Subject: 2000 Federal Contractor Veterans’ Employment Report (VETS-100)

In accordance with federal regulations information must be collected on employees in regard to veteran and disabled status yearly. As you may recall, federal legislation recently introduced changes to VETS-100 reporting by requiring that contractors/subcontractors report the number of “other eligible veterans” and the minimum/maximum number of individuals employed during the period covered by the report. Please note that the reporting of these new items is still optional for the VETS-100 Report due this year. However, campuses will need to track this information for future reporting periods.

Enclosed you will find the following documents from the United States Department of Labor for the Federal Contractor Veteran’s Employment Report: Letter to VETS-100 Users; the VETS-100 Reporting form; Instructions For Completing The Vets-100 Form; Criteria Identifying Other Eligible Veterans; and VETS-100 Frequently Asked Questions.

The VETS-100 reporting cycle is the 12-month period beginning July 1 and ending August 31, with a report filing deadline of September 30. Please complete the enclosed VETS-100 report and return the original to Karen Henderson-Winge at the Chancellor’s Office no later than September 23, 2000. We apologize for the short turn around, but this timing reflects the date we received the material from the federal government.

If you have additional questions, please call me at (562) 951-4427 or e-mail khwingecalstate.edu. You may also direct questions to: the VETS-100 web site at http://vets100.cudenver.edu/, VETS 100 e-mail at helpdesk@vets.100.com, or the VETS-100 help line at (703) 461-2460.

July 21, 2000

Dear Federal Contractor/Subcontractor:

This letter and enclosed material provide information about your 2000 VETS-100 Report. As indicated in the information provided to support the 1999 VETS-100 reporting cycle, federal legislation has introduced changes that affect VETS-100 reporting. The Veterans Employment Opportunities Act (VEOA), Public Law 105-339, added new reporting requirements for the VETS-100 Report. The new reporting requirements are:

(1) Other Veterans, which means veterans who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized and, (2) the maximum number and minimum number of employees of the contractor or subcontractor during the period covered by the report. Since the Department of Labor's Regulations are currently under revision to reflect these changes, and since some companies may incur an undue reporting burden if required to report these items for 2000, the reporting of these items is optional for the VETS-100 Report that is due September 30, 2000.

Any federal contractor or subcontractor receiving an award of $25,000 or more is required to submit a VETS-100 Report. The legislation imposes sanctions on contractors and subcontractors that are required to submit a VETS-100 Report but fail to do so. Federal agencies now are prohibited from awarding contracts or disbursing funds to federal contractors or subcontractors that are required to report but have not done so.

To minimize the reporting burden, the Department of Labor has made available several reporting options. Organizations submitting VETS-100 Reports for 2000 now can choose from among:

- Direct entry of information on the VETS-100 web-site;
- Submission of an electronic file on a diskette; and
- Submission of the VETS-100 Report in hard copy form.

The web site is appropriate for single establishments and for other organizations that prepare and submit a relatively small number of forms. Some organizations have submitted a relatively large number of forms and have done so by distributing the forms for completion at dispersed locations. These organizations also may find that direct entry of information on the web site from the dispersed locations offers significant advantages. The address for the web site for 2000 is http://vets100.cudenver.edu. A set of tips to assist web filers is included as the last page of the enclosure addressing the criteria identifying Other Veterans. If you have further questions about web filing, please e-mail to web@vets100.com.

Organizations that submit a relatively large number of computer generated forms and organizations that previously submitted an electronic file are likely to find that electronic filing via diskette is most suitable. For the 2001 reporting cycle, it is likely that revised regulations will require organizations submitting computer output for ten or more locations to submit that output in the form of an electronic file rather than in hard copy printout form. If you would like to receive detailed instructions and file specifications for submitting an electronic file on a diskette, please e-mail to diskfile@vets100.com.
Enclosed with this letter is a copy of the 2000 VETS-100 Report form. (The new items that will be required for the 2001 reporting cycle but are optional for the 2000 reporting cycle appear lightly shaded.) The form now includes space to identify the type of contractor and the type of form. Specific instructions for these two items are provided on the reverse of the form. Also, for the twelve month reporting period, only the ending date is required. Your company number appears on the enclosed pre-identified form. If you are a first time filer, and have not been assigned a company number, you must obtain a company number in order to file. You can obtain a company number by sending an e-mail to newcompany@vets100.com, or by calling the telephone help line, listed below.

