## Independent Auditors' Report

The Board of Directors  
California State University Risk Management Authority:

We have audited the accompanying financial statements of the California State University Risk Management Authority (the Authority), a component unit of the California State University as of and for the years ended June 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements for the years then ended as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the California State University Risk Management Authority as of June 30, 2021 and 2020, and the changes in its net position and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

U.S. generally accepted accounting principles require that management's discussion and analysis on pages 3 through 7 and the claims development information on Schedule 14 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary and Other Information*

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The supplementary information included in Schedules 1 through 13 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information included in Schedules 1 through 13 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information included in Schedules 1 through 13 is fairly stated in all material respects in relation to the basic financial statements as a whole.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2021 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Management's Discussion and Analysis

June 30, 2021 and 2020

(Unaudited)

The following discussion and analysis provides an overview of the financial position and performance of the California State University Risk Management Authority (the Authority) as of and for the years ended June 30, 2021 and 2020. It is designed to assist the readers in focusing on financial overview and analysis of the financial activities of the Authority. The discussion has been prepared by management and should be read in conjunction with the basic financial statements and accompanying notes, which follow this section.

**Overview of the Financial Statements**

The financial statements of the Authority as of and for the years ended June 30, 2021 and 2020 have been prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*. For reporting purposes, the Authority is considered a special-purpose government engaged in business-type activities.

The Authority's financial statements consist of the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position, Statements of Cash Flows, the notes to the financial statements, supplementary information, and required supplementary information. The Authority's basic financial statements include the Statements of Net Position, the Statements of Revenue, Expenses, and Changes in Net Position, and the Statements of Cash Flows and the related notes to the financial statements.

**Statement of Net Position**

The Statement of Net Position presents the financial position of the Authority at the end of the fiscal year and includes all assets and liabilities of the Authority. The difference between total assets and total liabilities, net position, is one indicator of the current financial condition of the Authority, while the change in net position is an indicator of how the overall financial condition has fluctuated from year to year.

RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Management's Discussion and Analysis

June 30, 2021 and 2020

(Unaudited)

A summary of the Authority's assets, liabilities, and net position at June 30, 2021, 2020, and 2019 is as follows:

**Condensed Schedules of Net Position**

(In thousands)

	<u>2021</u>	<u>2020</u>	<u>2019</u>
<b>Assets:</b>			
Current assets	\$ 91,057	108,559	88,129
Noncurrent assets	<u>36,768</u>	<u>39,497</u>	<u>47,638</u>
Total assets	<u>\$ 127,825</u>	<u>148,056</u>	<u>135,767</u>
<b>Liabilities:</b>			
Current liabilities	\$ 36,111	34,893	25,099
Noncurrent liabilities	<u>35,271</u>	<u>37,656</u>	<u>45,509</u>
Total liabilities	<u>\$ 71,382</u>	<u>72,549</u>	<u>70,608</u>
<b>Net position:</b>			
Unrestricted	<u>\$ 56,443</u>	<u>75,507</u>	<u>65,159</u>
Total net position	<u>\$ 56,443</u>	<u>75,507</u>	<u>65,159</u>

**Assets**

The Authority's assets totaled \$127.83 million on June 30, 2021, a decrease of \$20.23 million or 14%, as compared to the previous year. This is mainly attributed to the decrease in investments by \$22.17 million, due to higher claims payments combined with lower membership contributions and investment income. This was offset by the increase in accounts receivable by \$1.60 million from new construction projects enrolled in the Owner Controlled Insurance Program (OCIP).

The Authority's assets totaled \$148.06 million on June 30, 2020, an increase of \$12.29 million or 9%, as compared to the previous year. The increase is mainly attributed to the increase in investments by \$15.30 million, due to the excess of receipts over payments from operating activities, and Investment Income. The increase was offset by the decrease in prepaid expenses by \$3.20 million due to the timing of payments made for various insurance premiums.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Management's Discussion and Analysis

June 30, 2021 and 2020

(Unaudited)

**Liabilities**

The Authority's liabilities totaled \$71.38 million on June 30, 2021, a decrease of \$1.17 million or 2%, as compared to the previous year. The accounts payable decreased \$1.97 million primarily due to lower unemployment claims in the fourth quarter of the fiscal year offset by increase in outstanding insurance premiums. SELF assessment liabilities decreased by \$1.36 million, while unearned revenues increased by \$1.35 million due to collections related to multi-year OCIP capital projects and increase in claims liabilities by \$821 thousand.

