

CSU Certificate Program in Student Success Analytics

CSU Board of Trustees
Committee on Educational Policy—Item 4
July 11-13, 2022

Increasing Access to Data

- Administrators
- Faculty
- Staff

3

2018

2019

2020

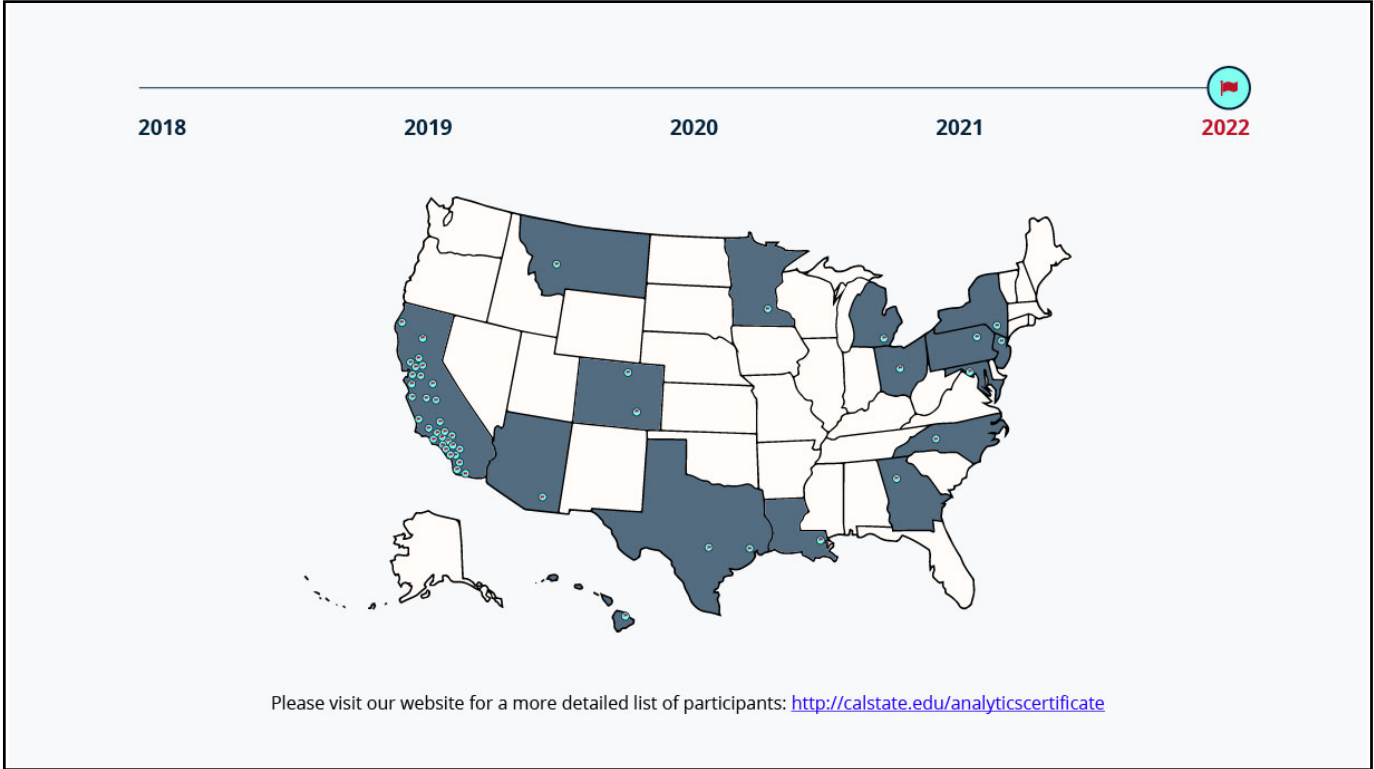

2021

2022

Our 2018 Analytics Certificate Program includes participations from:

- Cal State East Bay
- San Francisco State

Data and Discussion

Focused data conversations result in:

- Awareness of issues
- Actionable insights
- Catalyst for change for closing equity gaps and supporting student success

Connect and Create

- Creates the space for new ideas
- Creates the structure to breakdown silos
- Encourages cross-campus and intersegmental collaboration

7

Impact: College-level

California State University, Long Beach

- Faculty-developed Student Success Dashboard Workshop
- Focus on course section data and curriculum through equity

8

Impact: Systemwide

Council of Library Deans

- Impact of low- and zero-cost textbooks on course passing rates
- Alignment with CSU's Affordable Learning Solutions

9

Impact: Community Colleges

CSUCI and Oxnard College

- Focus on transfer student success
- Collaborating on intersegmental data sharing

10

A Culture of Change

- Accessible data creates agents for change
- Dashboard available to all CSU employees
- Certificate program helps to break through barriers to student success