For 2000, reporting on the Other Veterans group still is optional. Veterans qualify for inclusion in this new category based upon their participation in specific military campaigns and expeditions. Enclosed is a listing of the qualifying military events that establish the criteria for identifying Other Veterans. For the 2001 reporting cycle, it is expected that reporting on the Other Veterans group will be mandatory.

The VETS-100 Report is part of the Federal Contractor Program (FCP). This program maintains a homepage at http://www.dol.gov/dol/vets/public/programs/fact/vet97-5.htm. SIC code information can be obtained at http://www.ecrc.camp.org/sic.html or 1-800-991-3272. If you don’t know your DUNS number, it can be obtained by calling 1-800-333-0505 and mentioning that you’re a federal contractor/subcontractor. If you are a prime contractor, please provide all the enclosed information to your subcontractors (except for your pre-identified form). If you would like to receive all the documents in this packet in electronic form, please e-mail to documents@vets100.com or call 703-461-2460.

Please submit all VETS-100 Reports for 2000, no later than September 30, 2000, to:

U.S. Department of Labor
Veterans Employment and Training Service
VETS-100 Reporting
6101 Stevenson Avenue
Alexandria, VA 22304-3540

If you have questions, please contact us by e-mail, if at all possible. This will speed our ability to respond to you. Our general e-mail address is helpdesk@vets100.com. When contacting us by e-mail, please include your company name, your company number (if known), and your telephone number. You also may contact our telephone help line at 703-461-2460. If you do so, please leave the information listed above.

Sincerely,

Norm Lance
Program Manager

Report the total maximum and minimum number of regular employees on board during the period covered by this report.

Maximum Number
Minimum Number
FEDERAL CONTRACTOR VETERANS' EMPLOYMENT REPORT (VETS-100)

WHO MUST FILE

The VETS-100 report is to be completed by all non-exempt federal contractors and subcontractors with contracts or subcontracts for furnishing supplies or services or the use of real or personal property for $25,000 or more. Services include but are not limited to the following: utility, construction, transportation, research, insurance, and fund depository. Regardless of whether the government is the purchaser or seller. The existence of $25,000 or more in federal contracts or subcontracts during a given calendar year establishes the requirement to file a VETS-100 Report during the following calendar year.

WHEN TO FILE

This annual report must be filed no later than September 30. Mail to the address pre-printed on the face of the form.

LEGAL BASIS FOR REPORTING REQUIREMENTS

Title 38, United States Code, Section 4212(d) and PL 105-339, require that federal contractors report at least annually the numbers of: 1) special disabled veterans; 2) veterans of the Vietnam era, and 3) other veterans who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized who are in their workforce. Reporting is required by hiring location and includes both the number employed and the number of new hires, within the three categories listed above. The number of veterans employed within these categories is to be broken out by job category and maximum and minimum total employment is to be reported as well.

HOW TO SUBMIT THE VETS-100 REPORTS

Single-establishment employers must file one completed form. All multi-establishment employers, i.e., those doing business at more than one hiring location, must file (A) one form per hiring location or headquarters office, or (B) a separate form for each hiring location employing 50 or more persons, and (C) either, a separate form for each hiring location employing fewer than 50 persons, or (D) consolidated reports that cover hiring locations within one State that have fewer than 50 employees. Each state consolidated report must also list the name and address of the hiring locations covered by the report. Consolidated reports such as those required by EEO-1 reporting procedures are NOT required for the VETS-100 report. Completed reports for the headquarters location and all other hiring locations for each company should be mailed in one package to the address indicated on the front of the form.

RECORD KEEPING

Employers must keep copies of the completed annual VETS-100 report submitted to DOL, for a period of two years.

HOW TO PREPARE THE FORMS

As a VETS-100 only has one copy of the VETS-100 Report to file at its headquarters location, multi-establishment employers submitting hard copy reports should produce facsimile copies of the headquarters form for reporting data on each location.

