Subject: Update For Dependent Care and Health Care Reimbursement Account Plans

Human Resources Administration (HRA) is pleased to announce the completion of a new Administrative Guide for the Dependent Care Reimbursement Account (DCRA) and the Health Care Reimbursement Account (HCRA) Plans. Both plans have been combined into one comprehensive guide. Campuses are requested to discard all previous DCRA Administrative Guide copies.

What’s New?

➢ **DCRA/HCRA Administrative Guide**
   The new guide has been expanded to include plan provisions and administrative procedures for both plans. Provisions and procedures have been combined where similar (see attached). The sections in this new guide differ slightly than the sections contained in the former DCRA Administrative Guide with the goal of making this new document a more user friendly tool for campus administration.

➢ **DCRA and HCRA Plan Changes**
   Clarifications have been made regarding the DCRA and HCRA Change in Status Events, thus making it easier for campuses to determine valid status changes. HCRA direct pay/COBRA procedures have also been updated based on CSU’s interpretation of current FMLA regulations. The CSU’s HCRA direct pay procedures now allow employees on unpaid FMLA leave to participate in HCRA without the requirement of having had an account balance prior to the commencement of the unpaid FMLA leave.

**Third Party Administrator**
Application Software, Inc. (ASI) continues as the California State University’s (CSU) third party administrator (TPA). Management Applied Programming (MAP) has completed the 2002 plan year runout thus ending its relationship as a third party administrator with the CSU. MAP’s contract with the CSU terminates July 31, 2003. ASI is now the sole third party administrator for the DCRA and HCRA plans.

  There has been no change to the DCRA/HCRA enrollment and claims forms. Claim forms may be downloaded on ASI’s website at [www.asiflex.com](http://www.asiflex.com). The Request for Direct Pay Enrollment form for HCRA has been updated to reflect the change in participation requirements for employees going on unpaid FMLA. (See Appendix F in the DCRA/HCRA Administrative Guide.)

*All brochures and forms have been posted on the Systemwide Employee Benefit Program website. Campuses will be sent a supply of new brochures in time for open enrollment.*

INTRODUCTION

The California State University (CSU) offers two flexible spending reimbursement accounts to its eligible employees – the Dependent Care Reimbursement Account (DCRA) and the Health Care Reimbursement Account (HCRA).

The Dependent Care Reimbursement Account (DCRA) Plan qualifies as a "dependent care assistance program" as defined in Section 129(d) of the Internal Revenue Code and meets the requirements of any other applicable provisions of law.

The Health Care Reimbursement Account (HCRA) Plan qualifies as a "flexible spending arrangement" as defined in Section 106 of the Internal Revenue Code and meets the requirements of any other applicable provisions of law.

Both plans are voluntary and allow for reimbursement of eligible out-of-pocket expenses from money deducted from an Employee’s pay before federal, state, Social Security, and Medicare taxes are deducted. Taxable income on an Employee’s annual W-2 statement is reduced by the amount placed in the account(s). This amount is held in the individual account(s) until the Employee incurs eligible expenses and files a claim for reimbursement.

- Expenses eligible for reimbursement from:
  - DCRA are amounts paid out-of-pocket for dependent care if the care is required in order for the Employee (and Employee’s spouse, if applicable) to work, or look for work.
  - HCRA are amounts paid out-of-pocket for the diagnosis, cure, mitigation, treatment or prevention of disease, and for treatments affecting any part or function of the body. The expenses must be to alleviate or prevent a physical or mental defect or illness.

This Administrative Guide provides guidelines for the Dependent Care Reimbursement Account (DCRA) and Health Care Reimbursement Account (HCRA) Plans. Guidelines have been combined where similar. Where guidelines differ, instructions have been separated and so noted. Both plans are governed by federal Internal Revenue Service (IRS) rules, which can change at anytime. If there is a discrepancy between the information in this Administrative Guide and the IRS rules, the IRS rules supersede the Administrative Guide.

Special Restrictions – Internal Revenue Service (IRS) Rules

- Participants in DCRA and/or HCRA must re-enroll during every annual open enrollment period to participate during the following Plan Year. Enrollment is not automatic, even if the employee participated the previous year.
- A Participant’s Salary Reduction election may not be changed or revoked during the Plan Year unless the Participant has a permissible Change in Status Event as described by IRS regulations.
- Claims may be filed for expenses incurred during the Plan Year. Expenses may not be reimbursed until services are provided.
- If a Participant does not use the money in his/her account for expenses incurred during the Plan Year, the funds will be forfeited. Excess contributions may not be refunded to the individual or be carried over into the next Plan Year.
Enrollment Authorization forms for CSU employees are sent directly to the State Controller’s Office for processing. Responsibility for contract administration rests with the Systemwide Human Resource’s Office, with day-to-day administration delegated to the campuses. The Systemwide Human Resource’s Office interprets regulations, answers questions, and assists campuses in resolving problems regarding the processing of plan authorization documents. Application Software Inc. serves as the CSU’s claims administrator for DCRA and HCRA and is responsible for the review and approval of all reimbursement claims, tracking of employee account balances and issuance of CSU-approved reimbursement payments.

- Employees appointed without a timebase, in any classification (e.g., intermittent, indeterminate).

Any person who performs service for the CSU solely as an independent contractor shall not be eligible to participate in either Plan.
SECTION 3 – ENROLLMENT AND PLAN PARTICIPATION

3.1 Initial Enrollment - Time Requirements

Eligible Employees must complete an Enrollment Authorization Form for the Plan they wish to participate in during the annual Open Enrollment Period. Employees must submit the completed form to the Campus Benefits Representative. The annual Open Enrollment Period will normally be held in September-October for participation in the following Plan Year. Newly eligible Employees may enroll in the Plan within sixty (60) days of eligibility, or reemployment if there has been a break in service of more than thirty (30) days. (See Appendix A for a copy of the form and Appendix B for instructions.)

If enrollment forms are received by the State Controller’s Office (SCO) by the 10th of the month, the effective date of the Plan is the first of the following month. Forms received after the 10th extend the effective date to the first of the second month following eligibility. An Employee who is on leave of absence without pay, temporary disability compensation, non-industrial disability leave, industrial disability leave, or other non-pay status may not enroll while in such status, but may enroll within sixty (60) days of returning to eligible active status provided that he/she would otherwise have been eligible to enroll during the non-pay status.

The last possible participation effective date for a newly eligible Employee is December 1 of the Plan Year. For enrollment to be effective December 1, the SCO must receive the enrollment form by November 10. Forms received after that date will be processed for the following Plan Year.

Eligible Employees who do not enroll within these time limits will not be eligible to enroll until the next annual Open Enrollment, unless there has been a Change in Status Event. (See Section 6 and Appendix C for a list of eligible Change in Status Events and Section 5 for limits on allowable Salary Reduction amounts and restrictions on mid-plan year changes.) No retroactivity is allowable under the Plan(s). Eligible Employees who are granted a leave of absence without pay, or terminate employment may be eligible to continue coverage in the HCRA Plan through the end of the Plan Year by making direct after-tax payments to the Claims Administrator. (See Section 8 Continuation of Coverage guidelines for more details.) The DCRA Plan does not have a continuation of coverage option.

3.2 Annual Reenrollment

Participants must reenroll annually to continue participation in either Plan. Enrollment in DCRA and HCRA coincide with other CSU plan enrollments held in September-October. The Campus Benefits Representative is responsible for forwarding all completed forms to the SCO. Open enrollment documents must be received in the State Controller's Office by November 10th to be effective the following January 1st.

3.3 Reinstatement of Former Participant

A former Participant will again become a Participant if and when that individual meets the eligibility and enrollment requirements. However, if a former Participant returns to service during the same Plan Year, and within thirty (30) days of the date participation ended, the prior
benefit election will be reinstated and the Participant may not make any new elections for the remainder of the Plan Year, unless there is a Change in Status Event as described in Section 6 and Appendix C. A former Participant returning to work in the same Plan Year is entitled to any remaining balance in his or her account for expenses incurred only while an active Employee.

3.4 **Completion of Enrollment Forms**

An Enrollment Authorization form must be completed for enrollment in the Plan. There is one Enrollment Authorization form for both plans. The form is used for new enrollments, changes of enrollment, and cancellations of enrollment. A copy of the Enrollment Authorization form is contained in Appendix A.

The Permitting Event Code Chart (Appendix D) provides a list of permitting event codes, permitting event dates, time limits, and effective dates for use in completing the Enrollment Authorization form. For timely processing, all of the conditions in Appendix D relative to the permitting event code must be satisfied. No retroactive enrollments are allowed in the Plan(s).

Permitting event codes are used when there is a Change in Status Event. (See Section 6 Change in Status or Revocation of Salary Reduction Election and Appendix C for a list of Change in Status Events.)

The Salary Reduction amount and the Plan Code must be entered on the form. The following enrollment Plan Codes are provided for 2003 and 2004:

<table>
<thead>
<tr>
<th>Plan</th>
<th>2003</th>
<th>2004</th>
</tr>
</thead>
<tbody>
<tr>

<td>375-001</td>
</tr>
</tbody>
</table>

(Note that the last three digits of the DCRA and HCRA Plan Codes change incrementally each year. The Administrative Fee code does not change each year.)

