Subject: Nonresident Tuition - Executive Order No. 475

I am transmitting to you a copy of Executive Order No. 475 which establishes the nonresident tuition fee commencing with the Fall 1986 term.

This Executive Order continues the policy initially established in Executive Order No. 361 that there is no maximum fee per term since the total fee paid will be determined by the number of units taken per term, including those in excess of fifteen. You will note that although the executive order is effective immediately, the rate of tuition established by the executive order applies to academic terms commencing with the Fall 1986 term.

It is your responsibility as President to implement Executive Order No. 475 where applicable and to maintain the campus repository and index for all Executive Orders.