Type of Contract:
Indicate the type of contractual relationship (prime contractor or subcontractor) that the organization has with the Federal Government. If the organization serves as both a prime contractor and a subcontractor on various federal contracts, check both boxes.

Type of Form:
If a reporting organization submits only one VETS-100 Report form for a single location, check the Single Establishment box. If the reporting organization submits more than one form, only one form should be checked as Multiple Establishment-Headquarters. The remaining forms should be checked as either Multiple Establishment Hiring Location or Multiple Establishment-State Consolidated.

For state consolidated forms, the number of hiring locations included in that report should be entered in the space provided. For each form, only one box should be checked within this block.

COMPANY IDENTIFICATION INFORMATION

Company Number:
Do not change the Company Number that is printed on the form. If there are any questions regarding your Company Number, please call the VETS-100 staff at (202) 651-2401 or e-mail HELPDESK@VETS-100.COM.

Twelve Month Period Ending:
The fiscal year for the twelve month reporting period used as the base for filing the VETS-100 Report. To determine this period, select a date in the current year between July 1 and August 31 that represents the end of a pay period. This pay period will be based on the reporting number of employees, as described below. Then the twelve month period preceding the end date of that pay period will be your twelve month period covered. This period is the basis for reporting New Hires, as described below. Any federal contractor or subcontractor has within 7 days of the Equal Employment Opportunity Commission to use December 31 as the ending date for the EEO-1 Report may also use that date as the ending date for the pay period selected for the VETS-100 Report.

Name and Address for Single Establishment Employers:
COMPLETE the identifying information under the Parent Company name and LEAVE BLANK all of the identifying information for the Hiring Location.

Name and Address for Multi Establishment Employers:
For parent company headquarters locations, COMPLETE the name and address for the parent company headquarters, LEAVE BLANK the name and address of the Hiring Location. For hiring locations of a parent company, COMPLETE the name and address for the Parent Company location, COMPLETE the name and address for the Hiring Location.

SIC Code, DUNS Number, and Employer ID Number:
Single Establishment and Multi Establishment Employers should COMPLETE the SIC Code, DUNS Number, and Employer ID Number as described below.

SIC Code: Enter the four (4) digit SIC Code applicable to the hiring location for which the report is filed. If there is a separate SIC Code for the hiring location, enter the SIC Code for the parent company.

DUNS Number: Enter the (9) digit number assigned by the parent company.

Employer ID Number (EIN): Enter the (9) digit numbers assigned by the IRS to the contractor. If there is a specific EIN applicable to the hiring location for which the report is filed, enter that EIN. Otherwise, enter the EIN for the parent company.

INFORMATION ON VETERANS

Number of Employees:
Select any payroll period ending between July 1 and August 31 of the current year. Provide all data for regular full-time and part-time employees who were special disabled veterans, Vietnam-era veterans, or other veterans employed as of the ending date of the selected payroll period. Do not include employees specifically excluded as indicated in 41 CFR 61-250.2(b)(2).

New Hires:
Report the number of full-time and part-time employees by veteran status who were hired (both veterans and non-veterans) and who were included in the payroll for the first time during the 12-month period ending August 31 of the current year. The totals in columns O, P, and R (Line 10) are required. Enter all applicable numbers, including zeros.

Maximum/Minimum Employees:
Report the maximum and minimum number of regular employees on board during the period covered as indicated by PL 105-339.

DEFINITIONS:

Hiring location means an establishment as defined in 41 CFR 61 250.2(b).

Special Disabled Veteran means a person who is entitled to compensation (or who, but for the receipt of military retired pay, would be entitled to compensation) under laws administered by the Department of Veterans Affairs for a disability (i) rated at 30 percent or more, or (ii) rated at 10 or 20 percent for a service-connected disability.

Veteran of the Vietnam era means a person who: (a) served in the armed forces, naval or air service of the United States on active duty for a period of more than 180 days, and was discharged or released therefrom other than a dishonorable discharge, if any part of such active duty occurred: (i) in the Republic of Vietnam between February 28, 1961, and May 7, 1975; or (ii) between August 5, 1964, and May 7, 1975, in all other cases; or (ii) between August 5, 1964, and May 7, 1975, in all other cases.

