This AGREEMENT is made and entered into this twenty-third day of June 2023 pursuant to the Public Contract Code 10700, et seq., by and between the Trustees of the California State University on behalf of:

University, hereafter referred to as Trustees, and
California State University

Amendment No.: 
N/A

Agreement No.: 
22-681

Is agreement for 
Design Professional services: 
Yes (GP-sb)

Project No.: 
Systemwide MEA

Service Provider, hereafter referred to as Service Provider.
Willdan Engineering

CSU Vendor ID No.: 
N/A

License Number: 
C78864

The Service Provider shall provide Plan Check and/or Preliminary Code Assessment review services for public works projects submitted by the California State University. This agreement is a Master Enabling Agreement (MEA) under which each University and the administrative office of the California State University may engage the services of Service Provider as provided herein. Universities and the administrative office shall execute a Service Order and Authorization to Proceed (Exhibit C or Exhibit C-1) to secure Service Provider’s peer review services under this Agreement.

The Service Provider shall provide such services as more fully described in the following Rider and Exhibits, which by this reference are incorporated herein and made part of this Agreement:

Rider A
Agreement General Provisions, consisting of five (5) pages.

Exhibit A
Scope of Work Construction Document Plan Check Review, consisting of eleven (11) pages.

Exhibit A-1
Scope of Work Preliminary Code Assessment Review Services, consisting of four (4) pages.

Exhibit B
Hourly Rate Schedule, consisting of one (1) page.

Exhibit C
Service Order and Authorization to Proceed, Plan Check and/or Preliminary Code Assessment Review, consisting of one (1) page.

The term shall begin upon receipt of an executed Agreement from the Trustees and shall end as of June 30, 2025, with the option given the Trustees of extending the Agreement with the same terms and conditions for three (3) additional two (2) year periods. Work elements started during the term shall continue to their completion and acceptance by the Trustees.

The Service Provider shall not perform services in excess of the Agreement without prior written authorization to proceed from the Trustees’ Representative. The total amount to be expended under this Agreement shall be determined by the overall usage by each participating University and administrative office of the California State University. Service Provider shall report to Trustees’ Representative, Universities, and the administrative offices.

The basic services amount to be expended under this Agreement shall be determined by the overall usage of each participating University and the administrative office of the California State University. Payment shall be made in accordance with Exhibit A, Exhibit A-1 and Exhibit B.

This Agreement may be executed in counterparts all of which taken together shall constitute one and the same Agreement. The exchange of copies of this Agreement by electronic mail in “portable document format” (“PDF”) form or by other similar electronic means shall constitute effective execution and delivery of this Agreement and shall have the same effect as copies executed and delivered with original signatures.
Rider A - Agreement General Provisions, Service Provider

1. Service Provider Relationship. Service Provider, in the performance of this Agreement, is an independent contractor and is not an employee, agent, or officer of the Trustees.

2. Payments. Payments under this Agreement shall be made in arrears of work increment completed to the satisfaction of the Trustees and upon submission of an invoice in CSU invoice format. If not otherwise specified payments for services rendered will be processed monthly upon presentation of invoice.

3. Services. Trustees may issue a written order with respect to the services to be performed under this Agreement at any time before the completion of the services. Trustees shall pay Service Provider an amount for such services as provided in this Agreement, or if not so provided, Trustees shall pay Service Provider a reasonable amount, which shall be agreed upon by the parties.

4. Service Provider shall not utilize any information, not a matter of public record, which is received by reason of this Agreement, for pecuniary gain not contemplated by the terms of this Agreement, regardless of whether Service Provider is or is not under contract at the time such gain is realized (Education Code Section 89006).

5. Ownership. The report, survey, or other product developed by Service Provider pursuant to this Agreement is the property of Trustees and shall not be disseminated to others by Service Provider unless authorized by Trustees.

6. Termination for Convenience. Trustees may terminate this Agreement upon a three (3) business-day advance written notice to Service Provider. In the event of such termination, Service Provider shall be paid only for the work satisfactorily completed.

7. Termination for Cause. Trustees may terminate this Agreement for cause should Service Provider fail to perform as herein provided. In the event of such termination, Trustees shall be relieved of the obligation to make any payment to Service Provider and Trustees may proceed by other means with the work in any manner the Trustees deem proper.

8. Indemnification. The Indemnification subsection below, next to the checked box, applies to this agreement, while the subsection next to the unchecked box does not apply to this agreement.

a. ☐ Provisions of item 8a shall apply if the agreement is with a Service Provider that does not qualify under the provisions of California Civil Code section 2782.8. The Service Provider agrees to hold harmless, defend, and indemnify the State of California, the Trustees of the California State University, the University, and the officers, employees representatives, and agents of each of them from any and all claims, damages, losses, causes of action and demands, and all costs and expenses incurred in connection therewith, including, but not limited to, attorneys’ fees and costs resulting from or in any manner arising out of or in connection with any negligent act or omission or willful misconduct on the part of the Service Provider, its officers, agents, and employees, in the performance of this Agreement. This provision shall survive the expiration or termination of this Agreement.

b. ☑ Provisions of item 8b shall apply if the agreement is with a Service Provider that does qualify under the provisions of California Civil Code section 2782.8 and the scope of work is for design professional services. The Service Provider agrees to hold harmless, defend, and indemnify the State of California, the Trustees of the California State University, the University, and the officers, employees representatives, and agents of each of them from any and all claims, damages, losses, causes of action and demands, and all costs and expenses incurred in connection therewith, including, but not limited to, attorneys’ fees and costs to the extent arising out of, pertaining to, or relating to the negligence,
recklessness, or willful misconduct on the part of the Service Provider, its officers, agents, and employees, in the performance of this Agreement. In no event shall the cost to defend charged to the Service Provider exceed the Service Provider’s proportionate percentage of fault. However, notwithstanding the previous sentence, in the event one or more defendants is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, the Service Provider shall meet and confer with other parties regarding unpaid defense costs. Service Provider’s liability is not limited to recoverable insurance. This provision shall survive the expiration or termination of this Agreement.

The provisions of section 8b pertaining to the duty and cost to defend shall not apply to either of the following:

1) Any contract for design professional services per the provisions of California Civil Code section 2782.8, or amendment thereto, where a project-specific general liability policy ensures all project participants for general liability exposures on a primary basis and covers all design professionals for their legal liability arising out of their professional services on a primary basis.

2) A design professional per the provisions of California Civil Code Section 2782.8, that provides design professional service and is party to a written design-build joint venture agreement and not the primary holder of the Trustees and Design-Builder contract.

9. Insurance Provisions. The Service Provider shall not commence work until the Trustees have received evidence of the insurance required in this section and approved it.

a. Service Provider shall obtain the following policies and coverage. The insurance furnished by the Service Provider under this section shall provide coverage in amounts not less than the following, unless a different amount is stated in Exhibit A, Scope of Work Description:

1) Comprehensive or Commercial Form General Liability Insurance:
   On an occurrence basis, cover work done or to be done by or on behalf of the Service Provider and shall provide insurance coverage for bodily injury, personal injury, property damage, and contractual liability. The aggregate limit shall apply separately to the work. Limits of Liability:
   $2,000,000 General Aggregate
   $1,000,000 Each Claim - combined single limit for bodily injury and property damage.

