Director
Diversity Programs

Subject: 1995 Federal Contractor Veterans’ Employment Report (VETS-100)

In accordance with federal regulations, information must be collected on employees in regard to veteran and disabled status. Each campus must report the number of “special disabled” and Vietnam era veterans by job categories, the total number of new employees hired during the previous 12 months and the number of “special disabled” and Vietnam era veterans hired during that time. The VETS-100 report is to cover a 12-month period with the ending date between January and March 31 of the year the report is due. The report must be filed by MARCH 31 of the reporting year.

Enclosed you will find the reporting documents from the United States Department of Labor for the 1995 Federal Contractor Veteran’s Employment Report (VETS-100 Report). Attachment A presents the federal rules and regulations regarding VETS-100. A copy of instructions and reporting documents are presented in Attachment B. Please complete the report and return the originals to the United States Department of Labor and submit a copy to the Chancellor’s Office. We apologize for the short turn around, but the timing reflects when we received the material from the federal government.

If you have additional questions, please call me at (310) 985-2659 or Laurie Faure at (310) 986-2667.