Other Veteran means veterans who served in the military, naval, or air service of the United States on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized. To identify the campaign or expeditions that meet this criterion, contact the Office of Personnel Management (OPM) and ask for the OPM VETS Guide, Appendix A. A local OPM telephone number may be found in the telephone book under Federal Government or consult Directory Assistance for your area code nearest to your location. For those with Internet access, the information required to make this determination is also available at http://www.opm.gov/vets/services/vetsguide.htm.
Criteria Identifying Other Veterans

Prior to the enactment of the Veterans Employment Opportunities Act of 1998 (Public Law 105-339), the affirmative action obligations of federal contractors and subcontractors regarding veterans, and the VETS-100 reporting requirement, applied to two groups of veterans - Special Disabled Veterans and Veterans of the Vietnam Era. The criteria identifying these two groups are provided in the instructions on the reverse of the VETS-100 Report Form. The recent legislation identifies a third category of veterans, identified in general terms as "Other Veterans" who are entitled to affirmative action in employment and who are to be included in the VETS-100 Reports submitted by federal contractors and subcontractors. The inclusion of veterans from this group is optional for this year (2000) VETS-100 Report but is expected to be mandatory for next years (2001) VETS-100 Report.

The category of Other Veterans includes those who served in a war and those who served in a campaign or on an expedition for which a campaign badge has been awarded. The criteria for identifying Other Veterans is subject to change, as periods of service end and new campaign badges are added. For that reason, the instructions on the reverse of the VETS-100 Form identify a web site maintained by the Office of Personnel Management (OPM) that is updated to reflect any changes that take place. A replica of that listing (as updated on April 5, 2000), is provided below for the convenience of federal contractors and subcontractors. In applying the information maintained by OPM to determine Other Veterans status for VETS-100 reporting, it is important to bear in mind that OPM's primary intent in maintaining this information is to establish eligibility for veteran's preference in federal employment, which differs somewhat from contractor's affirmative action responsibilities toward veterans. If there are further questions regarding the Other Veterans category, federal contractors and subcontractors can e-mail to othervets@vets100.com and can call (703) 461-2460.

U.S. Office of Personnel Management

Appendix A: Wars, Campaigns and Expeditions of the Armed Forces Since WW II Which Qualify for Veterans' Preference

War Service Creditable for Veterans' Preference. In the absence of statutory definition for "war" and "campaign or expedition," OPM considers to be "wars" only those armed conflicts for which a declaration of war was issued by Congress. The title 38, U.S.C., definition of "period of war," which is used in determining benefits administered by the Department of Veterans Affairs, includes the Vietnam Era and other armed conflicts. That title 38 definition is NOT applicable for civil service purposes.

Thus the last "war" for which active duty is qualifying for veterans' preference is World War II. The inclusive dates for World War II service are December 7, 1941, through April 28, 1952.

Non-combat operations that are not qualifying for veterans' preference. Many medals are awarded for non-combat operations. These medals are not a basis for preference and include the following:

- The Medal of Merit for meritorious service in World War II.
- The Medal of Freedom for meritorious achievements or meritorious service to the United States on or after December 7, 1941, in the war against an enemy outside the continental limits of the United States.
- The Antarctica Service Medal for participating in a scientific, direct support, or exploratory operation on the Antarctic continent.
Military Operations Since 1937 for Which a Campaign or Expeditionary Medal Has Been Awarded, Except for Operations Occurring During a Declared War

Military personnel receive many awards and decorations. To help agencies make decisions concerning entitlement to veterans' preference and other benefits, the following list identifies those awards that are campaign and expeditionary medals. Any Armed Forces expeditionary Medal, whether listed here or not, is qualifying for veterans' preference. The Department of Defense, not OPM, determines who is entitled to receive a medal, and under what circumstances. The list below is derived from DoD 1348.33-M, Manual of Military Decorations and Awards.

DD 214, Certificate of Discharge or Separation from Active Duty, or other official documents issued by the branch of service are required as verification of eligibility for veterans' preference. (Note that this documentation requirement refers to eligibility for veterans' preference in federal employment but not to the determination of other Veterans status for VA reporting.)