2) Business Automobile Liability Insurance:
   On an occurrence basis, cover owned, scheduled, hired, and non-owned automobiles used by or on behalf of the Service Provider and shall provide insurance coverage for bodily injury, property damage, and contractual liability. Use Insurance Service Office (ISO) Form Number CA 0001 covering any automobile. Limits of Liability:
   $1,000,000 Each Accident - combined single limit for bodily injury and property damage.

3) Workers’ Compensation Insurance:
   This insurance shall include Employers Liability limits of $1,000,000 and other limits required under California law.

4) Professional Liability Insurance:
   Professional liability (errors and omissions) insurance on an occurrence basis is preferred, covering work done or to be done by or on behalf of the Service Provider and providing insurance for professional liability in the amount of $1,000,000 each occurrence. The Service Provider shall obtain and maintain professional liability insurance on a claims-made basis for no less than $1,000,000 each claim and
$2,000,000 annual aggregate, and certification of coverage shall be submitted to the Trustees upon signing of this Agreement. If the total contract amount exceeds $1,000,000 the Service Provider shall renew and keep such insurance in effect for at least ten (10) years after the recordation of the notice of completion.

For any of the insurance described in the paragraphs above, the amount of limits can be satisfied by a combination of primary and excess or umbrella insurance.

b. Insurers shall be authorized in the State of California to transact insurance and shall hold a current A.M. Best’s rating of no less than A: VII or alternatively a carrier acceptable to the Trustees.

Verification of coverage shall be provided as follows:

1) The Service Provider shall submit to the Trustees copies of certificates of insurance and endorsements to the policies of insurance required by the Agreement as evidence of the insurance coverage.

2) The scope of coverage shall be shown on the certificate of insurance.

3) The Service Provider shall provide written notice of cancellation of coverage within thirty (30) days to the Trustees.

4) The Service Provider shall notify the Trustees in writing of any material change in insurance coverage.

5) Renewal certifications shall be timely filed by the Service Provider for coverage until the work is accepted as complete.

6) Trustees reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these provisions, at any time.

c. Insurance policies except for Workers Compensation and Professional Liability insurance shall contain, or be endorsed to contain, the following provisions:

1) For the general policies, the State of California, the Trustees of the California State University, the University, their officers, employees, representatives, volunteers, and agents shall be covered as additional insureds.

2) For claims related to the work, the Service Provider’s insurance coverage shall be primary insurance as respects the State of California, the Trustees of the California State University, the University, their officers, employees, representatives, volunteers, and agents. Insurance or self-insurance maintained by the State of California, the Trustees of the California State University, the University, their officers, employees, representatives, volunteers, and agents shall be in excess of the Service Provider’s insurance and shall not contribute with it.

3) The State of California, the Trustees of the California State University, the University, their officers, employees, representatives, volunteers, and agents shall not by reason of their inclusion as additional insureds incur liability to the insurance carriers for payment of premiums for such insurance.

1) Any deductible under any policy of insurance required in this section shall be the Service Provider’s liability.

2) Acceptance of certificates of insurance by the Trustees shall not limit the Service Provider’s liability under the Agreement.
3) The Service Provider’s obligations to obtain and maintain required insurance are non-delegable duties under this Agreement.

10. Personal Eligibility Certification. If the Service Provider is a natural person, the Service Provider certifies by signing this Agreement that s/he is a citizen or national of the United States or otherwise qualified to receive public benefits under the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193; 110 STAT. 2105, 2268-69), State of California Governor’s Executive Order W-135-96.

11. Corporate Eligibility Certification. If the Service Provider is a corporation, the Service Provider certifies and declares by signing this Agreement that it is eligible to contract with the State of California pursuant to the California Taxpayer and Shareholder Protection Act of 2003 (Public Contract Code Section 10286, et seq.).

12. Nondiscrimination. In the performance of this Agreement the Service Provider and its consultants shall not deny the Agreement’s benefits nor shall they discriminate unlawfully against any person on the basis of religion, color, ethnic group identification, sex, actual or perceived gender identity, age, physical or mental disability, medical condition, marital status, or age (over 40). Additionally, the Service Provider and its consultants shall insure that the evaluation and treatment of employees and applicants for employment are free of such discrimination as well.

a. Service Provider shall comply with the provisions of the Fair Employment and Housing Act (Government Code Section 12900, et seq.), the regulations promulgated thereunder (California Code of Regulations, Title 2, Sections 7285.0, et seq.), and the provisions of Article 9.5, Chapter 1, Part 1, Division 3, Title 2 of the Government Code (Government Code Sections 11135-11139.5).

b. Service Provider shall permit access by representatives of the California Department of Fair Employment and Housing and the Trustees upon reasonable notice at times during normal business hours with at least 24 hours’ notice, to its books, records, accounts, other sources of information, and its facilities as the Department or Trustees shall require to ascertain compliance with this Agreement.

c. Service Provider and its consultants/subcontractors shall give written notice of their obligations under this Agreement to labor organizations with which they have a collective bargaining or other agreement.

d. Service Provider shall include the nondiscrimination and compliance provisions of this Agreement in subcontracts to perform work under the Agreement (Government Code Sections 12990, 11135, et seq., Title 2, California Code of Regulations, Section 11105).

13. Drug Free Workplace Certification. The Service Provider hereby certifies compliance with Government Code Sections 8355, 8356, and 8357 in matters relating to providing a drug-free workplace. In accordance with Government Code Section 8355, the Service Provider shall:

a. Publish a statement notifying employees that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying actions to be taken against employees for violations.

b. Establish a Drug-Free Awareness Program to inform employees about all of the following:

1) The dangers of drug abuse in the workplace,

2) The Service Provider’s policy of maintaining a drug-free workplace,

3) Any available counseling, rehabilitation, and employee assistance programs, and

4) Penalties that may be imposed upon employees for drug abuse violations.

c. Require that each employee engaged in the performance of the Agreement be given a copy of the statement required by subpart A, and require that each employee, as a condition of employment on the Agreement, agree to abide by the terms of the statement.
14. Disabled Veteran Business Enterprise. Responsive to direction from the State Legislature (Public Contract Code Section 10115, et seq.), the Trustees are seeking to increase the statewide participation of disabled veteran business enterprises in contract awards. To this end, Service Provider shall inform the Trustees of any contractual arrangements with consultants or suppliers that are certified disabled veteran business enterprises.

15. Assignment. Service Provider shall not assign benefits or delegate duties under this Agreement in whole or in part, nor assign any moneys due or to become due hereunder without the written consent of Trustees.

16. Successors. The provisions of this Agreement shall extend to and be binding upon and inure to the benefit of the heirs, executors, administrators, successors, and assigns to the parties hereto.

17. Notice. Notice for either party may be served by delivering it in writing to the party, or by depositing it in a U.S. mail deposit box with postage fully prepaid addressed as shown within the information block of the Agreement page. Nothing herein shall preclude the giving of notice by personal service.