A copy of the completed Enrollment Authorization form should be given to the Employee and a copy should be placed in the Employee’s file. The original should be sent to the SCO at the following address:

Personnel/Payroll Services Division  
Miscellaneous Deductions Unit  
State Controller’s Office  
P.O. Box 942850  
Sacramento, CA 94250-5878

The Enrollment Authorization form may be obtained from the CSU Systemwide Human Resource’s Office. Additionally, an electronic version can be downloaded from [http://www.calstate.edu/Benefits/flexible/hcra.forms.shtml](http://www.calstate.edu/Benefits/flexible/hcra.forms.shtml).

3.5 **Conditions of Participation**

Upon enrollment in the Plan, each eligible Employee shall be deemed to have agreed to the terms and provisions of the Plan and shall be bound thereby.
3.6 Termination of Participation

Participation in this Plan shall terminate as of the later of:

1. The end of the current Plan Year, if a Participant fails to reenroll during the annual open enrollment period.

2. The date an individual has been reimbursed for the entire elected annual contribution level and has zero funds left in his or her account, following cancellation or failure to reenroll.

3. Upon termination of employment, unless Employee continues to make after-tax contributions to the Plan (HCRA only) through Continuation of Coverage. Once an Employee no longer makes contributions to the account, the individual is terminated from active participation in the Plan. Eligible expenses are for services provided through the end of the month in which the last contribution was made. Eligible Expenses, incurred by the Employee while in active employment status, may be reimbursed after termination of employment up to six months after the end of the Plan Year.

4. The date of the Employee’s death, unless beneficiary qualifies for or elects Continuation of Coverage (HCRA only).

5. Upon termination of this Plan.
4.1 Eligible Dependent Care Expenses

(1) Eligible Dependent Care Expenses are amounts paid by a Participant for household services or for care of a Dependent. Such expenses must be incurred to enable the Participant or spouse to be gainfully employed, actively seek gainful employment, or be a full-time student. Full-time student means a person enrolled at, and attending an educational institution during at least part of each of five calendar months of the Employee’s tax year for the number of course hours that the institution considers to be a full-time course of study. The Dependent Care Expenses must also meet the following requirements:

a. If such expenses are incurred for services outside a Participant's household, they must be incurred for the care of a Dependent who is:
   
   (i) a child under the age of 13 for whom an Employee or his/her spouse is entitled to a dependency exemption under Section 151(c) of the Code. However, if the Employee is divorced or separated, expenses may qualify if the Employee is the custodial parent even if the Employee is not entitled to a Dependent exemption; or

   (ii) a relative or household member of an Employee who receives over half of his or her support from the Employee, who is physically or mentally incapable of caring for himself/herself and who regularly spends at least eight hours each day in the Employee's household, or

   (iii) the spouse of an Employee who is physically or mentally incapable of caring for himself/herself and who regularly spends at least eight hours each day in the Employee's household.

b. If such outside services are provided by a dependent care center, such center must:

   (i) receive a fee, payment or grant for providing services for any of the individuals (regardless of whether such facility is operated for profit), and

   (ii) provide care for more than six individuals (other than individuals who reside at the facility), and

   (iv) comply with the applicable State and local government laws and regulations.

4.2 Ineligible Dependent Care Expenses

(1) Dependent Care Expenses shall in no event include amounts paid by a Participant to:

a. an individual with respect to whom a deduction is allowable to the Participant or the spouse under Section 151(c) of the Code (relating to personal exemptions for Dependents), or
b. a child (within the meaning of Section 151(e)(3) of the Code) of the Participant under the age of 19 at the close of the Plan Year in which such amounts are paid.

(2) Dependent Care Expenses shall in no event include amounts paid by a Participant for the overnight camp expenses of a Dependent.

(3) Unless incidental, minimal, and inseparable from the cost of caring for a Dependent, the Plan shall not pay any charges in connection with a Dependent’s:

a) Food,

b) Clothing,

c) Entertainment,

d) Activities, or

e) Education.

(4) Dependent Care Expenses shall not include costs for transportation between the Participant’s home and the place where dependent care is provided.

It shall be the responsibility of each Participant to submit a claim for reimbursement only for Dependent Care Expenses, which meet the requirements of this section and all other requirements of the Plan. (Reference IRS Publication No. 503 for a list of expenses that qualify for reimbursement.)

4.3 **Child Care Tax Credit vs. DCRA**

Dependent care expenses may qualify for a tax credit on an Employee’s income tax return. The credit is based on an Employee’s adjusted household gross income and the number of eligible Dependents. Employees should be referred to their financial planner or tax advisor to determine how they may benefit from one method or another.

Effective January 1, 2003 (the 2003 tax year), the Dependent Care Tax Credit is $3,000 for one dependent and $6,000 for two or more dependents. The amount of expenses eligible for the Dependent Care Tax Credit will be reduced, dollar for dollar, by the amount of expenses reimbursed through a DCRA. For example, if in the 2003 Tax Year an Employee has $4,000 in Dependent care expenses for one Dependent during the year, and decides to pay $3,000 through a DCRA, the Employee will lose all tax credit eligibility and the additional $1,000 in expenses cannot be claimed as a tax credit, even though the expenses were different from those claimed under a DCRA.

4.4 **Child Care IRS Reporting Requirements**

The IRS requires taxpayers who claim either a Dependent Care Credit or a DCRA exclusion to report certain information with their income tax returns on Form 2441 (1040 filers) or Schedule 2 (1040A filers). The information required includes the name, address, and Taxpayer’s Identification Number (TIN) of the care provider. For individuals, their Social Security numbers are their TINs. For others, the employer identification number is generally the TIN. However, the TIN is not required for dependent care provided by a tax-exempt organization. If the required information is not supplied, the taxpayer will lose the credit or exclusion, unless he or she can show that due diligence was exercised in attempting to furnish it.
Any one of the following documents may be used to show due diligence:

- A completed Form W-10, Dependent Care Provider’s Identification and Certification. This is an IRS form that individuals should give to each of their care providers to complete and return;
- A copy of the care provider’s Social Security card or driver’s license;
- A recently printed letterhead or printed invoice from the provider; or
- A copy of the completed Form W-4, Employer’s Withholding Allowance Certificate, if the provider is the taxpayer’s household employee.

4.5 **Eligible Health Care Expenses**

(1) Expenses eligible to be reimbursed from the Health Care Reimbursement Account (HCRA) are uninsured and medically necessary expenses that are incurred by the Participant and the Participant’s Dependents (e.g., spouse, child and domestic partner). These include expenses for the diagnosis, cure, treatment or prevention of disease, and for treatments affecting any part or function of the body. Expenses must be to alleviate or prevent a physical or mental defect or illness. Expenses incurred solely for cosmetic reasons or expenses that are merely beneficial to a person’s general health (except smoking cessation and weight reduction programs) are not eligible for reimbursement.

To be reimbursed, expenses must be incurred within the Plan Year for which a Participant is enrolled in the Health Care Reimbursement Account. **Expenses are considered incurred when the services are provided, not when the bill is paid or received.**

(2) Below is a partial list of expenses eligible for reimbursement under the Health Care Reimbursement Account. (Reference IRS Publication No. 502 for a sample list of eligible and ineligible expenses and limitations.) Insurance premiums and long-term care expenses do not qualify for HCRA. (Also, see 4.6 of this guide for examples of ineligible expenses.)

**Medical Expenses**

- Deductibles
- Copayments
- Charges for routine check-ups, physical examinations, and tests connected with routine exams
- Charges over the “reasonable and customary” limits
- Expenses not covered by the medical plan due to a pre-existing condition, or exclusion by the insurance company
- Drugs requiring a doctor’s prescription (cost not covered by insurance)
- Smoking cessation programs and related prescription drugs
- Weight loss programs (for individuals diagnosed with obesity or another existing medical condition)
- Other expenses not covered by the medical plan that qualify as a federal income tax deduction, such as special services and supplies for the disabled
(Note: Meals and Lodging: The cost of meals and lodging is reimbursable if the expense is incurred while an eligible individual is away from home and receiving health care treatment. Meals are reimbursable only if the expense is incurred in a medical facility. Reference IRS Publication 502 for specific requirements.

Transportation: A Participant may claim up to $.12 per mile for transportation required for health care. A Participant should indicate the number of round trip miles on the reimbursement claim form and receipt for prescription drugs, doctor’s visit, etc. Parking and/or toll expenses can also be claimed if a receipt is provided.)

**Dental Expenses**

- Deductibles
- Copayments
- Expenses that exceed the maximum annual amount allowed by your dental plan
- Charges over the “reasonable and customary” limits
- Orthodontia treatments that are not strictly cosmetic. Eligible orthodontic expenses can include: required down payments, monthly payments and banding fees.

