**Administrative Note**: CSUPERB grants are issued as a result of an internal competition within the CSU and are not subject to Facilities and Administrative (F&A), or indirect, costs. F&A costs are not allowed as a grant-funded expense in proposals submitted in response to RFPs from programs, like CSUPERB, that receive the majority of their support from legislatively appropriated funds, CSU lottery funds or student fees (including State University fees). The F&A foregone at the campus/auxiliary’s federally negotiated off-campus rate may be shown as cost match on the proposal. This amount may be used by the auxiliary or enterprise fund as an offset to the university’s cost allocation plan, in accordance with EO 753/1000.
BUDGET JUSTIFICATION

Explain why you need travel support. If the total for the expenses you itemized above is greater than the amount you are requesting, you must explain how you will finance the additional expenses that make travel feasible. Justify your request for lodging if you live within commuting distance of the meeting, workshop or facility/site. Limit ½ page.
