ADT eVerify Eligibility Status Descriptions

Eligibility Status	Description
Blank	Default status. The California Community College (CCC) has not reviewed record.
Completed; degree posted	Student has completed/earned the reported ADT and the degree is posted.
In-progress, will complete by spring term (fall applications only)	Student is a declared ADT student in the correct major, has applied/notified CCC their intention to complete the degree (applied for graduation) for the spring term, and is on track to completing degree requirements.
In-progress, will complete by the end of fall term YEAR (spring applications only)	Student is a declared ADT student in the correct major, has applied/notified CCC their intention to complete the degree (applied for graduation) for the fall term, and is on track to completing degree requirements. Note: Priority admission for spring using the ADT requires a completed degree by the summer term. The CSU accepts the fall ADT for articulation benefits.
In-progress, will complete AFTER spring In-progress, will complete AFTER fall	Use for cases where the applicant is pursuing the ADT and will complete all requirements after the term indicated.
Verification provided directly to student	Use for cases where student reported the incorrect ADT in the application or is earning the degree from another college in the district. The college can complete the paper verification for the correct ADT and/or additional ADT. The verification is provided to student who is responsible for submitting verification form to the CSU campus(es).
Not verified - Did not apply for graduation	Applicant did not submit a petition/application to graduate
Not verified - Earned/earning different degree	Applicant misidentified the degree on the application and did not earn or is not earning the degree they reported.
Not verified - Missing requirements and/or Missing Units	Applicant will not have all of the degree requirements (units, courses, GPA) to qualify for the degree.
Not verified - Other	Used at the discretion of the community college for scenarios outside of the other Not Verified status options.