18. Audit. If the Agreement exceeds $10,000, the contracting parties shall be subject to the examination and audit of the State Auditor of the State of California and the California State University Auditor for a period of three years after final payment under the Agreement. This examination and audit shall be confined to those matters connected with the performance of this Agreement, including, but not limited to, the cost of administering this Agreement (Government Code Section 8546.7).

19. DIR Registration. In accordance with Labor Code Section 1720, et seq., the Service Provider shall register with the Department of Industrial Relations (DIR) for this project and pay at least the prevailing wages on services/work aspects where a prevailing wage applies. Such services and/or work aspects include, but are not limited to, the Service Provider or its sub-consultant’s provision of geotechnical studies, potholing involving digging, site surveying and/or construction Inspector of Record services as defined by the DIR.

20. Agreement Changes. Alteration or variation of the terms of this Agreement shall not be valid unless made in writing and signed and dated by the parties. Oral representations, understandings, or writings not expressly incorporated in the Agreement are void. Unless identified within Exhibit A, Scope of Work, under a separate sub-heading entitled ‘Modifications to Agreement’, it is the intent of the Trustees to use the standard published form of this Agreement and Rider A without modification. The Agreement and Rider A shall not be modified without review and concurrence by CSU Office of General Counsel.

21. Offshoring of CSU Contract Work. Service Provider warrants it certified under penalty of perjury in its bid for this Agreement that the Agreement, and any subcontract performed under the Agreement, will be performed solely with workers within the United States; and if this Agreement, and any subcontract performed under this Agreement, will not be performed solely with workers within the United States, Service Provider described in its bid any parts of the work to be performed by workers outside of the United States. Further, Service Provider warrants no work will be performed under the Agreement with workers outside the United States, except as described in Service Provider’s bid. If Service Provider or its sub-supplier performs the Agreement with workers outside the United States during the life of the Agreement, and Service Provider did not describe such work in its bid, Service Provider acknowledges and agrees that:

a. CSU may terminate the Agreement without further obligation for noncompliance, and

b. Service Provider will forfeit to CSU the amount CSU paid for the percentage of work that was performed with workers outside the United States and not described in Service Provider’s bid.

End of Rider A
Exhibit A - Scope of Work
Construction Document Plan Check Review

1. General:
   A. The scope of the work is to provide an independent, responsible, third-party opinion of the Title 24 of the California Code of Regulations (CCR), compliance on various CSU projects presented at a 90% complete Construction Document level.
   B. Separate scope (Exhibit A-1) describes Preliminary Code Assessment Review and other review services that can be authorized separate to this work.

2. Capability:
   This work requires that the Service Provider provide timely, insightful Title 24 of the CCR compliance assessments on individual projects that the California State University may consider, these may variously include simple to complex buildings in all use types, new construction, renovation of existing facilities, as well as infrastructure works.

3. Authorization and Administration of the Work:
   A. Trustees’ representative, an authorized staff by an individual University or Office of the Chancellor University Planning Design and Construction (CPDC), may authorize work under this Agreement. CPDC administers the Master Enabling Agreement. Individual Universities participate in this agreement.
   B. There is no geographic assignment for plan check reviews. Universities may select any Service Provider authorized by CPDC to provide plan check review services. No minimum assignment of work to the Service Provider is guaranteed.
   C. To initial work, Trustees’ representative will issue a Service Order Authorization to authorize a plan check review assignment to an individual Service Provider under this Agreement. Receipt of a signed Service Order Authorization constitutes authorization to proceed with a particular review. All work requires pre-authorization.
   D. The Scope of Work Construction Document Plan Check Review (Exhibit A), Scope of Work Preliminary Code Assessment Review (Exhibit A-1) are separate scopes of work authorizations. Trustees’ representative will identify the desired scope in each individual Service Order Authorization.
   E. The fees structure for this Exhibit A work is consistent for all Service Providers. Individual Service Providers can provide comparative advantage by service responsiveness, staff capability, thoroughness of reviews, and use of supporting checklists appropriate to a particular review.
   F. The CSU recognizes that checklists are not all encompassing, but that they do offer a structured framework and identify broad issues of particular concern. CPDC provides website links to checklists it has found useful.
   G. The Agreement term identifies the period that Service Order Authorizations may be issued under this Agreement. Once authorized, work may be completed under this Agreement irrespective of the Agreement term unless otherwise terminated in writing by the Trustees’ representative.
   H. The CSU per Education Code 66606 is authorized to contract and construct. Per Part 2 of Title 24 of CCR, California Building Code (CBC) 1.2.1.2, CSU is authorized to appoint a building official responsible for enforcement of the provisions of the Title 24 of the CCR as adopted by California Building Standards commission (BSC), Division of State Architect- Access Compliance (DSA-AC), and
Office of State Fire Marshal (SFM). The Office of the Chancellor has appointed a CSU Building Official. Under this authority the CSU Building Official appoints University Deputy Building Officials to assist in Title 24 of the CCR enforcement. The Service Provider’s role in this is to provide an opinion of Title 24 of the CCR compliance. The CSU will use and rely upon these code assessment opinions in managing its capital program and building official responsibilities.

4. The Plan Check Review:

A. The Plan Check Service Provider is authorized to begin a plan check review upon receipt of a signed Service Order Authorization.

B. Evaluate plans for compliance with the identified edition of Title 24 of the CCR as adopted by BSC, DSA-AC and SFM.

C. Review Item: The review shall consider all parts of the California Building Standards Code requirements including:
   - Part 1: California Building Standards Administrative Code
   - Part 2: California Building Code (CBC)
   - Part 2.5: California Residential Building Code
   - Part 3: California Electrical Code (CEC)
   - Part 4: California Mechanical Code (CMC)
   - Part 5: California Plumbing Code (CPC)
   - Part 6: California Energy Code
   - Part 8: California Historical Building Code
   - Part 9: California Fire Code (CFC)
   - Part 10: California Existing Building Code (CEBC)
   - Part 11: California Green Building Standards Code (CALGreen)
   - Part 12: California Reference Standards Code

In addition to the above: CSU Seismic Policy (Available online CPDC) The CSU has established University-specific ‘seismic ground motion parameters’ that supersedes CBC values. CSU also implements a conservative evaluation of CBC Structural Risk Category (CBC 1604) CSU Bulletins assignments.

In addition to above: The State of California (The State), Department of General Services – Buy Clean California Act Policy (Available online DGS & CPDC Bulletin 22-008) The State and CSU have established and mandated the maximum acceptable Global Warming Potential (GWP) limits for materials that supersede and exceed CCR, Title 24, Part 11 CALGreen Standards. The State and CSU implement a conservative design approach for GWPs. Method of compliance needs to be indicated within the technical design specifications in Division 1 (Submittal Procedures and Regulatory Requirements) and/or noted elsewhere in the Contract Documents for projects over the construction costs threshold outlined in CPDC Policies.

D. Review Item: Use of non-current code editions must be approved in writing by the CSU Building Official.

E. Review Item: The target of the review is complete project construction documents including plans, specifications, engineering calculations, energy calculations, and supporting University-supplied documents including soils investigation reports and parcel maps, provided to you for review. Documents may be provided in electronic or print form.

F. Review Item: Examine the project construction documents and supporting information supplied for their general state of completeness and internal consistency. The construction documents presented for review need to be complete and construction ready minus the stamp and signature of the professional in responsible charge. Identify submittals not meeting this standard via comment.
as incomplete.