(Note: Initial requests for reimbursement of orthodontic treatment must include a contract or statement from the orthodontist. This documentation must reflect the beginning date of treatment, total cost of treatment, and estimated length of treatment. The entire cost of treatment must be prorated over the entire anticipated treatment period. This means that you can only receive reimbursement for orthodontic costs incurred during each Plan Year of participation, even if you pay the entire treatment cost in the current Plan Year. Participants who expect treatment to extend beyond the plan year he/she is currently in are encouraged to re-enroll for the following Plan Year for reimbursement of pending expenses.)

**Vision and Hearing Expenses**

- Vision examinations and treatment (cost not covered by insurance plan)
- Cost of eyeglasses, prescription sunglasses, contact lenses including lens solution and enzyme cleaner
- LASIK Surgery
- Cost of hearing aids and batteries

**4.6 Ineligible Health Care Expenses**

Below is a partial list of expenses not eligible for reimbursement under the Health Care Reimbursement Account Plan. (Reference IRS Publication No. 502 for a list of ineligible expenses.)

- Any and all insurance premiums, warranty fees, or service contracts
- Long-term care expenses (including nursing home charges)
- Surgery or procedures that are strictly cosmetic, such as electrolysis, hair transplants, plastic surgery, spider vein removal, teeth whitening or veneers
- Health Club Dues (even if doctor prescribed)
- Non-prescription medicines and vitamins
SECTION 5 – PLAN FUNDING

5.1 Salary Reduction Election

Each eligible Employee may make a written Salary Reduction election on the Enrollment Authorization form to have his/her annual compensation reduced, but not below zero.

5.2 Establishment of Accounts

Upon receipt of the Enrollment Authorization form, the State Controller’s Office (SCO) establishes the monthly Salary Reductions on the payroll. The Claims Administrator receives monthly Participant contribution data through an Internet payroll deduction file from the SCO. Participant contributions are received by the CSU from the SCO and deposited into the trust fund account(s).

The Claims Administrator maintains a bookkeeping account for each Participant and credits each account with the amounts received/specified by the Participant. These accounts are for bookkeeping purposes only; any payments under the Plan(s) are made entirely out of the assets of the Plans’ Trust Fund. The CSU authorizes the transfer of funds from the trust account(s) to the Claims Administrator for claim payments.

The CSU retains title to and beneficial ownership of any of the Plan assets, which are earmarked for payment of benefits under the Plan(s). The IRS prohibits the transfer of funds from one pre-tax account to another. If an Employee participates in both Plans, funds from one account cannot be used to reimburse expenses in the other account.

5.3 Notification of Account Balances

The Claims Administrator produces Participant accounting statements reflecting the Participant's contributions deposited, reimbursement requests submitted, payments made and account balance. The statements are mailed to the Participants quarterly. Campus Benefits Representatives are not responsible for maintaining or tracking Employee contributions or account balances. However, Campus Benefits Representatives are responsible for ensuring the monthly Salary Reduction amount(s) on the Enrollment Authorization form comply with Plan guidelines.

5.4 Limits on Amount Contributed to the Plan (Monthly Contributions)

(1) Dependent Care Reimbursement Account Plan

a. The minimum Salary Reduction amount is $20 per month up to a maximum of $416.66 per month. However, the annual Salary Reduction amount shall not exceed the lesser of the following:

(i) $5,000 ($2,500 if the Participant is married and files a Federal Income Tax return separately from his/her spouse), or

(ii) $416.66 per month times the number of months the Employee is eligible to participate in the Plan (monthly cost cannot exceed $416.66), or
(iii) the Participant's annual compensation, or

(iv) the Earned Income of the Participant's spouse, if the Participant is married. However, the applicable special limit in Code Section 21(d) applies if the Participant's spouse is a full-time student or is physically or mentally incapable of caring for himself/herself. This Code Section sets the spouse’s income limit at $250 for each calendar month that the spouse is disabled or a full-time student. If an employee has two or more Dependents, the spouse is deemed to have income of $416.66 for each such calendar month.

b. For the DCRA Plan, an Employee’s Salary Reduction election amount is limited by the participation of the Employee’s spouse in the same type of plan (IRS Code Section 129) offered by his/her employer. This is also true if the spouse is a CSU Employee.

(2) Health Care Reimbursement Account Plan

a. The minimum Salary Reduction amount is $20 per month up to a maximum of $416.66 per month. The full Plan Year Salary Reduction amount shall not exceed $5,000, or the Participant’s annual Compensation. Employees who enroll mid-year are limited to a maximum contribution of $416.66 per month.

b. For the HCRA Plan, an Employee’s Salary Reduction election amount is not limited by the spouse’s participation in the same type of plan offered by the spouse’s employer, including the CSU.

Salary Reductions are exempt from federal, state, Social Security, and Medicare taxes. They are not, however, exempt from PERS retirement contributions. Employee Social Security deductions may be reduced by contributions to DCRA and HCRA. The Social Security benefits for a Participant at retirement may also be reduced because Social Security taxes will be paid on a lower wage amount.

5.5 Modification and Suspension of Salary Reduction Elections (Contributions)

The CSU will suspend, modify, or terminate Salary Reduction elections if the amount of any reduction agreed to is greater than the Participant's monthly taxable pay from the CSU. The Campus Benefits Representative is responsible for making such changes.

If the CSU finds that either Plan is discriminatory under applicable law, such as having too low a percentage of lower-income Participants, some Salary Reduction amounts for Highly Compensated Employees may be reported as taxable income. Such amounts will remain subject to all other terms and conditions of the Plan. The Systemwide Human Resource’s Office is responsible for determining Plan discrimination under applicable law.
A Participant's Salary Reduction election for any Plan Year may not be changed or revoked after coverage begins. **Exceptions are permissible only to the extent that such change or revocation is on account of and consistent with the following Change in Status Events:**

1. **Change in Legal Marital Status** – Marriage, divorce, death of spouse, legal separation or annulment;

2. **Change in Number of Dependents** – The birth, death, adoption, loss or gain of legal custody or placement for adoption of a child;

3. **Termination/Commencement of Employment** – The beginning or the end of employment of the Employee, spouse or Dependent that impacts the Employee’s, spouse’s, or Dependent’s eligibility;

4. **Change in Work Hours** – Change in work schedule including a decrease or increase in hours (DCRA only), full-time/part-time switch (DCRA only), start/stop of unpaid leave of absence or a strike or lockout of Employee, spouse or Dependent;

5. **Dependent Eligibility** – Events that cause a Dependent to satisfy or cease to satisfy eligibility requirements for coverage on account of attainment of age, student status, or any similar circumstances;

6. **Dependent Care Provider Cost/Coverage Change (DCRA only)** – Significant change in cost and or coverage of dependent care provided as long as provider is not a relative;

7. **Entitlement to Medicare or Medicaid (HCRA only)** – Employee, spouse or Dependent gains or loses eligibility for Medicare or Medicaid;

8. **Judgment, decree, court order, or Qualified Medical Child Support Order (QMCSO).**

**The first five events listed above qualify as a Change in Status Event only if the change causes a gain or loss of eligibility for coverage under the CSU or other plan.** If a Participant experiences a Change in Status Event, he/she may increase (to the appropriate limit), decrease, start, or stop contributions by filing a new Enrollment Authorization form within sixty (60) days of the status change (See Section 3 for further enrollment instructions). **Any change made must correspond with the Change in Status Event.** (For further details on Change in Status Events, see Appendix C.) Questions requiring interpretation of a Change in Status Event should be referred to the Systemwide Office of Human Resources.

If a Participant stops contributions, he/she may continue to submit eligible expenses that incurred prior to the end of the month Plan participation ended. (See Section 8 Continuation of Coverage for rules on continuing coverage for HCRA if CSU employment terminates for any reason.)
SECTION 7 – CLAIMS PROCESS

7.1 Claim for Reimbursement

Campus Benefits Representatives should provide the claim form to Employees when necessary and may order additional forms from the Systemwide Human Resources Office. New Participants receive a supply of forms from the Claims Administrator upon enrollment in the Plan. Forms also may be obtained from the Claims Administrator’s web site. See Appendix E for a copy of the claim form. A Participant files a claim for reimbursement by completing the form and attaching an itemized bill for eligible expenses. A Participant may attach photocopies of his/her bills to the claim. The information on the claim form itself must be original, not photocopied. Claims cannot be paid without such verification of expenses, and copies of canceled checks are not sufficient documentation. Instructions on completing the claim form are provided on the back of the form. Questions relating to claims substantiation should be directed to the Claims Administrator.

Participants must send completed claims to the Claims Administrator’s address located on the claim form. Reimbursements are paid twice per month. There is no minimum reimbursement amount. If a Participant’s claim is received by the Claim Administrator by the 5th of the month, reimbursement is issued or sent to the Participant’s account electronically (if this option is elected by the Participant) by the 15th of the month. Claims received by the 20th of the month will be issued in like manner (as stated above) by the end of the same month. The Participant is responsible for the accurate completion and timely submission of claim forms.

Claims may be filed for expenses incurred during a Plan Year any time up to six (6) months after the end of the Plan Year (June 30 of the next year). Any balance remaining in the Participant’s account after that date will be forfeited.

