COMMITTEE ON CAMPUS PLANNING, BUILDINGS AND GROUNDS

California State University, Dominguez Hills Affordable Student Housing, Phase 4 and Dining Commons
(RCPBG 01-23-01)

RESOLVED, By the Board of Trustees of the California State University, that:

1. The California State University, Dominguez Hills Affordable Student Housing Phase 4 and Dining Commons project will benefit the California State University.

2. The Addendum dated December 2022 has been considered with the Master Plan Update Final EIR certified in September 2019 and the project before the Board of Trustees is consistent with the Master Plan and previously certified Master Plan Update Final EIR.

3. Applicable mitigation measures shall be implemented, monitored, and reported in accordance with the requirements of the California Environmental Quality Act (Cal. Pub. Res. Code § 21081.6).

4. Given the project is over budget, the board requests the campus work to reduce the budget shortfall by modifying the proposed design and/or identifying additional funds. Approval of the revised design for the project is delegated to the Chancellor for approval given the budget exceeds the $40,000,000 threshold for delegated authority. The campus will return to the board for the approval of the project financing at a future board meeting.
RESOLVED, by the Board of Trustees of the California State University, that:

1. The Board of Trustees finds that the FEIR has been prepared in accordance with the requirements of the California Environmental Quality Act.

2. The FEIR addresses the California State Polytechnic University, Humboldt Student Housing project master plan revision and all discretionary actions related to the project as identified in the FEIR.

3. The Board of Trustees hereby certifies the FEIR for the California State Polytechnic University, Humboldt Student Housing project dated January 2023.

4. Prior to the certification of the FEIR, the Board of Trustees reviewed and considered the above FEIR and found it to reflect the independent judgment of the Board of Trustees. The Board of Trustees hereby certifies the FEIR as complete and adequate and finds that it addresses all potentially significant environmental impacts of the project and fully complies with the requirements of CEQA. For purposes of CEQA and the State CEQA Guidelines, the administrative record includes the following:
   a. The DEIR for the California State Polytechnic University, Humboldt Student Housing project;
   b. The FEIR, including comments received on the DEIR, responses to comments, and revisions to the DEIR in response to comments received;
   c. The proceedings before the Board of Trustees relating to the California State Polytechnic University, Humboldt Student Housing project, including testimony and documentary evidence introduced at such proceedings; and
   d. All attachments, documents incorporated by reference, and references cited in the documents specified in items (a) through (c) above.

5. This resolution is adopted pursuant to the requirements of Section 21081 of the Public Resources Code and Section 15091 of the State CEQA Guidelines, which require the Board of Trustees to make findings prior to the approval of the project.
6. The Board of Trustees hereby adopts the CEQA Findings of Fact and Mitigation and Monitoring Program. The required mitigation measures shall be monitored and reported in accordance with the Mitigation Monitoring and Reporting Program, which meets the requirements of CEQA.

7. The Board of Trustees hereby adopts the Statement of Overriding Considerations stating that project benefits to The California State University outweigh the remaining significant and unavoidable aesthetics and noise impacts.

8. The FEIR has identified seven significant or potentially significant effects that could result from implementation of the California State Polytechnic University, Humboldt Student Housing project. The Board of Trustees, by adopting the Findings of Fact, finds that the inclusion of certain mitigation measures as a part of the project approval will reduce most, but not all, of these effects to less than significant levels. The effects that cannot be reduced to less than significant levels, including aesthetic impacts related to impacts on a scenic vista, impacts on views from a designated scenic highway, and impacts on visual character and public views of the project site, and short-term construction noise impacts at a single off-site residential location, are identified as significant and unavoidable and are overridden due to specific project benefits to the CSU identified in the Findings of Fact and Statement of Overriding Considerations.

9. The project will benefit the California State University.

10. The schematic plans for the California State Polytechnic University, Humboldt Student Housing project are approved at a project cost of $215,998,000 at CCCI 7528.