G. Review Item: Provide itemized comments that may arise from the review. Comments may include advisory comments that identify concerns regarding document legibility, clarity of intent, unreferenced details, incorrect detail call outs, missing or inconsistent references, missing sheets, references to projects or parties not involved in this project, etc.

H. Review Item: Provide review of items needed for submittal to other entities needed for CSU projects; refer to item 13, Relationship to Other Reviews Coordinated by CSU.

I. Notification: Coordinate with the University and perform the review in the manner that is agreed most effective for the individual circumstances; electronic document review or print plan review.

J. Deliverable: For each plan check review, develop a comprehensive ‘Plan Check Report’ of items considered to be at variance with applicable codes. The Plan Check Report shall include the itemized comments per section 4.2 and shall provide sufficient description so as not to require reference to a marked-up print edition of the documents. The Plan Check Report may include annotated electronic document image captures to facilitate reporting. Provide reports in Word or Excel format.

5. Target Plan Review Durations and Workflow:

A. Time is of the essence: Project activities are contingent upon the timely completion of the 90% Construction Document Plan Check Review. Use best efforts to complete the initial Plan Check Report within the timeframes identified in Table 5-A.

<table>
<thead>
<tr>
<th>Project Construction Value</th>
<th>Initial Review Calendar Days</th>
<th>Back Check Review Calendar Days</th>
</tr>
</thead>
<tbody>
<tr>
<td>$3,000,000 and under</td>
<td>Seven (7)</td>
<td>Seven (7)</td>
</tr>
<tr>
<td>$3,000,001 to $30,000,000</td>
<td>Twenty-one (21)</td>
<td>Fourteen (14)</td>
</tr>
<tr>
<td>Over $30 Million</td>
<td>Twenty-one (21)</td>
<td>Twenty-one (21)</td>
</tr>
</tbody>
</table>

B. Notification: Keep the University informed of the projected delivery date once the review is started and the character of the project is better known.

6. Back-Check Reviews:

A. Perform a back-check review of the documents that have been revised by the team to address plan check review comments. Two (2) back check reviews should be anticipated for this work.

B. Deliverable: Provide back-check review comments in electronic format. Identify comments as Resolved, Not Resolved, Acknowledged, etc.

C. Use best efforts to complete the back-check review in a timely manner.

D. Notification: Contact the Trustees’ representative and discuss the project’s status if more than two back-checks are needed. It is important to ascertain that the is being responsive, that the unresolved comment issue is clear, and that the University is aware of repeat unresolved issues.

E. If persistent/pervasive unresolved comment responses and/or poor professionalism is observed elevate the issue to CPDC

F. If minimal comments remain and good faith effort is present, it is acceptable to issue a Recommendation of Approval letter with a couple specific items to complete as noted.
7. Recommendation of Approval: Upon resolution of plan check comments, the Service Provider shall:
   A. Issue a ‘Recommendation of Approval’ letter confirming the Service Provider’s opinion of code compliance.
   B. Identify deferred submittals and unresolved issues (if any) as part of the Recommendation of Approval letter.

8. Disposition of Physical Documents: Upon resolution of plan check comments, the Service Provider shall:
   A. Retain the plan review set to assist in future deferred submittals as may be required.
   B. Issue a Recommendation of Approval letter. Stamp marking of construction documents is not required. The University Deputy Building Official will issue a permit in writing or by stamp as ‘REVIEWED FOR CODE COMPLIANCE’ upon their determination.
   C. Notify University by email upon final invoice for the respective project that plan set(s) will be discarded in thirty days unless other distribution is requested by university.

9. Deficient/Incomplete Documents:
   If a project submitted for review is found to be significantly incomplete, the Service Provider shall halt review and seek direction from the University and advise CPDC. It is important for CSU to be cognizant of the standard of care performance concerns.
   If the University elects to direct the Architect/Engineer to revise and resubmit, accommodate this. If the University elects to terminate the review, invoice for work completed on the project and note on the invoice ‘Incomplete Submittal, Review Terminated at University Election’. New work will require a new Service Order Authorization.

10. Deferred Submittals:
    A. Review of deferred submittals shall be included as part of work per section 1.A, the Scope of Work.
    B. A list of deferred submittals shall be provided in a table format early in the Architectural plan set. This is a required review item. Deferred submittals not included in the list may be considered as part of work per section 1.2, Separate Scope.
    C. Notification:
       1. Identify the CPDC listed Deferred Submittals for the project as a project comment. The CPDC will presumably confirm in response. This confirmation shall allow the opportunity for separate action by the Trustees’ representative if required.
       2. Deferred submittals likely to contain accessibility elements (i.e., elevators) are allowed so long as plans are sufficiently detailed to reasonably confirm access compliance.
       4. Three (3) months after the completion of the 90% review issue an email to University identifying deferred submittals received/reviewed/still outstanding.
       5. Resolve each individual outstanding deferred submittal with a ‘Recommendation of Deferred Submittal Approval’ letter.

11. Phased Project Reviews, Phased Permits:
    A. Phased review divisions of work increments have been agreed to between the CSU and Office of Fire Safety, and Office of State Fire Marshal. Phases may be combined, but may not be divided further than indicated in Table 11-A. The University may authorize Phased Project Permit review
approach for construction (i.e., demo, foundations, structural frame, etc.). The phased permit approach needs to be identified on the Architectural set at the onset of the review. When this method is employed the plan review will be broken into discrete component parts. Details of the composition of each package are described more fully on CPDC webpage.

B. A phased permit approach is a part of the 90% construction documents review scope of work 1.A. Phased components organized per Table 11-A shall be individually reviewed as a part of a single project Service Order Authorization.

C. Incremental Permit submittals shall be complete stand-alone packages with plans, specifications and supporting calculations present. Foundation plans for SFM purposes need only a plan outline and systems description.

D. Each phase submittal shall be handled as a complete and distinct construction review e.g., intake, review, back-check recommendation (or not) of approval.

12. Collaboration Workflows:

The Plan Review process outlined in this document requires collaboration between the service provider, Office of Fire Safety, the University, and the design team for editing, discussing mark-ups, and sharing PDF documents, e.g., Bluebeam Studio. Electronic Plan Review (EPR) Administrator will allow internal and external stakeholders to share, view and collaborate in real time in one virtual location.

A. Provide and facilitate virtual collaboration, resolving code interpretation disputes quickly in remote locations using Zoom, Microsoft Teams or other compatible software with minimal capabilities to accommodate 50 meeting participants.

B. The platform and digital medium are PDF format allowing EPR collaborative design reviews as directed by CPDC.

C. Electronic software for markups, comments and notes shall be Bluebeam Studio or other software with like-for-like and/or equal capabilities approved by the CPDC.

D. Accommodate single virtual secessions and comment on a single document set. Provide color coded markup tools will be used to distinguish each discipline review; color coding shall be pre-approved and is at the discretion of CPDC.

E. Provide plan review in PDF review software platform with the incorporation of “screen shots” comments on plans and other graphic exhibits into the “Correction Log” in order to highlight,
13. Distribution of Reviews:

A. Provide paperless review of all correspondence and notifications. Correspondence may be in Word, Excel, PDF, or other industry standard platforms and/or formats. Electronic security signatures may be provided but are not required.

