Greetings from HR Administration! In an effort to simplify the data collection process and minimize the workload for campuses, HR Administration created a new MPP Benchmark Salary Survey data collection tool in Microsoft Access. These changes were based on campus recommendations, with one goal in mind: create the least amount of work for CSU HR Professionals while delivering the highest quality report. With this new database tool, you only need to provide a few data elements for each benchmark match. HR Administration will then retrieve the remainder of the employee data (base salary, grade level, MPP Job Code, etc.) from the Campus Information Retrieval System (CIRS). We hope you find the new process to be user-friendly, fast and efficient. We welcome any feedback and suggestions you may have for further enhancements.

If you need any assistance, please contact Ezequiel Navarro or Arlene Coronel at (562) 951-4411.