7.2 Use It Or Lose It Rule

Participants must estimate their eligible expenses very carefully because the authorization is irrevocable during the Plan Year unless there has been an allowable Change in Status Event. (See Section 6 or Appendix C for description of Change in Status Event). Money left in the account after the Participant’s expenses have been paid for the year will be forfeited. The IRS will not permit excess contributions to be refunded to the individual or be carried over into the next Plan Year.

7.3 Payment of Claims

No Participant shall be entitled to any reimbursement under the Plan unless a claim form is submitted. The Claims Administrator will review each claim to determine whether the expenses are reimbursable eligible expenses and whether the request is accompanied by required documentation.

The Claims Administrator shall advise the CSU Systemwide Office of Human Resources of the approved reimbursements. The CSU Systemwide Office of Human Resources shall instruct the Systemwide Accounting Department to transfer funds and authorize the Claims Administrator to issue reimbursement payments directly to the Participants. Reimbursement checks and deduction notices will be mailed to the Participant’s home address. Participants may choose to receive
reimbursement payments by direct deposit. Direct Deposit Request forms are provided by the Claims Administrator.

Important Note:

- **Dependent Care Reimbursement Account Plan:** Participants are only reimbursed for the amount currently in their account. If an amount in excess of the account is claimed by the Participant, the excess will be pended and paid automatically as soon as additional money is available in the Participant’s account (within the Plan Year). The total claims paid for a specific Plan Year will not exceed the maximum contribution amount elected for the Plan Year.

- **Health Care Reimbursement Account Plan:** Participants are reimbursed for the full amount of any eligible claim submitted, even though the Participant may not have yet contributed enough money through payroll deductions into his/her account to cover the submitted expenses. The total claims paid for a specific Plan Year will not exceed the maximum contribution amount elected for the Plan Year.

### 7.4 Appeal and Review Procedures

If a claim is denied by the Claims Administrator, the Participant may appeal the denial within one hundred and eighty (180) days after receipt of the written denial by submitting to the Claims Administrator a written request for review of the claim denial. A Participant also may submit a written statement of issues and comments concerning the claim and may request an opportunity to review the Plan and any other pertinent documents. If so requested, the Plan Administrator shall make these available to the Participant within thirty (30) days after receipt of the request, at a convenient location during regular business hours.

If a Participant appeals, the Plan Administrator shall transmit its final written decision, with its specific reasons, to the Participant by certified mail within sixty (60) days of its receipt of the request for review.

### 7.5 Agent for Service of Process

The agent for service of process upon the Trustees of The California State University for both Plans is:

General Counsel  
Office of the Chancellor  
401 Golden Shore, 4th Floor  
Long Beach, California 90802-4210

### 7.6 Evidence

Evidence required of anyone under the Plan may be by certificate, affidavit, document or other information, which the person acting on it considers pertinent and reliable. The evidence may be signed, made or presented by the proper party or parties.
SECTION 8 – CONTINUATION OF COVERAGE (HCRA ONLY)

Note: Continuation of Coverage benefits are extended only to eligible Health Care Reimbursement Account Plan Participants.

If an Employee loses eligibility to participate in the Health Care Reimbursement Account (HCRA) Plan for any reason during the Plan Year (i.e., leave of absence without pay, retirement, termination, etc.), contributions may be continued on an after-tax basis through the end of the Plan Year pursuant to Continuation of Coverage guidelines. Guidelines are established for employees on leave without pay and permanent separations. The CSU extends the HCRA benefit to leave without pay and separated employees pursuant to the Consolidated Omnibus Reconciliation Act (COBRA). The Employee must have a positive account balance at the time of leave without pay or separation in order to participate with the exception of employees on unpaid Family Medical Leave (FMLA). Employees on unpaid FMLA are not required to have a positive account balance in order to participate. Contributions are paid directly to the Claims Administrator. The Employee or Dependents must enroll in Continuation of Coverage within sixty (60) days of notification of the Change in Status Event or the loss of coverage, whichever is later. The Employee has an additional forty-five (45) days from the date of election to submit the first contribution to the Claims Administrator. There are no tax savings on contributions made to HCRA through Continuation of Coverage. If an Employee chooses not to continue contributions through Continuation of Coverage, expenses incurred for services provided after the month in which the event date occurred will not qualify for reimbursement, even if a positive balance exists. Funds remaining in the account will be forfeited.

The following provides guidelines for processing continued participation through Continuation of Coverage (leave without pay and separation).

8.1 Leave without Pay Guidelines

Prior to going on leave without pay, the Campus Benefits Representative should discuss intended Plan participation with the Employee. The Employee must be notified in writing of the ability to participate within fourteen (14) days of losing eligibility.

The Employee has the option to either continue participation with after-tax contributions or cease participation during leave status. The Employee must have funds remaining in the account in order to continue participation in the Plan during leave without pay (with the exception of employees on unpaid FMLA).

(1) If an Employee chooses to continue participation while on leave without pay, the Employee must submit a completed Request for Direct Pay Enrollment form to the Campus Benefits Representative within sixty (60) days from the later of date of notification of the Change in Status Event, or the loss of coverage. Appendix F is a copy of the Request for Direct Pay form and Appendix G is a copy of the form instructions. The Campus Benefits Representative is responsible for forwarding the form to the Claims Administrator as notification of the Employee’s intent to continue participation. A copy of the form is filed at the campus.
a. As a result of the leave, if the Employee chooses to adjust the contribution due to a qualified Change of Status Event, the employee may increase (not reduce) the deduction up to a maximum of $416.66 per month. (The maximum amount of $416.66 does not include the 2% administrative fee.)

b. Upon receipt of the direct pay form, the Claims Administrator mails a payment coupon booklet to the Employee. While on leave, the Employee makes contributions directly to the Claims Administrator using after-tax money.

c. Contributions must be received from the Participant by the 10th of the month, along with the corresponding coupon. The first payment must be made to the Claims Administrator within forty-five (45) days from the date of election and must include sufficient funds so that the account will be current. Payments must be made payable to Trustees of the California State University and are paid on a monthly basis unless the Employee chooses to pay in advance.

d. If the Employee fails to meet the 10th of the month payment deadline to the Claims Administrator during the leave period, the Employee ceases to be a Participant in the Plan beginning the month after the month the last direct pay contribution was received. In this situation, the Employee is no longer eligible to submit claims for expenses incurred during the time the contributions were not mailed to the Claims Administrator.

e. Upon return from leave, the Employee’s deductions automatically resume regardless of whether the Employee actively made contributions to the Claims Administrator while on leave without pay. The Campus Benefits Representative is not required to make any adjustment to the resumed deduction.

f. Upon return from a leave longer than thirty (30) days in length, if an Employee chooses to adjust the resumed deduction under a Change in Status Event, the Employee may adjust (increase or decrease) the deduction up to a maximum of $416.66 per month or reduce to a minimum of $20 per month.

(2) If an employee chooses not to continue coverage after the leave without pay Change in Status Event, no further action is required by the Campus Benefits Representative.

a. An Employee on leave without pay who chooses not to continue direct pay contribution payments while on leave may not submit claims for expenses incurred while on leave. It is the responsibility of the Claims Administrator to monitor expense claims submitted by the Employee.

b. Upon return from a leave, the Employee’s deductions automatically resume regardless of whether the Employee actively made contributions to the Claims Administrator while on leave without pay. The Campus Benefits Representative is not required to make any adjustment to the resumed deduction.

c. Upon return of a leave longer than thirty (30) days, if an Employee chooses to adjust the resumed deduction under a Change in Status Event, the Employee may adjust (increase or decrease) the deduction up to a maximum of $416.66 per month or reduce to a minimum of $20 per month.
8.2 Separation Guidelines (COBRA)

Prior to separation (i.e., termination, retirement), the Campus Benefits Representative should discuss intended Plan participation with the Employee. The Employee must be notified in writing of his/her ability to participate within fourteen (14) days of losing eligibility.

The Employee has the option to either continue participation through COBRA with after-tax direct pay contributions or cease participation upon separation. The Employee must have funds remaining in the account in order to continue participation in the Plan for the remainder of the Plan Year.