B. Send project communications to the University directly. DO NOT send Project Plan Check reports independently or by carbon copy, cc, to the architect/design team as such communication will confuse the established lines of communication.

C. The University project manager is tasked to review the plan check and back check reports. If questions arise related to comments, the University project manager shall review with the plan check reviewer.

14. Relationship to Other Reviews Coordinated by CSU:

The CSU coordinates several reviews as a part of its building official assessment of code compliance.

A. Division of the State Architect, Access Compliance Review.
   1. Incorporation of responses to independent plan check review comments must occur prior to submission of the construction documents to DSA-AC.
   2. Review Item: Provide an accessibly compliance review on all projects. A finding of no issues has its own confirming value. AFTER completion and resolution of overall plan check review, CSU will coordinate a separate subsequent submittal to DSA-AC. With the exception of an Essential Services Facility, DSA-SS review is limited to accessibility compliance.

B. CSU Office of Fire Safety and/or Office of State Fire Marshal (OSFM).
   CSU seeks to present a code compliant submittal to OSFM from the onset unless the OFS elects to perform the final plan review at 95% construction documents for Fire & Panic Safety. Regardless, it is CRITICALLY IMPORTANT to CSU that independent plan check review occurs, and responses incorporated into the 90% construction document submittal in a timely manner prior to the CSU OFS and/or OSFM 95% construction document submittals for final OFS and/or OSFM review.
   1. Review for fire and panic-safety issues, specifically CBC, Chapter 9 Fire Protection Systems and Chapter 10 Means of Egress, and CFC. Review for need, system type, location, location protection, interconnections with power, mechanical control systems, etc.

C. Fire and Panic Safety Peer Preview (FPSPR)
   The CSU performs a separate technical review of the fire and panic safety design under the CSU Office of Fire Safety (OFS) for conformance to code and good practices. This peer review is not a replacement for, but complimentary to the Construction Document Plan Check Review (Exhibit A) scope. The FPSPR begins at the start of the design phase. FPSRP and this Construction Document Plan Check Review, (Exhibit A), will be occurring concurrently at the 90% Construction Documents phase, but separately.
   1. Provide a code review of the Fire and Panic safety regardless of the FPSPR process.
   2. Consult and meet with the OFS staff when requested.

D. Review and confirm that complete code analysis presented is code compliant per requirements of
Title 24 of the CCR. Confirm that the project is code complaint on its defined site. Confirm general building heights, areas, types of construction, use, and occupancies proposed. Review closely for document tabular coordination. CSU OFS maintains OSFM review issue check lists online as well as CPDC Technical Bulletins that will impact plan reviews. Periodically monitor and check the CPDC website for updates: CPDC Resource Library | CSU (calstate.edu)

2. Compare reference furniture layout plans against claimed occupancy counts. Comment if indicated seating density is greater than numerical occupancy identified.

3. It is not necessary to confirm the hydraulic design of the fire suppression systems; only to verify that an analysis is called for. Hydraulic sprinkler design verification is provided by OFS and/or OSFM.

4. It is not necessary to confirm the design analysis of smoke systems; only to verify that a reasonably defensible analysis is present and that the required Fire Protection Engineer review and concurrence of approach certification is present. System verification and acceptance are provided by OFS and/or OSFM.

5. Request a copy of all project OFS and/or OSFM review comments from the University project manager. Compare OSFM review comments against your review comments. Work towards eliminating recurring citations of the same element. Timely realization of OFS and/or SFM approvals is value added to the CSU.

E. Seismic Peer Review (SRB).

The CSU performs a separate independent technical peer review of the seismic aspects of construction projects for conformance to good seismic restraint practices. This peer review process will begin at the start of design on the project. A Construction Document phase peer review will be occurring concurrently, but separately, with this plan check review.

1. Provide a structural code review evaluating both gravity and seismic elements for code compliance.

2. Use of the Seismic Coefficients for CSU University Locations. Specific geotechnical values found in Attachment B of the CSU Seismic Requirements are available online. Plan Reviewer shall identify if the CSU University Specific Seismic Coefficients values were relied upon in the review or if standard code seismic coefficients were utilized. Identify if the Seismic Coefficients for CSU University Locations were not used in the documents submitted for review.

F. Mechanical and/or Electrical Systems Peer Reviews (MSR/ESR).

The CSU performs a separate technical review of mechanical and/or electrical systems proposed. For conformance to good practices. These peer reviews are not intended as code compliance reviews and will begin at the start of design phase. MSR/ESR and this Construction Document Plan Check Review, (Exhibit A), will be occurring concurrently at the 90% Construction Documents phase, but separately.

1. Provide a code review of the mechanical, electrical, and plumbing systems regardless of the MSR/ESR process.

G. Health Department Review.

1. Health Department plan review is a separate review that may be occurring concurrently to the Plan Check Review. Consider the reviews by the Health Department as supplemental but separate to the scope of this work.
2. A pool review shall include structural and mechanical considerations. In particular, review for potential ‘H’ occupancy issues related to chemical storage and pool-specific access compliance for the pool and route of travel to and into the pool.

H. Other Reviews.

Other miscellaneous reviews may occur. CSU will seek to schedule them AFTER the completion of the Plan Check Review. Completion of this Plan Check Review will impact the start of other reviews.

I. Construction Field Review.

Construction field inspection/observation services are not a part of the scope of work.

15. Comment Disposition:

A. All Plan check comments made are permanent. It is important to record comments.

B. All comments must be addressed. Removal of comments without documented resolution eliminates the transparency of CSU as the State of California acting in its higher education capacity. Design team responses to the comments shall be reviewed by the plan check reviewer and marked as:

   1. Resolved
   2. Not Resolved
   3. Acknowledged
   4. Pending Additional Information
   5. Building Official Determination Required
   6. Withdrawn; the comment needs to remain for the record.

16. Code Interpretations:

Coordinate with the CSU Chief Building Official if code interpretation questions arise.

17. Extra Services:

A. Extra services if deemed necessary will be authorized as a separate Service Order Authorization. Seek concurring approval in advance of ‘Extra Service’ work.

B. The following services will be evaluated and depending on the project may be authorized by separate Service Order Authorization as additional work.

   1. Exhibit A-1 Scope of Work Preliminary Code Assessment Review Services
   2. Extensive back check reviews (three or more). A small back-check resolving a few items would not be justifiable as an extra service.
   3. Substantial additional review required due to repackaging of documents (overbids).
   4. Reviews of post 95% Construction Documents for items not included as part of the construction documents.
   5. Deferred submittals not identified as part of the project deferred submittals.

C. Clarifications are a part of the work.

   1. Incidental meetings or brief calls to clarify review comments or confirm acceptable alternative solutions shall be provided as a part of the work.
   2. Incidental observations on the completeness and document coordination shall be provided as a part of the work.

18. Reimbursable Expenses:
A. Shipping charges incurred per this scope are reimbursable at cost. In most cases shipping reimbursement is only anticipated where the University requests return of set(s) that they supplied. As these sets become quickly outdated with the evolution of the design process, we anticipate shipping will be infrequent.

