   a. Resources: GEAC charge 2023-24, item #1, paragraph #2
“Following board action to update relevant sections of Title 5 related to Educational Program and Admission Requirements, faculty will be engaged in implementation of a variety of changes related to Cal-GETC. For example, all Transfer Model Curricula (TMC) will need to be updated, and faculty advisors will need updated materials and training. What resources would GEAC recommend that the Chancellor’s Office provide to universities to support implementation of these changes? Please provide this response by April 15, 2024.”

Invited guest: Interim AVC Laura Massa (time certain: 1:00) to answer three questions.

We have heard that considerable resources have been set aside for the implementation of Cal-GETC on the CSU side (per Nathan’s comment on 2/9/24). We are interested in the Chancellor's Office's plans in this area, and so we would like you to respond to the following questions:
1) What are those resources?
2) How will the resources be allocated; that is, which areas of the work (itemized) get what kind of support including exact $ figures?
3) What processes were followed to allocate those funds?

The following was mentioned at the last GEAC meeting:
- Charging campus CIOs with determining the costs for reprogramming PeopleSoft.
- Compensating faculty for their time to make the changes and covering necessary costs for material changes and training on the changes.
- Convening the FDRGs and supporting their work with either stipends or reassigned time to check alignment of the TMCs with Cal-GETC.

**Cal-GETC Administrative Implementation Guidance**

b. *General Education waivers: GEAC Charge 2023-24, item #2*
   “Please provide recommendations for both a policy and process for a campus to request waivers of GE course requirements for specific undergraduate programs.”

**Report by the special committee** – proposal to be discussed and to be voted on.