(1) If an Employee chooses to continue participation after separating from employment, the Employee must submit a completed Request for Direct Pay Enrollment form to the Campus Benefits Representative within sixty (60) days from the later of the date of notification of the Change in Status Event, or the loss of coverage. See Appendix F for a copy of the Request for Direct Pay form. Appendix G is a copy of the form instructions. It is the responsibility of the Campus Benefits Representative to mail the form to the Claims Administrator as notification of the Employee’s intent to continue participation. A copy of the form is filed at the campus.

a. The separating Employee may NOT adjust his/her deduction when continuing participation under COBRA (except for the addition of the required 2% administration fee).

b. Upon receipt of the direct pay form, the Claims Administrator mails a payment coupon booklet to the Participant. While on COBRA, the Participant makes contributions directly to the Claims Administrator with after-tax money.

c. Contributions must be received from the Participant by the 10th of each month along with the corresponding coupon. The first payment must be mailed to the Claims Administrator within forty-five (45) days from the date of election and must include sufficient funds so that the account will be current. Payments must be made payable to the Trustees of the California State University and are paid on a monthly basis unless the Participant chooses to pay in advance.

d. If the Participant fails to pay the Claims Administrator while on COBRA, the individual ceases to be a Participant in the Plan beginning the month after the month the last direct pay contribution was received. In this situation, the individual is no longer eligible to submit claims for expenses during the time the contributions were not made to the Claims Administrator and any funds in the account will be forfeited.

e. If the former Employee is rehired during that same Plan Year, he/she continues to have access to the account balance accumulated in prior employment, and during participation under COBRA, for expenses incurred during the Plan Year IF the Employee reenrolls in the Plan upon being rehired. If the former Employee is rehired but chooses not to reenroll upon reemployment, the Employee has access to prior balances but only for expenses incurred during the period of prior CSU employment.
(2) If a separating employee chooses not to continue coverage after the Change in Status Event, no further action is required by the Campus Benefits Representative.

a. A former Employee may not submit claims for expenses incurred beginning the month after the date of separation. It is the responsibility of the Claims Administrator to monitor expense claims submitted by the former Employee.

b. If the former Employee is rehired, he/she continues to have access to the account balance accumulated during prior employment for expenses incurred during prior employment. If the Employee reenrolls in the Plan upon reemployment, the Employee has access to prior balances but only for payment of expenses incurred while employed (both in prior employment and future employment) within that Plan Year.
SECTION 9 – PLAN ADMINISTRATION

9.1 Cost

Each Participant shall pay the monthly administrative charges associated with the Plan on an after-tax basis. These charges, currently $2 for each Plan ($4 for both plans), will be deducted from the Participant's salary each month and include routine processing fees charged by the Claims Administrator and the State Controller’s Office (SCO). The CSU will adjust the Participant’s monthly administrative charge as actual Plan administrative costs change, but only following written notice to all Plan Participants. Former Employees continuing participation in HCRA through COBRA are responsible for paying a monthly 2% administrative fee in lieu of the $2 charge.

9.2 Experience Gains

If the Plan has an Experience Gain with respect to a Plan Year, such Experience Gain shall be allocated in one of the following manners:

(1) used to reduce the after-tax administrative fee for all Participants for the following Plan Year, or

(2) used to offset Claims Administrator expenses incurred during the Plan Year, or

(3) used to reduce the Salary Reduction contributions on an equal basis for all Participants for the following Plan Year, or

(4) allocated to all Participants for the current Plan Year as a refund.

9.3 Plan Administration Responsibilities

(1) The Claims Administrator shall be responsible for specific administration of the Plan including:

   a. the preparation of any forms, documents and other information required by law to be reported or filed with any governmental agency, or to be disclosed to Employees or other persons entitled to benefits under the Plan,

   b. review and approval of claims and appeals from claim denials under the Plan,

   c. maintenance of Participant bookkeeping accounts, and

   d. preparation of reimbursement information for the CSU's authorization of payments, and

   e. issuance of CSU-approved reimbursement payments.

(2) The SCO will be responsible for financial administration including:

   a. processing of individual enrollment forms and Salary Reduction amounts,
b. adjusting and reporting of the Participant’s taxable income and associated taxes,

c. mailing of the Salary Reduction warrant to the CSU.

(3) The CSU shall be responsible for the general administration of the Plan including:

a. notification to Employees of eligibility for the Plan,

b. provision of plan enrollment documents and claim forms,

c. determination of questions arising under the Plan pertaining to eligibility of Employees under the Plan,

d. adoption of procedures and regulations as necessary in the CSU’s opinion for the proper and efficient administration of the Plan and which are consistent with the terms and purposes of the Plan,

e. enforcement of the Plan according to its terms and to the rules and regulations adopted by the CSU,

f. receipt, maintenance and approval of disbursement of Salary Reduction amounts,

g. deposit of Salary Reduction warrant in the CSU Dependent Care Reimbursement Account Trust Fund and CSU Health Care Reimbursement Amount Trust Fund,

h. filing or disclosure of any information, required by law, to be reported or filed with any governmental agency, or to be disclosed to Employees or other persons entitled to benefits under the Plan, and

i. reporting of year-end status of the CSU Dependent Care Reimbursement Trust Fund and CSU Health Care Reimbursement Trust Fund.

9.4 Discretionary Power of Plan Administrator

All discretion conferred upon the Plan Administrator will be absolute. However, no discretionary power shall be exercised in a manner that causes discrimination in favor of Highly Compensated Employees. The discretionary power of the Plan Administrator shall be exercised in a non-discriminatory manner with regard to all similarly-situated Participants.
SECTION 10 – MISCELLANEOUS PLAN PROVISIONS

10.1  **Severability**

If any provision of the Plan is held invalid or unenforceable, its invalidity or unenforceability shall not affect any other provision of the Plan, and the Plan shall be construed and enforced as if such provision had not been included.

10.2  **Plan Not an Employment Contract**

This Plan is not an employment contract. Any employment rights of an eligible Employee are neither enlarged nor diminished by the establishment of this Plan.

10.3  **Non-Transferability of Interest and Facility of Payment**

The interests of persons entitled to benefits under this Plan are not subject to their debts or other obligations and, except as may be required by the tax withholding provisions of the Code or any state's income tax act, may not be voluntarily or involuntarily sold, transferred, alienated, assigned, or encumbered. When any person entitled to benefits under the Plan is under legal disability or, in the CSU’s opinion is incapacitated so as to be unable to manage his/her affairs, the CSU may cause the benefits to be paid to his/her legal representative for his/her benefit, or to be applied for his/her benefit in any other manner that the CSU may determine.

10.4  **Mistake of Fact**

Any mistake of fact or misstatement of fact shall be corrected when it becomes known and proper adjustment shall be made. The CSU shall not be liable in any manner for any determination of fact made in good faith.

10.5  **Amendment of Plan**

Any part or all of this Plan may be amended in writing by the Vice Chancellor of Human Resources at any time. Any amendment must be in writing and shall become effective upon adoption, or at such time as may be specified in the amendment.

10.6  **Termination of Plan**

This Plan may be terminated only as of the end of any Plan Year. Any amounts credited to Participants' Salary Reduction accounts as of the end of a Plan Year and unclaimed by the following June 30, will be cancelled and returned to the general assets of the CSU. Any Salary Reduction elections previously made for the next Plan Year will be null and void.

However, the CSU reserves the right to terminate or amend the Plan at any time if the Plan is deemed not to be in compliance with applicable law.

10.7  **Right to Offset Future Payments**

In the event a payment or the amount of a payment is made erroneously to an individual, the Plan shall have the right to reduce future payments payable to or on behalf of such individual by the
amount of the erroneous or excess payment. This right to offset shall not limit the right of the
Plan to recover an erroneous or excess payment in any other manner.

10.8 **Right to Recover Payments**

Whenever a payment has been made by the Plan, including erroneous payments, in a total
amount in excess of the amount payable under the Plan, irrespective to whom paid, the Plan shall
have the right to recover such payments, to the extent of the excess, from the person to or for
whom the payment was made.

10.9 **Legal Action**

Before pursuing legal action, a person claiming Plan benefits or seeking redress related to the
Plan must first exhaust the Plan’s claim, review and appeal procedures. Unless otherwise
provided by law, the Employer and the Plan Administrator are the only necessary parties to any
action or preceding that involves the Plan or its administration. No Employee, or other person or
entity is entitled to notice of any legal action, unless a court with appropriate jurisdiction orders
otherwise.

10.10 **Captions and Headings**

The captions and headings of a section or provision of the Plan are for convenience and reference
only and are not to be considered in interpreting the terms and conditions of the Plan.

10.11 **Indemnification**

The Employer, to the extent permitted by law, shall indemnify and hold harmless the Board of
Trustees and any Employee or officer of the Employer from and against all loss, damages,
liability and reasonable costs and expenses incurred in carrying out his or her responsibilities
under the Plan, unless due to the bad faith or willful misconduct of such person, provided that
such individual’s attorney’s fees and any amount paid in settlement be approved by the Board of
Trustees.

8. Coverage Statement

I UNDERSTAND THAT MY ENROLLMENT INTO THE HEALTH CARE AND/OR DEPENDENT CARE REIMBURSEMENT ACCOUNT PLAN(S) IS FOR THE CURRENT PLAN YEAR ONLY. IF I WISH TO CONTINUE ENROLLMENT FOR THE NEXT PLAN YEAR, I MUST RE-ENROLL ANNUALLY DURING OPEN ENROLLMENT.

I hereby agree to have my monthly pay reduced by the amount(s) specified above. I understand that IRS regulations require that my monthly deductions authorized by this form are irrevocable during this plan year, unless I experience an allowable “status change event,” as defined in these regulations and described in the Health Care and/or Dependent Care Reimbursement Account brochure(s).

This reduction in pay is effective with the December pay period (unless this is a mid-year enrollment), and will continue for each succeeding pay period until the end of the Plan Year. My agreement to have my pay reduced is made on the condition that the CSU contribute the amounts to the Reimbursement Account(s) that I have specified on this document. I also agree to pay the $2.00 monthly administrative fee through payroll deduction on a post-tax basis. The $2.00 administrative fee is charged per Plan.