B. When requested by university, reasonable travel expenses to attend in-person meetings located greater than 50 miles from the Service Provider’s office are reimbursable. Travel for meetings within 50 miles is considered incidental and part of the work and is not reimbursable.

C. Services incidental to the work, i.e., phone calls and office consumables are not reimbursable under this agreement.

19. Work Reporting:

Provide an annual, Excel-based, plan review activity report summary of reviews undertaken during the contract period (July 1, 2023, to June 30, 2025). Provide reporting within 30 days after each contract year (starting on July 31, 2024, and every year after). Reports from Exhibits A and A-1 may be combined. Report shall include:

A. University name
B. Project name
C. Current review status (Active/Complete)
D. Other data as required and/or requested by the CSU and/or CPDC.

Compile report information and email to CPDC attention: The current Director of Architecture, Jack Andersen at jandersen@calstate.edu.

20. Personnel Reporting:

Provide an annual, Excel-based, summary of the Service Provider’s Organizational Chart identifying key personnel, main point of contact(s), support staff, and subcontracted staff of the firms during the contract period (July 1, 2023, to June 30, 2025, and subsequent options for any and all (3) three 2-year term renewal extensions). Provide reporting within 30 days after the contract period (July 31, 2024). Exhibit A and Exhibit A-1 may be combined. Report shall include:

A. Key Personnel as listed on the original RFQ/RFP
B. Principal or Owner in Charge

Compile report information and email to CPDC attention: The current Director of Architecture, Jack Andersen at jandersen@calstate.edu.

21. Plan Check Review Fees:

A. Small Project Reviews: Projects less than and up to Minor Cap Limit (currently $929,000):
   1. For projects that can be reviewed with a single day’s effort exclusive of administrative support shall be reviewed under a ‘Day-Tripper’ flat rate fee as listed in row Item #1, Table 19-B2 below. This is intended for minor capital or single-item type projects i.e., roof replacement, mechanical system replacements etc. Single-item projects may exceed the Minor Capital threshold and still fall under this category. Use inclusive judgment here.
   2. For projects that require complex review, but are under the Minor Cap Limit, a flat rate fee as listed in row Item #2, Table 19-B2 below shall be applied.

B. Standard Fee Schedule: Projects greater than Minor Capital Limit to up to $50,000,000.

For projects greater than the Minor Capital Limit and up to $50,000,000, Plan Check Review fees
shall be in accordance with the Plan Review Fee Schedule. For projects in this category fees based on the following:

To calculate the plan check review fee:

1. Obtain the Total Construction Cost value from either the University or CPDC. The Total Construction Cost value is identified in the CSU form 2-7, Line 7 - Total Construction or GMP.
2. Determine the CSU Building Permit Fee amount from table 19-B1.
3. Select formula from the applicable rows (Items #3 through #6) that applies based on project’s Total Construction Cost from table 19-B2.
4. Insert CSU Building Permit Fee value from table 19-B1 into applicable formula.
5. Calculate fee.

### TABLE 19-B1. CSU Building Permit Fee

<table>
<thead>
<tr>
<th>Total Construction Cost</th>
<th>CSU Building Permit Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>$929,001 and up to 50,000,000</td>
<td>$4,200 for the first $1,000,000 plus $3.30 for each additional $1,000 or fraction thereof</td>
</tr>
<tr>
<td>$50,000,001 and greater</td>
<td>Fee Proposal by Service Provider upon request by university. The University may solicit proposals from multiple approved providers.</td>
</tr>
</tbody>
</table>

### TABLE 19-B2. Plan Check Review Fee

<table>
<thead>
<tr>
<th>Row/Item</th>
<th>Total Construction Cost</th>
<th>Plan check Review Fee Formula</th>

<tr>
<td>2</td>
<td>Up to $929,000**</td>
<td>Fee $2,900</td>
</tr>
<tr>
<td>3</td>
<td>$929,001 and up to $3,000,000</td>
<td>[CSU Bldg. Permit Fee] x [0.70] = Fee $4,400 fee minimum applies.</td>
</tr>
<tr>
<td>4</td>
<td>$3,000,001 to $10,000,000</td>
<td>[CSU Bldg. Permit Fee] x [0.60] = Fee</td>
</tr>
<tr>
<td>5</td>
<td>$10,000,001 and $50,000,000</td>
<td>[CSU Bldg. Permit Fee] x [0.50] = Fee</td>
</tr>
<tr>
<td>6</td>
<td>$50,000,001 and above</td>
<td>Negotiated (See 19.D below)</td>
</tr>
</tbody>
</table>

* Day-Tripper fee is considered the default fee for projects with the Minor Capital Limit
**Used for projects not meeting the Day-Tripper review or complex projects under the Minor Capital Limit

C. Standard Fee Complexity Premium: A per project fee supplement up to $7,000 (Seven thousand dollars) over the calculated Plan Check Review Fee may be granted at the discretion of the University to complex projects if one or more of the following complications are present:

- Smoke control system
- High rise designation
- Single room occupancy greater than 500 persons
- Eight or more fume hoods
- An indoor pool
- H occupancy not incidental to pool operation/storage
- Other complexities
The Complexity Premium does not apply for Day-Tripper type reviews or incidental occurrences, i.e., tenant improvements in a high-rise structure.

D. Large Project Fee: Greater than $50 Million.

For projects over $50,000,000 in construction cost the plan check review fee shall be determined by a project-specific fee proposal by the Service Provider to the University. Anticipate that the University may be soliciting concurrent proposals from other authorized providers.

22. Invoices and Payment:

A. Notification: Coordinate with individual Universities authorizing work for invoicing and payment.

B. Payment for services and reimbursement will be made in arrears for work completed to the satisfaction of the Trustees’ representative upon presentation of a written statement not exceeding amounts previously authorized.

C. Payment will be authorized at the following milestone points:

- 90% of the Service Order Authorization amount upon issuance of Recommendation of Approval letter.
- 10% of the Service Order Authorization amount upon the resolution of all listed deferred submittals.
- As a university workflow consideration, the University may administratively authorize 100% payment in advance at its discretion.

23. Contract Management:

The Office of the Chancellor manages the system-wide administration of this Agreement. Direct questions of contract administration and/or code interpretations to:

Jack Andersen, CSU Chief Building Official
Capital Planning Design and Construction
California State University, Office of the Chancellor
401 Golden Shore 4th Floor
Long Beach, CA 90802
Direct (562) 951-4120
Cell (562) 900-2820
jandersen@calstate.edu

End of Exhibit A
Exhibit A-1 - Scope of Work
Preliminary Code Assessment Review Services

1. General:

A. The scope of this work is to provide an independent, responsible, third-party code compliance design assessment in a peer review context during the initial design phases of a project.

The potential nature of Preliminary Code Assessment Review Services scope is broad and expected to vary per project. It may involve a single consultation review or multiple meetings, iterative reviews and/or participation at CSU Office of Fire Safety (OFS) and/or Office of the State Fire Marshal (OSFM) Preliminary Code Review meetings. The work is expected to be provided on either an hourly or a negotiated lump sum basis. The nature of the desired services and fee basis will be briefly identified in the individual Service Order Authorization.