The Federal Contractor Program

FREQUENTLY ASKED QUESTIONS ABOUT THE FEDERAL CONTRACTOR PROGRAM

The Federal Contractor Program requires that any contractor who receives a contract from the Federal Government in the amount of $25,000 or more, or any subcontractor who receive a contract from such a covered contractor in the amount of $25,000 or more must file a VETS-100 Report on an annual basis and must take affirmative action to hire and promote qualified special disabled, veterans of the Vietnam-era and any veterans who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized. The following are frequently asked questions regarding the two components of the Federal Contractor Program -- the Federal Contractor Job Listing Program and the VETS-100 Reporting Requirement.

A. FEDERAL CONTRACTOR JOB LISTING PROGRAM

A-1. What are the requirements of the Federal Contractor Job Listing Program?

A-2. As a federal contractor, what is my responsibility towards my subcontractors?

A-3. How do I list job openings with a Job Service local office?

A-4. How do I list job openings through America’s Job Bank?

A-5. Am I required to have an affirmative action plan?

A-6. What happens if I don’t meet the Federal Contractor Job Listing requirements?

B. VETS-100 REPORTING REQUIREMENT

B-1. Who must file a VETS-100 Report?

B-2. When is the VETS-100 Report due?

B-3. What is the period covered in the VETS-100 Report?

B-4. How do I obtain the form and instructions?

B-5. What is an “SIC” code?

B-6. What is the DUNS number and why is it being requested?

B-7. What is the EIN number and why is it being requested?

B-8. What is meant by “hiring location?”

B-9. What is meant by “number of employees?”

B-10. What is meant by “new hires?”

B-11. What is the definition of a “Vietnam-era” veteran?

B-12. What is the definition of a “special disabled” veteran?

B-13. What is the definition of “other” veteran?

B-14. What is the “state consolidated report?”

B-15. Can I file electronically?

B-16. My company has no Vietnam era veterans or special disabled veterans or I have hired no new employees during the reporting period. What do I do?

B-17. What happens if I don’t submit a VETS-100 Report?

A. FEDERAL CONTRACTOR JOB LISTING PROGRAM

http://www.dol.gov/vets/ Publications/contractors/main.htm
A-1. What are the requirements of the Federal Contractor Job Listing Program?

Contractors and subcontractors are required to immediately list all employment openings with the nearest State Job Service office (also known as State Employment Service) and Workforce Development Offices (in some States) except for executive or top management jobs, positions filled from within the organization, and jobs lasting 3 days or less. This includes agreements to lease workers from "Temp Agencies." The job-listing requirement may also be satisfied by posting the job on America's Job Bank through the Internet. Qualified special disabled, veterans of the Vietnam-era and any veterans who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized are given priority by the Job Service for referral to the federal contractor and subcontractor job openings. The priority referral does not obligate an employer to hire any Job Service referrals.

A-2. As a federal contractor, what is my responsibility towards my subcontractors?

It is the responsibility of federal contractors who utilize subcontractors to communicate both the job listing requirement and the VETS-100 reporting requirement to all subcontractors who are awarded subcontracts totaling $25,000 or more and it is the responsibility of federal contractors to notify their subcontractors of their EEO responsibilities with regard to veterans.

A-3. How do I list job openings with a Job Service local office or Workforce Development Office?

To list job openings with a local office, contractors and subcontractors must contact the local office of the State Job Service in their area. The Veterans' Representatives (State Job Service) in the State Job Service local office can help explain the requirements of the Federal Contractor Program. To locate the State Job Service or Workforce Development local office nearest you, please contact your state's Director for Veterans' Employment and Training (DVET). A directory of State DVET offices can be located at the following web site:

A-4. How do I list job openings through America's Job Bank?

Federal contractors and subcontractors may enter individual job openings on America's Job Bank directly over the Internet. Information entered in this way will be sent directly to the appropriate State Job Service local office. America's Job Bank and instructions on entering job openings are located at the following web address:

http://www.ajb.dln.usr

A-5. Am I required to have an affirmative action plan?

