Subject: Nonresident Tuition - Executive Order Number 136

Chapter 680 of the 1971 Legislature sponsored by the Board of Trustees of the California State Colleges was signed by the Governor on August 24, 1971, and is effective immediately. Deferred payment of nonresident tuition is now permissible in certain cases for nonresidents who are citizens and residents of a foreign country. On behalf of the Chancellor, I hereby transmit Executive Order No. 136 which delegates to the State College Presidents the authority to grant such foreign student tuition deferrals pursuant to Education Code Section 23754.4. Deferrals may be granted to the same group of foreign students covered by the Board's resolution of November, 1970.

This Statute also altered the waiver provisions contained in Education Code Section 23754(b) as implemented by Chancellor's Executive Order No. 5, 1965. This legislation has eliminated the mandatory nature of such waivers. With the exception of those tuition waivers granted under the provisions of Executive Order No. 5 prior to this date, all such waivers are eliminated except as provided in this Executive Order, and Executive Orders No. 5 and 107 are superseded. The elimination of all other tuition waivers is continued in effect, as stated in my memorandum of July 23, 1971.

The Office of Student Affairs should be contacted should there be any question regarding the interpretation of this Executive Order.

This Executive Order is issued pursuant to Chapter III, Section 6(b) of the Standing Orders of the Board of Trustees of the California State Colleges:

I. Deferral of Tuition

Effective immediately upon execution of this Executive Order, the authority to defer tuition payments of nonresident students who are citizens and residents of a foreign country is delegated to each State College President or his designee.

Pursuant to Education Code Section 23754.4, the collection of tuition charged such students may be deferred if the following have been met:

A. The amount deferred may not exceed the amount of tuition required which is in excess of an annual rate of six hundred dollars ($600) per academic year.

For purposes of defining "an annual rate of six hundred dollars ($600) per academic year" the following schedule states the calculation of deferral amounts:

<table>

<tr>
<th>SEMESTER</th>
<th>QUARTER</th>
</tr>

<tbody>
<tr>
<td>$600 Rate</td>
<td>$1110 Rate</td>
</tr>

<td>$370</td>
</tr>
<tr>

<td>$170</td>
</tr>
</tbody>
</table>

B. No payment may be deferred beyond a date 30 days prior to the end of the academic term for which it is due, and payment of the deferred amount shall be a condition to the student's completion of that academic term.

C. In order to qualify for the deferment, a student must:

1. Have been enrolled in the California State Colleges during the fall term of the 1970-71 college year, or
II. Payment of Nonresident Tuition by Certain Foreign Students

Effective immediately upon execution of this Executive Order, Executive Order No. 107 is rescinded and Executive Order No. 5 is superseded except as to waivers pursuant to Executive Order No. 5 which have been granted prior to this date. Henceforth, any waivers granted pursuant to Education Code Section 23754(b) will be given effect if the agreement includes a financial commitment to the college which is equal to the nonresident tuition of the student, or funds other than state funds are made available to meet the cost of the tuition. Pursuant to Education Code Section 23754(b) certain tuition waiver agreements may be granted for certain foreign students. In order to qualify for such an agreement, a student must fulfill the following prerequisites:

A. Be a citizen and resident of a foreign country and not a citizen of the United States;

B. Be in attendance at a State college pursuant to an agreement:

1. Entered into by either governmental agency or nonprofit corporation or association; and

2. A similar agency, corporation or association, which is domiciled or organized under the laws of the student's country or residence;

3. Where a principal purpose of the agreement is to encourage the exchange of students with a view of enhancing international good will and understanding.

C. Be able to demonstrate financial need constituting financial hardship, as determined by the college financial aid office, and scholastic ability;
D. Performance criteria for agreement renewal shall take into consideration the following:

1. An annual determination of financial need by the college financial aid office.
2. Continuous full-time attendance.
3. Good standing as determined by the college.