Claims liability, current and noncurrent, increased by \$821 thousand as of June 30, 2021, and decreased by \$6.65 million as of June 30, 2020. Claims liability, current and noncurrent, represents 71% and 69% of the total liabilities as of June 30, 2021 and 2020, respectively. Claims liability, current and noncurrent, increased \$6.21 million for the liability programs, decreased \$4.73 million for the workers' compensation programs, and decreased \$658 thousand for the AIME program. Public Risk Innovation, Solution and Management (PRISM,) previously CSAC EIA, is responsible for all covered losses within the amount of the self-insurance layer for the campus and Auxiliary Organizations Risk Management Alliance (AORMA) workers' compensation programs; thus, the Authority is not liable for the layers covered by PRISM.

The Authority's liabilities totaled \$72.55 million on June 30, 2020, an increase of \$1.94 million or 3%, as compared to the previous year. Accounts payable increased \$3.80 million primarily due to unemployment claims in the fourth quarter of the fiscal year. Unearned revenues increased by \$6.16 million due to contribution collections related to multi-year projects, which was offset by the decreases in SELF assessment liability by \$1.36 million and claims liabilities by \$6.65 million.

**Net Position**

Net position may serve over time as a useful indicator of the Authority's financial position. Net position represents the residual measure of assets net of liabilities. Net position fluctuates annually due to the Authority's operating results for a given fiscal year as well as changes in investment income. The Authority's net position is classified as unrestricted and may be designated for use by the Authority.

The Authority's net position totaled \$56.44 million on June 30, 2021, a decrease of \$19.06 million or 25%, as compared to the previous year. This is primarily due to higher claim losses and loss adjustments expenses and reinsurance premium, and lower investment income during the year. Revenues from member contributions remained consistent with previous year.

The Authority's net position totaled \$75.51 million on June 30, 2020, an increase of \$10.35 million or 16%, as compared to the previous year. This is primarily due to revenues exceeding expenses during the year.

**Statement of Revenue, Expenses, and Changes in Net Position**

The Statement of Revenue, Expenses, and Changes in Net Position is the Authority's income statement. Revenues earned and expenses incurred during the year on an accrual basis are classified as either operating or nonoperating. It presents the results of the Authority's operations and changes in net position over the course of the fiscal year.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Management's Discussion and Analysis

June 30, 2021 and 2020

(Unaudited)

A summary of the Authority's statement of revenues, expenses, and changes in net position for the years ended June 30, 2021, 2020, and 2019 is as follows:

**Condensed Schedules of Revenues, Expenses, and Changes in Net Position**

Years ended June 30, 2021, 2020, and 2019

(In thousands)

	<b>2021</b>	<b>2020</b>	<b>2019</b>
Operating revenues	\$ 104,510	107,022	94,329
Operating expenses	123,221	103,940	101,141
Operating income (loss)	(18,711)	3,082	(6,812)
Nonoperating revenues (expenses), net	(353)	7,266	7,718
Change in net position	(19,064)	10,348	906
Net position, beginning of year	75,507	65,159	64,253
Net position, end of year	\$ 56,443	75,507	65,159

**Operating Revenues and Expenses**

The Authority's operating revenues consist of member contributions, net of reinsurance premiums. Increases or decreases in member contributions are primarily attributable to recommended funding for campus-covered programs calculated by an independent actuarial firm employed by the Authority.

During fiscal year 2021, operating revenues totaled \$104.51 million, a decrease of \$2.51 million or 2%, which was primarily due to increase in reinsurance premiums netted against the member contributions.

During fiscal year 2020, operating revenues totaled \$107.02 million, an increase of \$12.69 million or 13%, which was primarily due to an increase of member contributions, offset by the increase in reinsurance premiums.

During fiscal year 2021, operating expenses totaled \$123.22 million, an increase of \$19.28 million or 19% compared to the previous year, primarily due to increase in insurance premiums, dividends expenses and claim losses and loss adjustment expenses.