I understand that requests for reimbursement must be for eligible services/supplies incurred between the effective dates of my participation in the Plan(s) through the end of the Plan Year. Each Plan Year begins on January 1 and ends December 31. All reimbursement requests for the current Plan Year must be postmarked by June 30 of the following Plan Year in order to be reimbursed. I further understand that any unclaimed amount remaining in my Health Care or Dependent Care Reimbursement Account(s) after that date will be forfeited.

I have read the above statements and agree to the terms and conditions of the Health Care and/or the Dependent Care Reimbursement Account Plan(s) as outlined on this form.

Separated employees are not eligible to reenroll in subsequent years.

3. Participation after separation will be pursuant to COBRA qualification. Under COBRA, federal regulations specify that you and/or your dependent(s) have 60 days (the “Election Period”) from the later of the date of notification of a qualifying event, or the loss of coverage to elect to continue participation, and 45 days from the date of election to submit the first contribution to ASI, the Third Party Administrator. Eligibility based on Leave of Absence will be in accordance with the same timelines.

4. You will receive a coupon booklet for payments, which confirms your continued participation. The first payment submitted to ASI must be sufficient to bring the payments current.

5. You will be billed 102% of your monthly contribution (for COBRA and Leaves Without Pay).

6. All payments must be made directly to ASI. If ASI does not receive payments by the 10th of each month, you will lose eligibility to continue participation.

Overview

The CSU Dependent Care Reimbursement Account (DCRA), a voluntary benefit for eligible employees, offers you the ability to pay for eligible out-of-pocket dependent care expenses with pre-tax dollars. If you enroll in the plan, the contributions you make to your account are deducted from your pay before federal, state and Social Security taxes are calculated. Your taxable income is reduced, and consequently, your taxable income reflected on your annual W-2 statement is reduced. Expenses eligible to be reimbursed from the Dependent Care Reimbursement Account include certain expenses for dependent care if the care is required in order for you (and your spouse, if you are married) to work. The “Eligible Expenses” section of this brochure provides more information on reimbursable expenses.

If you wish to participate in this plan, you must enroll each year you want to participate.

Eligible Employees

You are eligible to enroll in the Dependent Care Reimbursement Account if you are in an Executive, Management Personnel Plan (MPP), Confidential or other nonrepresented position, or are covered by a collective bargaining agreement that provides the benefit.

Enrollment and Effective Date of Coverage

The annual open enrollment period is normally September - October. The effective date of the plan coverage will be Jan 1. - Dec. 31 of the following year.

New employees may enroll in the plan within 60 days of becoming eligible or during open enrollment. Coverage will become effective on the 1st of the month following enrollment, subject to campus and State Controller’s Office processing timelines.

Once coverage begins, you will not be able to change your contribution amount until the next open enrollment period, unless you have had a change in status. See explanation under the “Change of Status” section of this brochure.

Employees who do not enroll during the open enrollment period, will be eligible to enroll during any subsequent annual open enrollment period, or due to a change in status, as stated above.

You must re-enroll in the Dependent Care Reimbursement Account plan during every annual open enrollment period to participate during the following calendar year.

How to Enroll

You will need to obtain a Dependent Care Reimbursement Account Enrollment Authorization Form from your campus Benefits Representative. On the form, list the amount you want deducted each month from your paycheck on a pre-tax basis. You will be charged a small administrative fee that is deducted from your salary on an after-tax basis.

If you are a new employee, you may enroll within 60 days of your hire date to participate for the remainder of the calendar year.
Your Dependent Care Reimbursement Account (DCRA)

The CSU Dependent Care Reimbursement Account provides reimbursement for eligible dependent care expenses from your pretax income, via a special tax-free account set up for this purpose.

Each month, the dollar amount you preselect is deducted from your salary before federal, state and Social Security taxes are withheld. These deductions are held in your personal Dependent Care Reimbursement Account until you incur eligible expenses and file a claim for reimbursement. Even when paid out as reimbursements, the funds remain tax-free. Tax-free Dependent Care Reimbursement Accounts are governed by a number of rules, most of which are set by the Internal Revenue Service (IRS) and can be changed only by that agency.

Eligible Expenses

Dependent care expenses will be eligible for reimbursement through your DCRA provided the care is required in order for you to be gainfully employed. If you are married, your spouse also must be employed or actively looking for work, unless he/she is disabled or a full-time student. In addition, the Internal Revenue Code stipulates the following:

If you were divorced, legally separated, or lived apart from your spouse for all of the last six months of the preceding tax year, you may pay for dependent care for an eligible dependent child through your DCRA if:

1. You have custody of the child for the longer period of the year; and
2. You pay more than half the cost of maintaining the household; and
3. You are entitled to claim the child as a dependent on your income tax form or have legally waived your right to do so.

You are not required to use a day care center; care also may be provided in your home or someone else’s home. However, if care is received through a day care center, the day care center must provide care for six or more individuals who do not live there and must comply with all state and local licensing laws and regulations. Expenses for household services may be eligible if the services are partly for the care of the qualifying dependent.

Your provider must supply you with a Social Security number or a Taxpayer’s Identification Number (TIN). You will need this information when you file your income tax return for the year, even though you are not claiming a tax credit for your expenses.

Expenses for care provided by your spouse, by someone you are entitled to claim as a dependent for income tax purposes, or by your child under the age of 19 at the end of the tax year, are not eligible for reimbursement through your DCRA.

Expenses must be incurred within the plan year and while you are covered under the DCRA. Expenses are considered “incurred” when the services are provided, not when the bill is paid or received.

Ineligible Expenses

Some expenses that are not eligible for reimbursement under the DCRA plan include:

• expenses for sleepover camp;
• nursing home expenses;
• educational expenses;
• separately billed charges for activities, transportation, food, clothing, etc;
• any other expenses that are not eligible for deduction on your federal income tax return.

Eligible Dependents

Eligible dependents for whom DCRA reimbursements can be claimed are:

1. A child under age 13, for whom you or your spouse are entitled to claim dependent status on your income tax return. (See the first item under “Eligible Expenses” above, for the rule on dependency in cases of separation and divorce.)
2. A spouse who is physically or mentally unable to care for him/herself, or

1 You may claim reimbursement for expenses paid for your domestic partner if your domestic partner is a dependent.
3. A financially dependent member of your household, who regularly spends at least eight hours each day in your home.

Amount You Can Contribute

You can contribute any amount from a minimum of $20 per month to a maximum of $416.66 a month ($5,000 a year). However, if you are married but file a separate tax return, your annual maximum is $2,500.

The IRS requires certain other limits in special situations.

If you or your spouse earned income of less than $5,000 a year, your maximum contribution is equal to that person’s earned income.

If your spouse is a full-time student for at least five months of the year, or is incapable of self-care, and you have one dependent, your spouse is deemed to have income of $250 for each calendar month that your spouse is disabled or a full-time student. If you have two or more dependents, your spouse is deemed to have income of $416.66 for each such calendar month.

Note:

These limits may be lower for employees who are classified as “highly compensated employees.” If you should fit the qualification, you will be notified of the limit on your DCRA contributions. All contributions made to your DCRA by payroll deduction are exempt from federal, state and Social Security taxes. They will, however, be taken into account for your CalPERS deductions. DCRA contributions will have no impact on any other employer-provided benefits that may be based on your salary. There may be some impact on your Social Security benefits as discussed in the section titled “Effect on Social Security.”

Change In Status

Once the plan year has begun, you cannot make changes in your authorization unless there has been a change in your status, as defined by the IRS.

Please note that your election must be on account of and consistent with one of the following events:

• Change in Marital Status - Marriage, divorce, death of spouse, legal separation or annulment;
• Change in Number of Dependents - The birth, death, adoption or placement for adoption of a child;
• Termination/Commencement of Employment - The beginning or the end of employment of the employee, spouse or dependent;
• Change in Work Hours - Change in work schedule including a reduction or increase in hours, full-time/part-time switch, start/stop of unpaid leave of absence or a strike or lockout of employee, spouse or dependent;
• Dependent begins or ceases to meet eligibility - Your dependent satisfies (or ceases to satisfy) dependent eligibility requirements for DCA;
• Significant increase or decrease in cost of your dependent care provider (as long as provider is not a relative);
• Change in dependent care provider;
• Judgement, decree, court order, or Qualified Medical Child Support Order (QMCSO).

If you have a change in status, you may increase (up to the appropriate IRS limit), decrease, start, or stop your contributions by filing a new Authorization Form within 60 days of the status change. Any change you make must be on account of and consistent with the change in status.

If you stop your contributions, you may continue to submit any eligible expenses incurred before you stopped participating for the remainder of the plan year or until your account is exhausted, whichever comes first. (The same rule applies if you should terminate your CSU employment for any reason.)

How to Plan Your Contributions

If you are already paying dependent care expenses, you probably know your annual expenditures. By looking at your records for the past year, and inquiring about any increase in fees planned by your provider, you can estimate your contributions.

