Orders of the Board of Trustees.

Effective immediately upon execution of this Executive Order, the temporary freeze on the granting of foreign student tuition waivers, issued July 8, 1970, is rescinded. With the exception of those waivers granted prior to July 8, and those granted under the provisions of Executive Order No. 5, all foreign student tuition waivers, both graduate and undergraduate, for the Fall term 1970 and thereafter, shall be granted in accordance with the following regulations:

1. Authority to authorize such waivers shall be vested in the State College President or his designee.

2. Waivers shall be based on a combination of demonstrated financial need, prior scholastic achievement, and exceptional scholastic ability.

3. Determination of financial need shall be made by the college financial aid office.

4. Prior scholastic achievement shall be demonstrated by factors such as prior grade point average, special scholastic honors, and total units earned toward degree objectives.

5. Exceptional scholastic ability shall be demonstrated by factors such as scores on standardized tests, appropriate letters of reference and prior scholastic performance.

6. No student shall receive a waiver in excess of 80% of foreign student tuition.

7. Total dollar amount of waivers authorized at this point for academic year 1970-71 shall be within the limits stated in Attachment A. These dollar limits include the waivers granted prior to July 8 and those granted under the provisions of Executive Order No. 5. Most colleges can anticipate additional waiver allocations no later than December 1, 1970, depending upon actual foreign student enrollment and college waiver allocations.
8. In accordance with Education Code Section 23754.2, undergraduate waivers shall be granted only to those students enrolled in at least 10 semester units (or the quarter system equivalent). The number of such students shall not exceed 7-1/2% of total California State Colleges enrolled undergraduate foreign students. The maximum number of undergraduate students that can receive such waivers is stated in Attachment A.

9. In accordance with Education Code Section 23754.3, graduate waivers shall be granted only to those students employed 20 hours per week or more by a state college (but less than full-time) OR enrolled in not less than 10 semester or 10 quarter units. The number of such students shall not exceed 25% of the total California State Colleges enrolled nonresident graduate students (which includes non-foreign graduates as well as foreign graduates). The maximum number of graduate students that can be granted such waivers is stated in Attachment A. Please note that while this maximum waiver restriction must be expressed in terms of both domestic and foreign nonresident graduate students, the dollar waiver allocation is for foreign students only.

10. For tuition waiver purposes, a foreign student is defined as a nonresident who is a citizen and resident of a foreign country.