During fiscal year 2020, operating expenses totaled \$103.94 million, an increase of \$2.80 million or 3% compared to the previous year, primarily due to increases in insurance premiums and dividends expenses, which were offset by the decreases in claim losses and loss adjustment expenses.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Management's Discussion and Analysis

June 30, 2021 and 2020

(Unaudited)

Operating expenses consist of claim losses and loss adjustment expenses of \$38.31 million and \$27.50 million, claims administration expenses of \$11.65 million and \$10.35 million, insurance premiums of \$58.24 million and \$54.04 million, dividend distributions of \$11.17 million and \$8.55 million, general and administrative of \$1.94 million and \$1.85 million, and miscellaneous services of \$1.90 million and \$1.65 million for the years ended June 30, 2021 and 2020, respectively. Claim losses and loss adjustment expenses include actual claim payments made, as well as adjustments for reserves on claims. Claim case reserves are adjusted as claims develop and mature and additional information regarding potential loss amounts are known. Reserves for claims incurred but not reported, as determined by independent actuaries, are also included in this expense category. Claims administration includes expenses incurred by the Authority for claims administrator's fees and program administrator's fees, and brokerage commissions. Dividend distributions represent the return of contributions to CSU campuses and Auxiliary Organization members. In providing insurance coverage and risk management services to its members, the Authority incurs general and administrative and miscellaneous services expenses that are budgeted and approved by the Board of Directors annually.

**Nonoperating Revenues (Expenses), Net**

During fiscal year 2021, net nonoperating expenses totaled \$353 thousand, a decrease of \$7.62 million, which is primarily due to lower investment gains, both realized and unrealized, and earnings from the investment portfolio where the Authority's investments are held.

During fiscal year 2020, net nonoperating revenues totaled \$7.27 million, a decrease of \$452 thousand, which is primarily due to lower investment gains, both realized and unrealized, and earnings from the investment portfolio where the Authority's investments are held.

**Factors Impacting Future Periods**

There are no known issues that are expected to materially impact the organization with respect to the COVID-19 pandemic. However, there are trends that may influence membership and developments in the hardening commercial insurance market that warrant notice.

The Authority has a limited pool of membership consisting of CSU and its not-for-profit Auxiliary Organizations. The CSU and Auxiliary Organizations are subject to economic trends which impact funding, operations, and grants and contracts.

The California workers' compensation operating environment has stabilized despite increases in the cost of medical care and prescription drugs, combined with an aging workforce. To combat increasing costs to settle workers' compensation claims, the Authority has implemented a Workers' Compensation Claims Management and Return to Work Program, as well as an ongoing claims closure initiative. Results have been positive, however, the environment may change. The annual spend on the Workers' Compensation continues to remain essentially stable year over year.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Management's Discussion and Analysis

June 30, 2021 and 2020

(Unaudited)

Generally, the commercial insurance and reinsurance market is stable but we see diminished capacity, increased premiums and more narrow coverage. However, weather extremes, catastrophic losses, pandemics and investment losses are areas of concern for commercial insurance carriers and the California market has experienced catastrophic claims due to pandemic, wildfire, and excessive rainfall. Institutional size risks, such as the CSU and its Auxiliary Organizations, with large valued property locations spread throughout the state are experiencing rate increases as commercial insurers raise concerns about recent natural disasters such as floods, hurricanes, and potential wildfires.

The market for excess liability for California public entities has firmed considerably. This is largely due to a significant rise in the cost of claims, especially those involving employment practices, law enforcement, and injuries to minors. The Authority manages this risk by developing long-term underwriting relationships and attracting other insurers and risk financing schemes to the program.

Funds are invested by the Authority to pay expected claims in the pooled programs. The valuation of claims liabilities is discounted based on assumed investment earning rates. A divergence in the rate assumed for discounting claims liabilities and investment earnings can affect the ultimate claims liability recorded in the financial statements. To guard against possible divergence, the dividend calculations utilized to return excess funds to the membership use a more conservative calculation of equity.

The rates charged by the Authority for member contributions for the future year increased due to claim and market trends for the liability, industrial disability/nonindustrial disability/unemployment insurance, and property programs. In the May 2021 Board of Director's meeting, the fiscal year 2022 budget was approved for operating revenues of \$107.92 million and operating expenses of \$117.57 million.

**(1) Organization**

On January 1, 1997, California State University (CSU or the University) and certain auxiliary organizations of the University established the California State University Risk Management Authority (the Authority) pursuant to the provisions of Section 6500 et seq. of the California Government Code (the Code). The Code authorizes CSU and Auxiliary Organizations to establish and operate pooled coverage programs and to provide related services. The Authority provides entity risk pooling programs for workers' compensation, general liability, industrial and nonindustrial disability, unemployment insurance coverage, property, construction, and other risk-related programs for its member organizations (the Members). Members participating in the Authority's coverage programs at June 30, 2021 and 2020 are as follows:

The accompanying financial statements are also included in the CSU's financial statements as a discretely presented component unit.