Federal contractors and subcontractors must have written affirmative action plans or policies, if they have 50 employees and $50,000 or more in federal contract funds. They must be able to show they have followed the plans and that they have not discriminated against veterans or other covered groups. They also must show that they have actively recruited special disabled, veterans of the Vietnam-era and any veterans who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized, and that they have disseminated all information regarding promotion activities within their organization.

A-6. What happens if I don't meet the Federal Contractor Job Listing requirements?

That information will be provided to the Office of Federal Contract Compliance Programs (OFCCP). OFCCP is a federal agency within the Department of Labor responsible for compliance and enforcement of the Vietnam Era Veterans' Readjustment Assistance Act (VEVRAA), as well as compliance and enforcement of other requirements mandated for federal contractors and subcontractors. OFCCP will normally enter into a conciliation agreement with the contractor to resolve this major violation.

B. VETS-100 REPORTING REQUIREMENT

B-1. Who must file a VETS-100 Report?

Any contractor who receives a contract from the Federal Government in the amount of $25,000 or more, or any subcontractor who receives a contract from such a covered contractor in the amount of $25,000 or more, must file a VETS-100 Report on an annual basis. The $25,000 can be aggregated for purchase orders or government Bills of Sale. If these requirements are met you are required to complete and submit the VETS-100 report.

B-2. When is the VETS-100 Report due?

The VETS-100 Report is due to the Department of Labor by September 30 each year.

B-3. What is the period covered in the VETS-100 Report?

The VETS-100 Report requires employers to select a payroll period to report the number of veteran employees and the number of new hires. For the "Number of Employees" pick any pay period during the third quarter of the reporting year, (July through September). For "New Hires" use the 12 month period prior to the pay period used to report Number of Employees. Companies having written approval from the Equal Employment Opportunity Commission (EEOC) to use the year-end (December 31) date to file the EEO-1 Report may continue to use that date to file the VETS-100 Report.

B-4. How do I obtain the form and instructions?

If your company is part of the VETS-100 database, you will receive a report form and instructions for filing the form in July. If you do not receive the form or have misplaced it, or are a new federal contractor please email us at "vets100@dynacorp.com" or call (703) 461-2460. When requesting
forms, please provide the parent company name, address, contact person, telephone number and e-mail address (if available).

B-5. What is an "SIC" code?

The Standard Industrial Classification (SIC) code is an industry wide number used to identify a specific type of business. If your company receives an EEO-1 form, the number is usually included in their organization. The web pages noted below will give you the appropriate SIC code. Enter key words when prompted at either page to search for SIC codes. Should you encounter any difficulty determining your firm’s SIC code, you can also request assistance from the nearest local Job Service or Workforce Development Office of the State Employment Service.

http://www.osha.gov/olsstats/sicuser.html

B-6. What is the DUNS number and why is it being requested?

The DUNS number is the Dun and Bradstreet Universal Numbering System number assigned by Dun and Bradstreet. It has become the standard for all U.S. government procurement. Submission of this number will assist VETS in maintaining a more accurate database of current federal contractors and subcontractors, and will assist VETS to eliminate from the database employers who are no longer required to submit a form from the database. A DUNS number can be requested free of charge by calling Dun and Bradstreet at 1-800-333-0505. Further information about the DUNS number can be found at the following web site:

http://www.dnb.com/

B-7. What is the EIN number and why is it being requested?

The EIN number is the Employer Identification Number assigned by the Internal Revenue Service. Submission of this number will assist the Veterans’ Employment and Training Service (VETS) in linking its database of federal contractors with America's Job Bank (AJB) because the EIN is used as the identification number by companies that list openings on AJB.

8. What is meant by “Hiring Location?”

Hiring location as defined by 41 CFR 61-250.2 (b) (1) refers to a single, physical location of a company that conducts business and is a relatively permanent establishment. For example, if Contractor A has its headquarters in City X and two other hiring locations in Cities Y and Z, the company is required to fill out a VETS-100 Report for its headquarters in City X and its two other locations in City Y and City Z. For locations involving construction and similar types of physically dispersed industrial activities, however, it is not necessary to list separately each individual site, project, field, line, etc., unless it is treated by the contractor as a separate legal entity with a separate Employer Identification Number. The specific definition of hiring location, according to the regulations, can be found at the following web site:

http://www.dol.gov/oa/vets/public/reglcfr84/cfr/loc_Chapt61661_250.2.htm

B-9. What is meant by “Number of Employees?”

