REPORTS

Chair – Robert K. Collins
His written report may be found at https://www.dropbox.com/s/7uiet9dn1215k4c/Collins%20ASCSU%20Chair%20Report.docx?dl=0

Standing committees

- Academic Affairs (AA) – Susan Schlievert, Chair
- Academic Preparation and Education Programs (APEP) – Susan L. Holl, Chair
- Faculty Affairs (FA) – Thomas Norman, Chair
- Fiscal & Governmental Affairs (FGA) – Mark Hoven Stohs, Chair
  - FGA Annual Report
  - FGA Annual Report Additions

CSU Faculty Trustee – Romey Sabalius

- CSU Board of Trustees Meeting next week, routine agenda
- Budget is expected to be good
- Committee on Educational policy has an information item recapping the difficulty of the past year and looking towards the future
- Has now officially visited all CSU campuses at a CSU Trustee
- Will attend the few in-person commencements and “car-mmencements” that are available in the Bay Area
- Great desire from many constiuencies (including the legislature) that the Master Plan be rewritten

Other committees and committee liaisons

- General Education Advisory Committee (GEAC) – Mark Van Selst, Chair
  - The May 11, 2021 GEAC meeting touched on Ethnic Studies (CSU GE review timeline and processes, new CCC-based ethnic studies requirements, and the non-GE FDRG developments), Catalog Rights (updated peoplesoft implementation and request for re-examination of policy definitions), Credit for Prior Learning (newly added student appeal language), IGETC Standards updates (Ethnic Studies not [yet] addressed), an A3 (critical thinking) exemption request, what an exemption request entails, and the need for CSU Articulation Processes to respect the requirement that GE articulation should follow system evaluation of
GE credit rather than attempting to piggyback course-to-course articulations in order to assess GE equivalencies.

**Veteran’s Report**
- The CSU is implementing the Veterans Module on CMS to provide a better student experience for veteran students. This approach includes a more streamlined process staff will use for benefits certification (reporting enrollment to the VA). It also allows for more accurate enrollment, retention, and graduation data.
- Federal legislation ([H.R. 7105](https://www.congress.gov/bill/117th-congress/house-bill/7105)) that goes into effect this year contains 32 sections related to higher education and military-affiliated students. Examples of the new law’s provisions include improved student rights related to military leave, elimination of cost barriers to some military-affiliated students, a requirement to provide more accurate personalized cost of attendance shopping sheets and degree requirements, etc. The workload for staff in our Veterans Resource Centers will increase significantly to comply with all provisions of this new law.
- The CSU policy on Credit for Prior Learning is in the final stages of development. Because assessment of prior learning for institutions participating in the G.I. Bill is required by federal law, the new CPL policy will include a section specific to the assessment of learning in the U.S. Armed Forces.

**Ad Hoc Committee on Equity, Diversity, & Inclusion (AEDI) Report**
- Met with Luolong Hong, Associate Vice Chancellor, Student Affairs and Enrollment Management
  - Discussed diversity concerns across the CSU and the CO’s response
    - Rationale: We can’t address the diversity in the ASCSU without a discussion of the diversity among the CSU campuses.
  - We spoke about a request of the Justice, Equity, Diversity and Inclusion (JEDI) Committee and their advocacy for a Senior Diversity Officer in the CO.
    - We support this request and will speak directly to this in our final report.
  - We spoke about the need for campuses to better leverage their Affirmative Action plans as a strategy to increase diversity.
    - Each of the 23 CSU campuses and the Chancellor’s Office are required to establish and maintain an affirmative action program that is updated annually and communicated to campus administrators and other members of the campus community.
  - There was also a discussion of the need to decouple the work of JEDI from compliance.
This linkage makes the work of the diversity offices more of a formality and limits the scope of possibilities.

- We discussed other topics such as best practices for search committees and the need to institutionalize diversity, equity and inclusion practices far beyond isolated actions and activities, but true institutional change.
- Upcoming Training By Beyond Bias
  - As a reminder, AEDI has worked with Moving Beyond Bias trainers to design an interactive learning experience that uses scenarios to guide conversations to instill a level of critical consciousness. This is the awareness one needs to broaden their worldview to consider other perspectives and experiences. This is the essence of what is needed to move towards a more just and equitable ASCSU and CSU.
  - The training is scheduled for May 26th (9-5). We hope you will participate in this learning experience.
- Please watch out for our Final Report and Recommendations in the next few weeks.

• Thank you for all the work of the faculty during these difficult times

• Vaccine suggestions made it into policy, still developing policy
  o Apply just to people using campus facilities
  o No requirement if not using campus facilities
  o Still need full FDA Approval still may take several months
  o Exemptions for both medical and religious, can request documentation
  o Minimum certification of vaccination; self-certification, but allows campuses to establish higher thresholds

      o No discussion of faculty enforcement for students and their vaccinations