The Authority is managed by a board of directors, which is composed of 30 directors appointed by the CSU Executive Vice Chancellor/Chief Financial Officer, Business and Finance, and 10 directors elected by the Auxiliary Organizations, which are members of the Authority. The Executive Vice Chancellor may also appoint alternate representatives who shall serve in the absence of the primary representatives. Directors elected by the Auxiliary Organizations serve subject to terms and conditions adopted by the Auxiliary Organizations for election and replacement of the same. Each director of the Authority must be an officer, director, or employee of the University or an Auxiliary Organization.

The Authority assumed the losses of the University's risk pool on January 1, 1997 (inception date) in exchange for a commitment from the University to fund incurred losses. In addition, the University has made the commitment to provide sufficient cash flows to the Authority to meet its operating needs.

All post-development costs of the Authority's programs are funded by annual premiums charged to members participating in the program each policy year and by interest earnings on the accumulated funds. Premiums are based on a cost allocation plan and rating formula developed by the Authority with the assistance of actuaries, risk management consultants, and other qualified persons. The premium for each member participating in the shared risk programs includes the member's share of expected program losses, program reinsurance costs, and program administrative costs for the year. If the Authority experiences unusually large losses in one of the aforementioned programs during a policy year, those pooled funds for the program may be exhausted before the next annual premiums are due. The Board of

(In thousands)

Directors may, upon consultation, impose assessments on all participating members in the respective program to provide adequate funds to the Authority for the payment of all incurred losses.

The Authority coordinates the claims process in conjunction with various organizations. These entities include the State of California Attorney General's Office; Sedgwick Claims Management Services, Inc. (Sedgwick); Carl Warren & Company (Carl Warren); Health Special Risk, Inc. (HSR); the CSU Office of General Counsel; Systemwide Risk Management; Alliant Insurance Services (Alliant); the CSU Office of the Chancellor; and the 23 CSU campuses. Sedgwick is the third-party administrator (TPA) for all workers' compensation claims involving campuses and Auxiliary Organizations. Carl Warren is the TPA for Auxiliary Organization liability claims. HSR is the TPA for Athletic Injury Medical Expense (AIME) and Club Sports Insurance Program (CSIP) claims. Alliant administers all entity risk pooling programs provided by the Authority.

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Presentation**

The accompanying financial statements for the Authority have been prepared under the standards promulgated by the Governmental Accounting Standards Board (GASB) using the accrual basis of accounting and economic resources measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The financial statements include the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position, and Statements of Cash Flows. The Authority is considered a special-purpose government. The Authority records revenues primarily from fees collected from the campuses and Auxiliary Organizations and, accordingly, has chosen to present its financial statements using the reporting model for special-purpose governments engaged only in business-type activities.

**(b) Classification of Current and Noncurrent Assets (Other than Investments) and Liabilities**

The Authority considers assets to be current when they can be reasonably expected, as part of its normal business operations, to be converted to cash and be available for liquidation of current liabilities within 12 months of the Statements of Net Position date. Liabilities that can be reasonably expected, as part of the Authority's normal business operations, to be liquidated within 12 months of the Statements of Net Position date are considered to be current. All other assets and liabilities are considered to be noncurrent. For classification of current and noncurrent investments, refer to note 2(d).

**(c) Cash and Cash Equivalents and Statements of Cash Flows**

The Authority considers all highly liquid investments with an original maturity date of three months or less to be cash and cash equivalents. The Authority considers amounts included in the Morgan Stanley Smith Barney and the CSU Consolidated Investment Pool to be investments. Certain transactions recorded as revenues or expenses in the accompanying Statements of Revenues, Expenses and Changes in Net Position include transactions between entities that are also participants in the Investment Pool. The Authority considers changes in the respective participants' equity in the CSU

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

Consolidated Investment Pool resulting from these transactions to represent cash flows of the Authority in the accompanying Statements of Cash Flows.

**(d) Investments**

Investments are reflected at fair value using quoted market prices. Realized and unrealized gains and losses are included in the accompanying Statements of Revenues, Expenses, and Changes in Net Position as a component of investment income, net.

Investments that are used for current operations are classified as short-term investments. Investments that are restricted for withdrawal or use for other than current operations, designated or restricted for the liquidation of the noncurrent portion of long-term liabilities, or restricted as to the liquidity of the investments are classified as other long-term investments.

**(e) Accounts Receivable**

Accounts receivable represents amounts due from the Members and excess insurance carriers.

