MEMORANDUM

To:       CSU Presidents
From:     Charles B. Reed
           Chancellor

Subject:  Executive Order 340 superceded by Executive Order No. 774.

In response to many technical changes to the federal regulations concerning affirmative action plan compliance requirements, Executive Order 340 has been superceded by the enclosed Executive Order 774.

The new executive order reaffirms the University’s commitment to maintain, consistent with all applicable federal and state laws and Trustee policy, an equitable set of employment practices and procedures prohibiting discrimination. The detailed affirmative action plan requirements formerly contained in Executive Order 340 will then be issued to the campuses annually via technical letters. This approach is taken by many institutions of higher education, including the University of California, and has been well received by our campuses. In this manner, we can deliver the most up-to-date advice quickly and efficiently rather than having to revise an executive order.

In accordance with policy of The California State University, the campus president has the responsibility for implementing Executive Orders where applicable and for maintaining the campus repository and index for Executive Orders.