In addition, Preliminary Code Assessment Review Services would also include single consultation review or multiple meetings, iterative reviews and/or participation at Division of State Architect, Access Compliance (DSA-AC).

B. Separate scope (Exhibit A) describes the independent, responsible, third-party opinion of the Title 24 of the California Code of Regulations (CCR), compliance on various CSU projects presented at a 90% complete Construction Document level.

2. Capability:

This work requires that the Service Provider provide timely, insightful, knowledgeable, and importantly, a credible Fire & Panic Safety preliminary code compliance assessments to ensure the project will comply with California Building Code (CBC), DSA-AC, OFS and/or OSFM requirements. Other parts of California Code of Regulations may be part of the scope of the Other Preliminary Code Assessment Review when identified in Exhibit A-1, Service Order and Authorization to Proceed.

This work requires the ability to critically assess and challenge initial CPDC team design code assumptions. This role in part will be to screen out impractical or idealistic assumptions that would be questionable to the DSA-AC, OFS and/or OSFM. The Service Provider may be called upon to defend their findings/opinions in Preliminary Code Review Meetings with the DSA-AC, OFS and/or OSFM.

This work requires that the Service Provider conduct reviews, provide comments, and facilitate meetings with universities and/or design teams using Bluebeam Revu. The service provider shall assume all costs and expenses associated with purchase, up-grades, and training for the use of Bluebeam Revu. The associated costs are not a reimbursable expense.

3. Authorization and Administration of the Work:

A. Trustees’ representatives, i.e., individual Universities or Office of the Chancellor University Planning, Design and Construction (CPDC) staff may authorize work under this agreement. CPDC will administer the Master Enabling Agreement. Individual Universities participate in this agreement.

B. There is no geographic assignment for this work. Universities may select any Service Provider authorized by CPDC to provide these services. No minimum assignment of work to the Service Provider is guaranteed.

C. The University or CPDC will issue a Service Order Authorization to contract work with the Service Provider under this Agreement. Receipt of a signed Service Order Authorization constitutes
authorization to proceed with a particular review. All work requires pre-authorization.

D. The Preliminary Code Assessment Review (Exhibit A-1) and Construction Document Plan Check Review (Exhibit A) are separate scopes of work authorizations.

E. The Agreement term identifies the time period that Service Order Authorizations may be issued under this agreement. Once authorized, work started shall be completed under this agreement irrespective of the agreement term unless otherwise terminated in writing by the trustees.

4. The Preliminary Code Assessment Review:
   A. Review Item: Provide Preliminary Code design assessments in a peer review context as an advisor to the university.
   B. Review Item: Assess the viability, practicality, constructability, code compliance of potential design approaches. Discuss potential design alternatives with the University, i.e., alternate construction types. Meet with the University, design teams, or other entities such as the CPDC, OFS and/or OSFM as directed by the University to facilitate this peer review assessment.
   C. Deliverable: Provide a summary of observations from plan reviews and meetings in report format to the University.

5. Specialized Fire Protection Engineering Analysis:
   A. This scope is not seeking the detailed review of the layout for such systems rather that the system is intended to be provided or not:
      Review Item: Evaluate for fire and life safety concepts and presence, specifically CBC Part 2 Volume 1, Chapter 9 Fire Protection Systems, and California Fire Code (CFC) for inclusion/indication of project-required systems including but not limited to:
      - Automatic sprinkler systems
      - Alternative automatic fire extinguishing systems
      - Standpipe systems
      - Portable fire extinguishers
      - Fire alarm and detection systems
      - Emergency alarm systems
      - Smoke control systems
      - Smoke and heat removal
      - Fire command centers
      - Fire department connections
      - Fire pumps
      - Emergency responder safety features
      - Emergency responder radio coverage.
   
   C. Deliverable: Discuss project-specific fire and panic safety designs elements with university and project design team.
   D. Deliverable: Where directed by University, PARTICIPATE in meetings with OSFM.

6. Target Plan Review Durations and Workflow:
   Time is of the essence and timely performance is required. Work with the University to schedule mutually agreeable review durations. Provide peer review comments for designs in a timely manner.

7. Back-Check Reviews:

Exhibit A-1 - Scope of Work Preliminary Code Assessment Review Services
A. Deliverable: If the University requests a confirming back check review, provide it in a timely manner. Unlike the more structured Plan Check Review process, this Preliminary Code Review design assessment work anticipates an iterative exchange of ideas and discussion on design development and approach.

8. Fast Track / Incremental Permits:

Provide review and comment on proposed permit approaches and alternatives.

9. Distribution of Reviews:

A. Deliverable: Go paperless for all review correspondence and notifications.

B. Deliverable: Provide correspondence in PDF format. Electronic security signatures may be provided but are not required.

C. Deliverable: Send project communications to the University directly. Copy CPDC on all reviews and recommendation of approvals. Do NOT send project review reports independently or by cc to the architect/design team. It is the responsibility of the University to first review and then route your reviews to the CPDC teams.

10. Extra Services:

Extra services require pre-authorization and when needed will be authorized as a separate Service Order Authorization.

11. In the Preliminary Code Assessment review, the only extra service anticipated would be an extension of the hourly not to exceed limit originally authorized. Reimbursable Expenses:

A. Shipping charges incurred per this scope are reimbursable at cost. In most cases shipping reimbursement is only anticipated where the University requests return of set(s) that they supplied. As these sets become quickly outdated with the evolution of the design process, we anticipate shipping will be infrequent.

B. When requested by university, reasonable travel expenses to attend in-person meetings located greater than 50 miles from the Service Provider’s office are reimbursable. Travel for meetings within 50 miles is considered incidental and part of the work and is not reimbursable.

C. Services incidental to the work, i.e., phone calls and office consumables are not reimbursable under this agreement.

12. Work Reporting:

Provide an annual, Excel-based, plan review activity report summary of reviews undertaken during the contract period (July 1, 2023, to June 30, 2025). Provide reporting within 30 days after each contract year (starting on July 31, 2024, and every year after). Reports from Exhibits A and Exhibit A-1 may be combined. Report shall include:

A. University name

B. Project name

C. Current review status (Active/Complete)

D. Other data as required and/or requested by the CSU and/or CPDC.

Compile report information and email to CPDC attention: The current Director of Architecture, Jack Andersen at jandersen@calstate.edu.
13. Personnel Reporting:

Provide an annual, Excel-based, summary of the Service Provider’s Organizational Chart identifying key personnel, main point of contact(s), support staff, and subcontracted staff of the firms during the contract period (July 1, 2023, to June 30, 2025, and subsequent options for any and all (3) three 2-year term renewal extensions). Provide reporting within 30 days after the contract period (July 31, 2024). Report shall include:

A. Key Personnel as listed on the original RFQ/RFP

B. Principal or Owner in Charge

Compile report information and email to CPDC attention: The current Director of Architecture, Jack Andersen at jandersen@calstate.edu.

14. Fees:

A. Fees for this work shall be provided either on an hourly basis with a Not to Exceed limit or a negotiated lump-sum fee. The Service Order Authorization for each project will identify the fee basis and amount.