**(f) Reinsurance Recoverable**

Reinsurance recoverable represents estimated amounts due from reinsurers, who reinsured the CSU's workers' compensation claims liability for claims incurred during the fiscal year. The estimates are related to paid claims and claim adjustment expenses as of fiscal year-end. The estimated amounts recoverable from reinsurers that are related to the liabilities for unpaid claims and claim adjustment expenses are deducted from those claims liabilities for losses and loss adjustment expenses (LAE) (note 2(h)).

**(g) Member Contributions**

The Authority reports contributions received from the Members in the Statements of Revenues, Expenses, and Changes in Net Position. Contribution calculations for both campuses and Auxiliary Organizations are based on program funding policies and procedures and various rating plans, including pro rata shares of the anticipated claims liabilities for losses and LAE based on actuary projections and loss rates. Contributions are recorded as revenue for the policy year in which coverage is provided. Contributions collected in advance of the policy year are recorded in the Statements of Net Position as unearned revenues.

**(h) Claims Liability for Losses and LAE**

The claims liability for losses and LAE included in the accompanying financial statements reflect the estimated cost of settling claims relating to events that have occurred as of fiscal year-end. The liability includes the estimated amount that will be required for future payments of claims that have been reported and claims related to events that have occurred but have not been reported. The liability is also reduced by estimated amounts recoverable from the reinsurer that are related to the liability for unpaid claims and claim adjustment expenses. The liability is estimated through an actuarial calculation using individual case basis valuations and statistical analyses. The liability is not discounted.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

Claims liability is recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, and other economic and social factors. Adjustments to claim liabilities are charged or credited to expense in the periods in which they are made.

In estimating unpaid losses and LAE, the Authority has employed methods and assumptions considered reasonable and appropriate given the information currently available. Given the inherent uncertainty in the nature of such estimates, future losses may deviate from those estimates.

**(i) Dividend Distributions**

The Authority reports dividends in the Statements of Revenues, Expenses, and Changes in Net Position for the return of contributions to the Members. Dividends to CSU campuses are based on a review of the funding status report by the Executive Committee and are distributed to each member by their pro rata contributions over the past five completed fiscal years. Dividends to any participating Auxiliary Organization are calculated and distributed in accordance with the Dividends and Assessment Policy. Dividend distributions are accrued as dividend expense once they are approved and declared by the Executive Committee and the Auxiliary Organizations Risk Management Alliance (AORMA) Committee.

**(j) Net Position**

The Authority's net position is classified as unrestricted. Unrestricted net position may be designated for use by the Authority. The Authority has adopted a policy of utilizing restricted funds, when available, prior to unrestricted funds.

**(k) Classification of Revenues and Expenses**

The Authority considers operating revenues and expenses in the Statements of Revenues, Expenses, and Changes in Net Position to be those revenues and expenses that result from exchange transactions or other activities that are connected directly to the Authority's primary functions. Certain other transactions are reported as nonoperating revenues and expenses in accordance with GASB requirements. These nonoperating activities include the Authority's investment income, net, and interest income from loans.

**(l) Income Taxes**

The Authority was formed pursuant to the Code Section 6500 et seq. and, as a governmental entity, is not subject to federal or state income taxes under §115 of the Internal Revenue Code of 1986.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

**(m) Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

**(3) Cash and Cash Equivalents, Investments, and Investment Income, Net**

The Authority's cash, cash equivalents, and investments as of June 30, 2021 and 2020 are classified in the accompanying Statements of Net Position as follows:

	2021	2020
Cash and cash equivalents	\$ —	62
Short-term investments	69,814	89,252
Other long-term investments	35,271	38,000
Total	\$ 105,085	127,314

**(a) Cash and Cash Equivalents**

The Authority maintains centralized management for substantially all of its cash and cash equivalents. Cash in demand deposit accounts is minimized by sweeping available cash balances into the CSU Consolidated Investment Pool on a daily basis.

At June 30, 2021 and 2020, the Authority's cash and cash equivalents consist of demand deposits held at a financial institution which are secured by the Federal Deposit Insurance Corporation for \$250. The carrying amount of the cash in demand deposit accounts were \$184 and \$208 at June 30, 2021 and 2020, respectively. The primary difference between the book and bank balance is due to outstanding checks and cash awaiting investment in the CSU Consolidated Investment Pool.

