2. [AS-3643-23/AA](#)

On California State University General Education and the Tenets of Shared Governance

This resolution states that the ASCSU believes any change to CSU General Education (GE) without a resolution passed by the ASCSU is at odds with the Tenets of Shared Governance and faculty purview on curricular matters.

3. [AS-3653-23/APEP](#)

Necessity of Curriculum Review in Application of Cal-GETC Standards

This resolution asks ICAS to amend the current draft of the Cal-GETC Standards, Policies, and Procedures Version 1.0 document to ensure that courses are evaluated for inclusion in/exclusion from Cal-GETC based on a review of the curriculum as it relates to content standards, rather than on non-curricular reasons.

4. [AS-3657-23/FA](#)

Request for Continued COVID-19 Mitigation on California State University Campuses

This resolution asks the CSU Campuses to improve current COVID-19 mitigation through an increased focus on education, reporting, notification of positive COVID-19 cases, consistent with current Cal-OSHA regulations. As part of this mitigation, it asks campuses to coordinate free or low-cost shot clinics for campus community members whose insurance does not cover the cost of the latest COVID-19 immunization booster shot, to educate students about sources of free antigen tests and offer free PCR tests to students who are at high risk (or with household members at high risk) of developing serious cases of COVID-19, and to educate students about recommended periods of isolation and masking if they test positive. It requests that the Chancellor and campus Presidents continue to be flexible, compassionate, and accommodating in response to the persistent impact of COVID-19 on campus public health.

5. [AS-3658/JEDI](#)

Call to Action to Advance Black Student Success and Elevate Black Excellence in the California State University

The ASCSU urge all campuses to robustly resource and holistically act on all of the findings and 13 student-developed recommendations articulated in the Advancing Black Student Success and Elevating Black Excellence in the CSU report. Little has changed for Black students since the 1968 student strikes for relevant education. In 2023, 4 in 10 (40%) first-time students leave the CSU without a degree. Slightly more than half (53%) of our Black first-time students leave without a degree. This resolution is a call to action for all 23 CSU campuses.

6. [AS-3659-23/JEDI](#)

Condemning Acts of Terrorism, War Crimes, Crimes Against Humanity, and Genocide Against all People, and Support for California State University Communities and Conversations

The Academic Senate of the California State University (ASCSU), in light of the developing crisis in Israel and Palestine, condemn the mass violence and subsequent suffering endured by innocent people in the Middle East through terrorism, war crimes, crimes against humanity, and genocide against all people. The resolution encourages each campus to foster the CSU mission of building and maintaining spaces for critical thinking, healthy intellectual communities, and nuanced discussions about the broad historical complexities that must be engaged to support and contribute to peaceful resolutions. It also demands a safe space for the good-faith articulation of informed analyses of the crises, while denouncing cases of the misuse and abuse of “Freedom of Expression” as cover for a hate crime.

Transfer Pathways Other Than Cal-GETC

This resolution seeks to retain open and equitable access to the CSU by recommending the retention of transfer pathways other than the completion of Cal-GETC. This is not saying that we should retain something similar to the current IGETC for UC vs. IGETC for CSU that currently exists. Rather, the intent here is to retain other pathways such as lower-division and upper-division transfer, as currently exists outside of IGETC.