If dependent care expenses will be a new item in your budget, because you are expecting a baby or planning to take charge of a disabled relative, you will need to investigate available resources and their costs.
You must estimate your eligible expenses very carefully. As noted earlier, your authorization is irrevocable during the plan year unless you have a change in status event. In addition, any money left in your DCRA after your expenses have been paid for the year will be forfeited. The IRS will not permit excess contributions to be refunded or carried over into the next plan year.

Comparing DCRA Contributions with the Tax Credit

Dependent care expenses may qualify for a tax credit on your income tax return. The credit you can claim is based on your adjusted household gross income and the number of eligible dependents you have. You should consider which method will offer you the greatest tax savings.

There is no established rule about who may benefit from one method or another; your own situation can be determined only by a close look at your records. Personal tax situations vary. You should carefully consider the impact a DCRA will have on your tax status. You may want to consult your financial planner or tax advisor.

On January 1, 2003 (the 2003 tax year), the tax credit increased from $2,400 to $3,000 for one dependent and from $4,800 to $6,000 for two or more dependents. The amount of expenses eligible for the dependent care tax credit will be reduced, dollar for dollar, by the amount of expenses reimbursed through a DCRA. For example, if in the 2003 tax year you have one dependent for whom you pay $4,000 in dependent care expenses during the year, and decide to pay $3,000 through your DCRA, you will lose all tax credit eligibility and the additional $1,000 in expenses cannot be claimed as a tax credit, even though the expenses were different from those claimed under the DCRA.

Effect on Social Security

Depending upon your salary, your Social Security deductions may also be reduced by your contributions to a DCRA. This means your Social Security benefits at retirement may also be reduced slightly, because you have paid Social Security taxes on a lower wage. You also should take this into consideration as you make your decision about enrolling. For more information, you may also want to consult your tax advisor or financial planner.

IRS Dependent Care Reporting Requirements

The Internal Revenue Service requires taxpayers who claim either a dependent care credit or a DCRA exclusion to report certain information with their income tax returns on form 2441 (1040 filers) or Schedule 2 (1040A filers). The information required includes the name, address, and Taxpayer’s Identification Number (TIN) of the care provider. For individuals, their Social Security numbers are their TINs. For others, the employer identification number is generally the correct TIN. However, the TIN is not required for dependent care provided by a tax-exempt organization. If the required information is not supplied, the taxpayer will lose the credit or exclusion, unless he or she can show that due diligence was exercised in attempting to furnish it.

Any one of the following documents may be used to show due diligence:

1. A completed Form W-1O, Dependent Care Provider’s Identification and Certification. This is an IRS form that individuals should give to each of their care providers to complete and return;
2. A copy of the care provider’s Social Security card or driver’s license;
3. A recently printed letterhead or printed invoice from the provider; or
4. A copy of the completed Form W-4, Employee’s Withholding Allowance Certificate, if the provider is the taxpayer’s household employee.
How To Claim Reimbursement

CSU Dependent Care/Health Care Reimbursement Account claim forms are available from your Benefits Representative. Claim forms can be downloaded from the Claim Administrator’s website at: http://www.asiflex.com.

You can file a claim for reimbursement by completing the form and attaching an itemized bill for your dependent care expenses. If you wish to keep your originals, you may submit photocopies of your bills, but the information on the claim form itself must be original, not photocopied.

Each claim must include the name of the employee, the name of the dependent receiving care, the name and address of the person or facility providing care, dates of care, amounts charged, and the tax identification number of the care provider. (See the previous section, “IRS Dependent Care Reporting Requirements,” for an explanation of provider tax identification numbers.) Claims cannot be paid without such verification of expenses, and copies of canceled checks are not sufficient documentation.

If the bill you are submitting is more than the amount currently in your DCRA, fill in the total amount of the bill as the reimbursement amount you are requesting. Although your actual reimbursement cannot exceed the amount currently in your account, excess expenses will be pended and paid to you automatically, as soon as additional money is available in your DCRA account (within the same plan year).

You will need to send completed claim forms to the Claim Administrator’s address, as specified on the claim form. Claim reimbursements are paid twice per month. If your claim is received by the 5th of the month, reimbursement will be mailed, or sent to your account electronically (if you elect this option) by the 15th of the month. Claims received by the 20th will be reimbursed in like manner (as stated above) by the end of the same month. There is no minimum reimbursement amount.

You may file claims for expenses incurred during a plan year any time up to six months after the end of the plan year (June 30 of the next year.) Any balance remaining in your Dependent Care Reimbursement Account after that date will be forfeited.

Claims Denial and Appeal

You will receive written notice of any denied claims. You will have 180 days from the date of the written notice to file an appeal of that specific claim denial with the claims office. The claims office will provide you with a written notice of the resolution of the appeal within 60 days of the appeal.

Termination of Your Participation/Plan

Your participation in the Dependent Care Reimbursement Account will end as of the later of the following:

⇒ At the end of the month in which you last contributed (for claim filing purposes, eligible expenses only will be reimbursed for services provided through the end of this period.).
⇒ The end of the current plan year if you fail to reenroll during the annual open enrollment period.
⇒ The date you have been reimbursed for the entire elected annual contribution amount, and have zero funds left in your account, following cancellation or failure to reenroll.
⇒ Upon termination of your employment.
⇒ The date of your death.
⇒ Upon termination of this plan.

This plan may be terminated by the CSU only as of the end of any plan year. Any amounts credited to your account as of the end of the plan year, and unclaimed through the reimbursement process by the following June 30, will be forfeited.

Final Note

Through the Dependent Care Reimbursement Account, it is possible to pay for dependent care expenses on a tax-advantaged basis easily and automatically. Carefully consider your decision to participate. If you are eligible, you’ll find it a worthwhile addition to your CSU benefits package.

Overview

The CSU Health Care Reimbursement Account, a voluntary benefit for eligible employees, offers you the ability to pay for eligible out-of-pocket health care expenses with pre-tax dollars. If you enroll in the plan, the contributions you make to your account are deducted from your pay before federal, state and Social Security taxes are calculated. Your taxable income is reduced, and consequently, your taxable income reflected on your annual W-2 statement is reduced. Expenses eligible to be reimbursed from the Health Care Reimbursement Account are expenses that are medically necessary but not covered by your own, or another insurance plan, and are expenses incurred by you, your spouse, and your dependents1 as defined under IRS Code 152. The “Eligible Expenses” section of this brochure provides more information on reimbursable expenses. Expenses solely for cosmetic reasons or expenses that are merely beneficial to your general health are not reimbursable, as they are not medically necessary.

If you wish to participate in this plan, you must enroll each year you want to participate.

Eligible Employees

You are eligible to enroll in the Health Care Reimbursement Account if you are in an Executive, Management Personnel Plan (MPP), Confidential or other nonrepresented position, or are covered by a collective bargaining agreement that provides the benefit.

Enrollment and Effective Date of Coverage

The annual open enrollment period is normally September - October. The effective date of plan coverage will be Jan. 1 - Dec. 31 of the following year.

New employees may enroll in the plan within 60 days of becoming eligible or during open enrollment. Coverage will become effective on the 1st of the month following enrollment, subject to campus and State Controller’s Office processing timelines.

Once your coverage begins, you will not be able to change your contribution amount until the next open enrollment period unless you have had a change in status. See explanation under the “Change in Status” section of this brochure.

Employees who do not enroll during the open enrollment period will be eligible to enroll during any subsequent annual open enrollment period, or due to a change in status, as stated above.

You must re-enroll in the Health Care Reimbursement Account plan during every annual open enrollment period to participate during the following calendar year.

**Your Health Care Reimbursement Account (HCRA)**

The Health Care Reimbursement Account provides reimbursement of eligible health care expenses that you or your eligible family members incur, via a special tax-free account set up for this purpose.

Each month, the dollar amount you preselect is deducted from your salary before federal, state and Social Security taxes are withheld. These deductions are held in your personal Health Care Reimbursement Account until you incur eligible expenses and file a reimbursement claim. Reimbursement claim payments are not taxable.

Tax-free Health Care Reimbursement Accounts are governed by a number of rules, most of which are set by the Internal Revenue Service (IRS) and can be changed only by that agency.

**Eligible Expenses**

Expenses eligible to be reimbursed from the Health Care Reimbursement Account are uninsured and medically necessary expenses that are incurred by you, your spouse, and your dependents. These include expenses for the diagnosis, cure, treatment or prevention of disease, and for treatments affecting any part or function of the body. Expenses may also be to alleviate or prevent a physical defect or illness. Expenses incurred solely for cosmetic reasons or expenses that are merely beneficial to a person’s general health are not eligible for reimbursement.

To be reimbursed, expenses must be incurred within the plan year for which you are enrolled in your Health Care Reimbursement Account. Expenses are considered incurred when the services are provided, not when the bill is paid or received.

Below is a partial list of expenses eligible for reimbursement under the Health Care Reimbursement Account. IRS Publication No. 502 may be used as a general guide, however, be aware that in some instances CSU policy may differ. Please see CSU list of “Ineligible Expenses” on the next page. If you have any questions, please contact your campus Benefits representative.