**(b) Investments**

At June 30, 2021 and 2020, the Authority's investment portfolio consists of investments held at Morgan Stanley Smith Barney and in the CSU Consolidated Investment Pool. Separate accounting is maintained as to the amounts allocable to the various funds and programs.

*(i) Investment Policy*

State law and regulations require that surplus monies of the Authority must be invested. The primary objective of the Authority's investment policy is to safeguard the principal. The secondary objective is to meet the liquidity needs of the Authority. The third objective is to return an acceptable yield.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

The Authority's investment policy authorizes funds held in local trust accounts under Education Code Sections 89721 and 89724 to be invested in any of the securities authorized by Government Code Sections 16430 and 53601, and Education Code Section 89724, subject to certain limitations. In general, the Authority's investment policy permits investments in obligations of the federal and California state governments, certificates of deposit, high-quality domestic corporate and fixed-income securities, and certain other investment instruments.

*(ii) Custodial Credit Risk*

Custodial credit risk is the risk that in the event of the failure of the custodian, the investments or deposits may not be returned to the Authority. Substantially all of the Authority's securities are registered in the Authority's name by the custodial bank as an agent for the Authority.

*(iii) Interest Rate Risk*

Interest rate risk is the risk that fluctuations in interest rates will adversely affect the fair market value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair market value to fluctuations in market interest rates. The Authority's investment guidelines measure interest rate risk by limiting an eligible investment to a maximum effective maturity and by limiting the average duration of the portfolio. The effective maturity date reflects a bond with embedded options, such as a call, put, or reset date, and prepayment speed resulting in the maturity of a bond being less than its final maturity date. Duration is a measure of the sensitivity of the price of an investment relative to fluctuations in market interest rates.

Durations of the Authority's investment portfolio for each investment type as of June 30, 2021 are presented in the table below.

<b>Investment type</b>	<b>Fair value</b>	<b>Duration (in years)</b>
Asset-backed securities	\$ 3,969	4.67754
Corporate bonds	15,969	2.56455
Money market funds	1,976	—
Mortgage-backed securities	8,848	4.13258
Municipal bonds	3,418	5.60861
U.S. agency securities	661	7.83506
U.S. Treasury securities	42,483	4.33367
International bonds	1,164	2.09185
CSU Consolidated Investment Pool	26,597	1.17928
Total investments	<u>\$ 105,085</u>	

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

Durations of the Authority's investment portfolio for each investment type as of June 30, 2020 are presented in the table below.

<u>Investment type</u>	<u>Fair value</u>	<u>Duration (in years)</u>
Asset-backed securities	\$ 4,829	5.23555
Corporate bonds	16,823	2.17188
Money market funds	2,239	—
Mortgage-backed securities	13,886	1.68751
Municipal bonds	3,877	6.80789
U.S. agency securities	741	8.63534
U.S. Treasury securities	55,427	4.41767
International bonds	1,214	2.96665
CSU Consolidated Investment Pool	<u>28,216</u>	1.11637
Total investments	\$ <u><u>127,252</u></u>	

Another way the Authority manages its exposure to interest rate risk is by purchasing a combination of short-term and long-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or nearing maturity evenly over time as necessary to provide cash flows and liquidity needed for operations.

*(iv) Credit Risk*

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This risk is measured by the assignment of a rating by a nationally recognized statistical rating organization.

By law, the Authority invests in low credit risk securities, such as U.S. government securities, securities of federally sponsored agencies, highly rated domestic corporate bonds, prime-rated commercial paper, repurchase and reverse repurchase agreements, banker's acceptances, and negotiable certificates of deposit.

RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

(v) *Concentration Risk*

Concentration of credit risk rises as investments become concentrated relative to a portfolio characteristic, such as issuance, issuer, market sector, counter party, or sovereign nation, and is best mitigated by diversification. The Authority's investment policy has concentration limits that provide sufficient diversification.

As of June 30, 2021, the following investments held at Morgan Stanley Smith Barney (other than U.S. Treasury securities, mutual funds, and external investment pools) represented 5% or more of the Authority's investment held at Morgan Stanley Smith Barney: Federal National Mortgage Association totaling \$5,336 or 6.80%.

As of June 30, 2020, the following investments held at Morgan Stanley Smith Barney (other than U.S. Treasury securities, mutual funds, and external investment pools) represented 5% or more of the Authority's investment held at Morgan Stanley Smith Barney: Federal National Mortgage Association totaling \$6,434 or 6.50%.