B. The hourly rate sheet of this Service Provider is attached as an exhibit to this agreement.

15. Invoices and Payment:

A. Payment for services and reimbursable charges will be made in arrears for work completed to the satisfaction of the Trustees upon presentation of a written statement not exceeding amounts previously authorized.

B. Invoice to the respective individual Universities authorizing work.

16. Contract Administration:

The Office of the Chancellor manages the systemwide administration of this contract. Direct general agreement questions and code compliance concerns to:

Jack Andersen, CSU Chief Building Official
Capital Planning Design and Construction
California State University, Office of the Chancellor
401 Golden Shore 4th Floor
Long Beach, CA 90802
Office (562) 951-4120, Cell (562) 900-2820
jandersen@calstate.edu

Exhibit C - Service Order and Authorization to Proceed, Plan Check and/or Preliminary Code Assessment Review

[DATE]

[SERVICE PROVIDER]
[ADDRESS]

Dear [SERVICE PROVIDER]:

[Project Name], [Project Number]  
[University]  
Service Order & Authorization to Proceed Number [insert]

In accordance with the provisions of the Systemwide Master Enabling Agreement Number XXXXXX, you are hereby authorized to provide [insert as appropriate].

[Provide Plan Check Review for the subject project]  
[Provide Preliminary Code Assessment Review for the subject project]  
☐ [Provide Preliminary Code Assessment Review]  
☐ [Provide Preliminary Access Compliance Code Assessment Review]

☐ Per fee schedule,  
☐ Hourly with a Not to Exceed limit of: ______,  
☐ Fixed fee amount of: ______.

The Service Provider shall not perform services in excess of this Service Order without prior written authorization to proceed from the University.

Service Provider shall report to:  
[CSU University Name]  
[University Department]  
[Executive Dean or designated University project manager]  
[University Address]  
[University Project Manager’s Phone Number]

The total amount to be expended under this Service Order shall not exceed [written and numerical dollar value] inclusive of reimbursables, regardless of Service Provider’s cost in performing these services. Service Provider shall submit all invoices with the Agreement and Service Order & Authorization to Proceed number on each invoice to the project manager named above.

Questions regarding this authorization shall be directed to the above-named project manager.

Policies include 30-days’ notice of cancellation (except 10 days for non-payment of premium) and the provisions of each policy govern how notice of cancellation may be delivered to Certificate Holder.
THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED – WRITTEN CONTRACTS (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

1. The following is added to SECTION II – WHO IS AN INSURED:

   Any person or organization that you agree in a "written contract requiring insurance" to include as an additional insured on this Coverage Part, but:

   a. Only with respect to liability for "bodily injury", "property damage" or "personal injury"; and

   b. If, and only to the extent that, the injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the "written contract requiring insurance" applies. The person or organization does not qualify as an additional insured with respect to the independent acts or omissions of such person or organization.

   The insurance provided to such additional insured is limited as follows:

   c. In the event that the Limits of Insurance of this Coverage Part shown in the Declarations exceed the limits of liability required by the "written contract requiring insurance", the insurance provided to the additional insured shall be limited to the limits of liability required by that "written contract requiring insurance". This endorsement shall not increase the limits of insurance described in Section III – Limits Of Insurance.

   d. This insurance does not apply to the rendering of or failure to render any "professional services" or construction management errors or omissions.

   e. This insurance does not apply to "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the "written contract requiring insurance" specifically requires you to provide such coverage for that additional insured, and then the insurance provided to the additional insured applies only to such "bodily injury" or "property damage" that occurs before the end of the period of time for which the "written contract requiring insurance" requires you to provide such coverage or the end of the policy period, whichever is earlier.

2. The following is added to Paragraph 4.a. of SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:

   The insurance provided to the additional insured is excess over any valid and collectible "other insurance", whether primary, excess, contingent or on any other basis, that is available to the additional insured for a loss we cover. However, if you specifically agree in the "written contract requiring insurance" that this insurance provided to the additional insured under this Coverage Part must apply on a primary basis or a primary and non-contributory basis, this insurance is primary to "other insurance" available to the additional insured which covers that person or organization as a named insured for such loss, and we will not share with that "other insurance". But this insurance provided to the additional insured still is excess over any valid and collectible "other insurance", whether primary, excess, contingent or on any other basis, that is available to the additional insured when that person or organization is an additional insured under any "other insurance".

3. The following is added to SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:

   Duties Of An Additional Insured

   As a condition of coverage provided to the additional insured:

   a. The additional insured must give us written notice as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, such notice should include:
i. How, when and where the "occurrence" or offense took place;

ii. The names and addresses of any injured persons and witnesses; and

iii. The nature and location of any injury or damage arising out of the "occurrence" or offense.

b. If a claim is made or "suit" is brought against the additional insured, the additional insured must:
   i. Immediately record the specifics of the claim or "suit" and the date received; and
   ii. Notify us as soon as practicable.

The additional insured must see to it that we receive written notice of the claim or "suit" as soon as practicable.

c. The additional insured must immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.

d. The additional insured must tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover the additional insured for a loss we cover. However, this condition does not affect whether this insurance provided to the additional insured is primary to that other insurance available to the additional insured which covers that person or organization as a named insured.

4. The following is added to the DEFINITIONS Section:

"Written contract requiring insurance" means that part of any written contract or agreement under which you are required to include a person or organization as an additional insured on this Coverage Part, provided that the "bodily injury" and "property damage" occurs and the "personal injury" is caused by an offense committed:

   a. After the signing and execution of the contract or agreement by you;
   b. While that part of the contract or agreement is in effect; and
   c. Before the end of the policy period.
THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

DESIGNATED PERSON OR ORGANIZATION – NOTICE OF CANCELLATION PROVIDED BY US

This endorsement modifies insurance provided under the following:
ALL COVERAGE PARTS INCLUDED IN THIS POLICY

SCHEDULE

CANCELLATION: Number of Days Notice: 30

PERSON OR ORGANIZATION: ANY PERSON OR ORGANIZATION TO WHOM YOU HAVE AGREED IN A WRITTEN CONTRACT THAT NOTICE OF CANCELLATION OF THIS POLICY WILL BE GIVEN, BUT ONLY IF:

1. YOU SEND US A WRITTEN REQUEST TO PROVIDE SUCH NOTICE, INCLUDING THE NAME AND ADDRESS OF SUCH PERSON OR ORGANIZATION, AFTER THE FIRST NAMED INSURED RECEIVES NOTICE FROM US OF THE CANCELLATION OF THIS POLICY; AND

2. WE RECEIVE SUCH WRITTEN REQUEST AT LEAST 14 DAYS BEFORE THE BEGINNING OF THE APPLICABLE NUMBER OF DAYS SHOWN IN THIS SCHEDULE.

ADDRESS:
THE ADDRESS FOR THAT PERSON OR ORGANIZATION INCLUDED IN SUCH WRITTEN REQUEST FROM YOU TO US.

PROVISIONS

If we cancel this policy for any legally permitted reason other than nonpayment of premium, and a number of days is shown for Cancellation in the Schedule above, we will mail notice of cancellation to the person or organization shown in such Schedule. We will mail such notice to the address shown in the Schedule above at least the number of days shown for Cancellation in such Schedule before the effective date of cancellation.