The number of employees as defined by 41 CFR 61-250.2 (b) (2) is the number of permanent full-time and part-time employees who were special disabled, veterans of the Vietnam-era, and any veterans who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized, employed as of the ending date of the selected payroll period. “Employees” shall not include those persons hired on a casual basis for a specified time such as seasonal and temporary workers, or employees obtained through hiring halls or agents.

The specific definition of employee, according to the regulations can be found at the following web site:

http://www.dol.gov/oa/vets/public/reglcfr84/cfr/loc_Chapt61661_250.2.htm

Contractors must now include the maximum and the minimum number of employees during the period covered by the report.

B-10. What is meant by “New Hires?”

A “new hire” is anyone hired as a permanent employee during your reporting period even if they are not with you now. The “permanent” can be permanent full-time or permanent part-time.

B-11. What is the definition of a “Vietnam-Era” Veteran?

Veteran of the Vietnam-era means a person who:

(1) served on active duty for a period of more than 180 days, and was discharged or released therefrom with other than a dishonorable discharge, if any part of such active duty occurred: (i) in the Republic of Vietnam between February 28, 1961, and May 7, 1975; or (ii) between August 5, 1964 and May 7, 1975 in all other cases; or

(2) was discharged or released from active duty for a service connected disability if any part of such active duty was performed: (i) in the Republic of Vietnam between February 28, 1961, and May 7, 1975; or (ii) between August 5, 1964, and May 7, 1975, in all other cases.

B-12. What is the definition of a “Special Disabled” Veteran?

Special disabled veteran means:

(1) a veteran who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Department of Veterans Affairs for a disability (i) rated at 30 percent or more, or (ii) rated at 10 or 20 percent if it has been determined that the individual has a serious employment disability; or

http://www.dol.gov/oa/vets/public/contractoremail.htm
(2) a veteran who was discharged or released from active duty because of a service-connected disability.

B-13. What is the definition of "other" veteran?

Other veteran is specified as a veteran who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized. A complete list of campaigns can be viewed at:

http://www2.dol.gov/dol/vets/public/programs/programs/preference/medalawal.htm

B-14. What is the "State Consolidated Report"?

The State Consolidated Report is an option for companies that have a number of small locations in a state. All multi-establishment employers must file (1) a report covering the principal or headquarters office (2) a separate report for each hiring location employing 50 or more persons, and (3) either, (i) a separate report for each hiring location employing fewer than 50 persons, or (ii) consolidated reports, by State, combining all hiring locations within one State that have fewer than 50 employees each. Each consolidated report also must list the name and address of the hiring locations covered by the report.

B-15. Can I file electronically?

Yes, anyone may choose to file electronically. Beginning with the 1999, VETS-100 Report electronic filing will be strongly encouraged. Detailed instructions on electronic filing will be mailed to employers.

B-16. My company has no covered veterans, nor have I hired any new employees during the reporting period. What do I do?

Fill in the period covered, put zeroes in the columns, and return the form to the address indicated.

B-17. What if I don't submit a VETS-100 Report?

That information will be provided to the Office of Federal Contract Compliance Programs (OFCCP). OFCCP is a federal agency within the Department of Labor that is responsible for compliance and enforcement of the Vietnam Era Veterans' Readjustment Assistance Act (VEVRAA), as well as compliance and enforcement of other requirements mandated for federal contractors. In addition certain Federal agencies have statutory language that does not allow Federal Contracting Officer to award or modify Federal contracts unless the current VETS-100 report has been submitted.

Prohibitions have been added on contracting with entities which do not meet veterans' employment reporting requirements. Funds may not be obligated, or expended [funds appropriated] if the contractor has not submitted a report for the preceding year.

The Secretary of Labor will make available in a database a list of contractors who have submitted VETS-100 forms. Limitations will be placed on the use of appropriated funds for contracts with entities who fail to meet reporting requirements. OFCCP will normally enter into a conciliation agreement with the contractor to resolve this major violation.