(vi) *Fair Value Measurements*

The Authority uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine the fair value disclosures. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction among market participants at the measurement date. Fair value is best determined based upon quoted market prices. However, in certain instances, there are no quoted market prices for the Authority's various financial instruments. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including discount rates and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the instrument. The Authority groups its assets and liabilities measured at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest-level input that is significant to the fair value measurement in its entirety. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Authority has the ability to access at the measurement date.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability. This valuation is accomplished using management's best estimate of fair value, with inputs into the determination of fair value that require significant management judgment or estimation.

The following table presents investments that are measured at fair value on a recurring basis at June 30, 2021:

<u>Investment type</u>	<u>Fair value</u>	<u>Level 2</u>	<u>Net asset value</u>
Asset-backed securities	\$ 3,969	3,969	—
Corporate bonds	15,969	15,969	—
Money market funds	1,976	—	1,976
Mortgage-backed securities	8,848	8,848	—
Municipal bonds	3,418	3,418	—
U.S. agency securities	661	661	—
U.S. Treasury securities	42,483	42,483	—
International bonds	1,164	1,164	—
	78,488	\$ 76,512	1,976
Investments not subject to fair value hierarchy:			
Equity in CSU Consolidated Investment Pool	26,597		
Total investments	\$ 105,085		

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

The following table presents investments that are measured at fair value on a recurring basis at June 30, 2020:

<u>Investment type</u>	<u>Fair value</u>	<u>Level 2</u>	<u>Net asset value</u>
Asset-backed securities	\$ 4,829	4,829	—
Corporate bonds	16,823	16,823	—
Money market funds	2,239	—	2,239
Mortgage-backed securities	13,886	13,886	—
Municipal bonds	3,877	3,877	—
U.S. agency securities	741	741	—
U.S. Treasury securities	55,427	55,427	—
International bonds	1,214	1,214	—
	99,036	\$ 96,797	2,239
Investments not subject to fair value hierarchy:			
Equity in CSU Consolidated Investment Pool	28,216		
Total investments	\$ 127,252		

The following discussion describes the valuation methodologies used for financial assets and liabilities measured at fair value. The techniques utilized in estimating the fair value are affected by the assumptions used.

Investments classified in Level 2 as fair value are calculated using valuations that include observable market quoted prices for similar assets or liabilities. These include observable inputs other than quoted prices such as price services or indices, estimates, appraisals, assumptions, and other methods that are reviewed by management. Changes in market conditions and economic environments may impact the net asset value (NAV) of the funds and consequently the fair value of the Authority's interests in the funds.

Money market funds are not categorized under the fair value hierarchy and are shown at NAV. These investments are measured at amortized cost when calculating NAV per share (or its equivalent) of the investment.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

**(c) Investment Income, Net**

Investment income, net, included within the Statements of Revenues, Expenses, and Changes in Net Position is comprised of unrealized (losses) gains of (\$1,079) and \$815, realized (losses) gains of (\$663) and \$4,307, and interest and dividend income of \$1,371 and \$2,080 for the years ended June 30, 2021 and 2020, respectively.

**(4) Loans Receivable from Affiliates**

In June 2017, the Authority entered into a loan agreement with Humboldt State University in the amount of \$1,800. The loan is nonamortizing, with interest due and payable quarterly, payable 30 days following the end of each calendar quarter. The interest rate is equal to the stated CSU Consolidated Investment Pool rate of return earned by the Authority (0.073% and 0.137% at June 30, 2021 and 2020, respectively). The maturity date of the loan is October 31, 2022. The amount outstanding on the loan was \$1,497 as of June 30, 2021 and 2020.

**(5) Claims Liability for Losses and Loss Adjustment Expenses**

The Authority establishes a liability for both reported and unreported events, which includes estimates of both future payments of losses and related loss adjustment expenses. Although considerable variability is inherent in such estimates, management believes that the liability is reasonable at June 30, 2021 and 2020.

Changes in the Authority's claims liability for the years ended June 30, 2021 and 2020 are as follows:

Claims liability for losses and loss adjustment expenses, June 30, 2019	\$	56,375
Less current portion		(14,957)
Claims liability for losses and loss adjustment expenses, June 30, 2019, net of current portion		41,418
Incurred claims for losses and loss adjustment expenses:		
Provision for insured events of the current fiscal year		62,712
Decrease in provision for reinsured events of the current fiscal year		(22,606)
Decrease in provision for insured events of prior fiscal years		(12,607)
Total incurred claims for losses and loss adjustment expenses		27,499
Payments:		
Claims and claim adjustment expenses attributable to insured events of the current fiscal year		(25,099)
Claims and claim adjustment expenses attributable to recoveries from reinsured events of the current fiscal year		16,187

	\$ 8,296	120,435	(8,547)	

**(7) Excess Insurance and Reinsurance**

**(a) Excess Insurance**

For the years ended June 30, 2021 and 2020, the Authority purchased excess insurance to protect the Members from catastrophic losses.