**Medical Expenses**

- ✅ Deductibles;
- ✅ Copayments;
- ✅ Charges for routine check-ups, physical examinations, and tests connected with routine exams;
- ✅ Charges over the “reasonable and customary” limits;
- ✅ Expenses not covered by the medical plan due to a pre-existing condition, or exclusion by the insurance company;
- ✅ Drugs requiring a doctor’s prescription (cost not covered by insurance);
- ✅ Smoking cessation programs and related prescription drugs;
- ✅ Weight loss programs, supported by a physician’s statement, including membership, or program fees for individuals diagnosed with hypertension or obesity (weight-loss programs for general health improvement, do not qualify as an eligible expense); and
- ✅ Other expenses not covered by the medical plan that qualify as a federal income tax deduction, such as special services and supplies for the disabled.

**Dental Expenses**

- ✅ Deductibles;
- ✅ Copayments;
- ✅ Expenses that exceed the maximum annual amount allowed by your dental plan;
- ✅ Charges over the “reasonable and customary” limits; and
- ✅ Orthodontia treatments that are not strictly cosmetic. Eligible orthodontic expenses can include: required down payments, monthly payments, and banding fees.
Initial requests for reimbursement of orthodontic treatment must include a contract or statement from the orthodontist. This documentation must reflect the beginning date of treatment, total cost of treatment, and estimated length of treatment. The entire cost of treatment must be prorated over the entire anticipated treatment period. This means that you can only receive reimbursement for orthodontic costs incurred during each plan year of participation, even if you pay the entire treatment cost in the current plan year. Participants who expect treatment to extend beyond the plan year he/she is currently enrolled in, are encouraged to re-enroll for the following plan year for reimbursement of pending expenses.

Vision and Hearing Expenses

- Vision examinations and treatment (cost not covered by insurance plan);
- Cost of eyeglasses, prescription sunglasses, contact lenses including lens solution and enzyme cleaner;
- LASIK surgery; and
- Cost of hearing aids and batteries.

Ineligible Expenses

This is a brief summary of ineligible expenses under the CSU plan. If you have any questions, please contact your campus Benefits Representative.

- Any and all insurance premiums, warranty fees, or service contracts;
- Long term care expenses (including nursing home charges);
- Surgery or procedures that are strictly cosmetic, such as electrolysis, hair transplants, plastic surgery, spider vein removal, teeth whitening or veneers;
- Health club dues (even if doctor prescribed);
- Marriage and family counseling; and
- Non-prescription medicines and vitamins.

Amount You Can Contribute

You can contribute a minimum of $20 to a maximum of $416.66 each month to your account. Contributions must be made by payroll deduction. The CSU permits an annual maximum of $5,000 for a full plan year.

The limits noted above may be lower for employees who are classified as “highly compensated employees” according to IRS rules. You will be notified of the limit on your Health Care Reimbursement Account contributions, if any apply.

Your payroll deductions are exempt from federal, state and Social Security taxes, however, they are not exempt from CalPERS retirement contributions. Your account contributions have no impact on any other employer-provided benefits that are based on your salary. There may be some impact on your Social Security benefits as discussed in the section titled “Effect on Social Security.”

Change in Status

Once the plan year has begun, you cannot make changes in your authorization unless you experience a change in status, as defined by the IRS and recognized under this plan. Your election to change must be on account of and correspond with one of the following events:

⇒ Change in Legal Marital Status – Marriage, divorce, death of spouse, legal separation or annulment;
⇒ Change in Number of Dependents – The birth, death, adoption, loss of legal custody or placement for adoption of a child;
⇒ Termination/Commencement of Employment – The beginning or the end of employment of the employee, spouse or dependent, that impacts coverage of the employee, spouse or dependent;
⇒ Change in Work Hours – Start/stop of unpaid leave of absence or a strike or lockout of employee, spouse or dependent;
⇒ Entitlement to Medicare or Medicaid – Employee, spouse or dependent gains or loses eligibility for Medicare or Medicaid; or
⇒ Judgment, decree, court order, or Qualified Medical Child Support Order (QMCSO).
All events listed above qualify as a change in status event only if they result in a gain or loss of eligibility under the CSU or another plan.

If you experience a change in status event, you may increase (to the appropriate limit), decrease, start, or stop your contributions by filing a new Health Care Reimbursement Account Authorization form within 60 days of the status change. Any change you make must correspond with the change in status event. If you stop your contributions, you may continue to submit eligible expenses incurred prior to the date your plan participation ends. (See the “COBRA” section for rules on continuing coverage if your CSU employment terminates for any reason, or you go on a leave of absence without pay.)

How to Plan Your Contributions

If you are already paying for health expenses (including medical, dental and vision) not paid by insurance, you probably know your annual expenditures. By looking at your records for the past year and identifying anticipated out-of-pocket medical, dental, and/or vision costs, you can estimate the contributions you want to make to the Health Care Reimbursement Account.

You must estimate your eligible expenses very carefully. As noted earlier, your authorization is irrevocable during the plan year unless you have a change in status event. In addition, any money left in your Health Care Reimbursement Account after your expenses have been paid for the year will be forfeited. The IRS will not permit excess contributions to be refunded or carried over into the next plan year.

In addition, the IRS prohibits the transfer of funds from one pre-tax account to another during the plan year. If you participate in both the Dependent Care Reimbursement Account and the Health Care Reimbursement Account, you cannot use your Health Care Reimbursement Account for reimbursement of dependent care costs, or vice versa.

Effect on Social Security

Depending upon your salary, your Social Security deductions may also be reduced by your contributions to the Health Care Reimbursement Account. This means your Social Security benefits at retirement may also be reduced slightly, because you have paid Social Security taxes on a lower wage amount. You should take this into consideration as you make your decision about enrolling in the Health Care Reimbursement Account. (For more information, you may wish to consult your tax advisor or financial planner.)

How to Claim Reimbursement

CSU Health Care Reimbursement Account claim forms are available from your campus Benefits Representative. Claim forms are available for download from the Claim Administrator’s website at: http://www.asiflex.com.

You can file a claim for reimbursement by completing the form and attaching an itemized bill for your health care expenses. If you wish to keep your originals, you may submit photocopies of your bills, but the information on the claim form itself must be original, not photocopied. Claims cannot be paid without such verification of expenses, and copies of canceled checks are not sufficient documentation.

You will need to send completed claims to the Claim Administrator’s address, as specified on the claim form. Reimbursements are paid twice per month. If your claim is received by the 5th of the month, reimbursement will be mailed, or sent to your account electronically (if you elect this option) by the 15th of the month. Claims received by the 20th will be reimbursed in like manner (as stated above) by the end of the same month. There is no minimum reimbursement amount.

You may file claims for expenses incurred during a plan year any time up to six months after the end of the plan year (June 30 of the next year.) Any balance remaining in your Health Care Reimbursement Account after that date will be forfeited.
You will be reimbursed for the full amount of any eligible claim submitted, even though you may not have yet contributed enough money through payroll deductions to your HCRA account to cover the submitted expenses. The total claims paid will not exceed the maximum you elected to contribute for the plan year.

Claims Denial and Appeal

You will receive written notice of any denied claims. You will have 180 days from the date of the written notice to file an appeal of that specific claim denial with the claims office. The claims office will provide you with a written notice of the resolution of the appeal within 60 days of the appeal.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

If you lose your eligibility to participate in the Health Care Reimbursement Account for any reason during the plan year (i.e., leave of absence without pay, retire, terminate, etc.), you may continue to make contributions on an after tax basis to your account under COBRA through the end of the plan year. You must have a positive account balance at the time you separate or go on leave without pay in order to participate. However, no account balance is required if you are on an unpaid Family Medical Leave (FMLA). You must elect COBRA within 60 days of the later of notification of a qualifying event, or the loss of eligibility. There are no tax savings on contributions you make to your account under COBRA. Your eligibility will terminate at the end of the month in which you last contributed, and you only will be reimbursed for eligible expenses that were incurred through this period. If you choose not to continue contributions under COBRA, the funds you have already contributed to your account will not be available for reimbursement of expenses you incur after the date you are no longer eligible.

Termination of Your Participation/Plan

Your participation in the Health Care Reimbursement Account will end as of the later of the following:

⇒ At the end of the month in which you last contributed (for claim filing purpose, eligible expenses only will be reimbursed for services provided through the end of this period).
⇒ The end of the current plan year if you fail to reenroll during the annual open enrollment period.
⇒ The date you have been reimbursed for the entire elected annual contribution amount, and have zero funds left in your account, following cancellation or failure to reenroll.
⇒ Upon termination of your employment unless you qualify for and elect COBRA.
⇒ The date of your death, unless your beneficiary qualifies for, or elects COBRA.
⇒ Upon termination of this plan.

This plan may be terminated by the CSU only as of the end of any plan year. Any amounts credited to your account as of the end of the plan year, and unclaimed through the reimbursement process by the following June 30, will be forfeited.

Final Note

Through the Health Care Reimbursement Account, it is possible to pay for health care expenses on a tax-advantaged basis easily and automatically. Carefully consider your decision to participate. If you are eligible, you’ll find it a worthwhile addition to your CSU benefits package.