The Authority maintained excess public entity liability insurance coverage provided by School Excess Liability Fund (SELF), a joint powers authority, with coverage for individual claims above \$5,000 and up to \$45,000 per occurrence until December 2009.

**CALIFORNIA STATE UNIVERSITY  
RISK MANAGEMENT AUTHORITY**

A Discretely Presented Component Unit of the California State University

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

The Authority maintained excess general liability insurance coverage provided by various insurers with coverage for individual claims above \$15,000 up to \$200,000 per occurrence. The Authority purchased from Safety National excess workers' compensation insurance to statutory limits in excess of the \$2,500 self-insured retention for the years ended June 30, 2021 and 2020. For the AORMA workers' compensation program, the Authority also purchased from Safety National excess workers' compensation insurance to statutory limits in excess of the \$750 self-insured retention for the years ended June 30, 2021 and 2020. There have been no settlements exceeding insurance limits in the past three fiscal years.

Effective January 1, 2015, the Authority joined the CSAC Excess Insurance Authority Excess Workers' Compensation Program, pursuant to the memorandum of coverage issued by the EIA. In 2020, CSAC EIA changed their name to Public Risk Innovation, Solutions and Management (PRISM.) PRISM is responsible for all covered losses within the amount of the self-insured retention layer of \$2,500 for the campus workers' compensation program and \$750 for the AORMA workers' compensation program. The estimated amounts that are recoverable from PRISM as of June 30, 2021 and 2020 were \$57,459 and \$66,687 for the campus workers' compensation program and \$3,644 and \$4,148 for the AORMA workers' compensation program, respectively.

**(b) Reinsurance**

For the years ended June 30, 2021 and 2020, the Authority did not enter into the CSU's workers' compensation reinsurance contract. From the years ended June 30, 2008 through June 30, 2012, the Authority entered into a reinsurance contract with the Insurance Company of the State of Pennsylvania (the Reinsurer). This transaction reinsured the CSU's workers' compensation claims liability for claims incurred within the \$2,500 self-insured retention up to aggregate limits. The estimated amounts that are recoverable from the reinsurer and that reduce the liabilities as of June 30, 2021 and 2020 were \$4,864 and \$6,417, respectively. While such losses are reinsured, the Authority will not be relieved of its primary obligations to the policyholder in these reinsurance transactions.

For the years ended June 30, 2021 and 2020, the Authority purchased reinsurance for the campus and AORMA liability programs provided by Markel, Great American, Argonaut, and Everest. This transaction reinsured the campus and AORMA claims liability for individual claims incurred in excess of \$500 and up to \$15,000 per occurrence. The reinsurance premiums for the years ended June 30, 2021 and 2020 were \$5,218 and \$3,952, respectively. There have been no settlements in the most recent three fiscal years that have exceeded insurance limits.

For the years ended June 30, 2021 and 2020, the Authority purchased reinsurance for the campus and AORMA property programs provided by the Public Entity Property Insurance Program (the PEPPI). This transaction reinsured the campus and AORMA property programs for individual claims in excess of \$1,000 for the Campus program and \$100 for the AORMA program, and up to \$1,000,000 per occurrence. The reinsurance premiums for the years ended June 30, 2021 and 2020 were \$12,179 and \$9,461, respectively. The coverage terms and conditions are the same as provided by the PEPPI in prior years.

Notes to Financial Statements

June 30, 2021 and 2020

(In thousands)

**(8) SELF Assessment Liability**

Prior to July 1, 2004, the Authority maintained excess workers' compensation insurance coverage provided by SELF, a public entity risk pool. The Authority remains liable for assessments from SELF in settlement of claims incurred prior to July 1, 2004. The assessment liabilities as of June 30, 2021 and 2020 were \$2,728 and \$4,091, respectively.

**(9) Subsequent Events**

Subsequent events have been evaluated through September 23, 2021, which corresponds to the date when the financial statements were issued. During this period, there were developments on certain claims which increased the claims liability for losses and loss adjustments expenses by approximately \$6,000. There are no additional subsequent events that require disclosure.
