

## Understanding fees in the California State University (CSU) 403(b) Supplemental Retirement Plan (SRP)

One of the goals of CSU is to ensure that participants pay competitive recordkeeping service fees and fees for the investment options in the CSU 403(b) Supplemental Retirement Plan (SRP).

**Recordkeeping Fees:** Effective October 1, 2022, the CSU 403(b) SRP fixed dollar administrative fee was lowered to \$40 per year (\$10.00 per quarter). This flat quarterly administrative fee is assessed to any participant with a balance in CSU 403(b) SRP investment options. CSU believes structuring the CSU 403(b) SRP so that each participant pays a fixed fee for administrative recordkeeping can help improve your ability to plan for retirement and reduce costs on average. Whether you are currently participating in the CSU 403(b) SRP or intend to participate in the future, take a few moments to understand the other fees and their impact on your retirement savings.

**Investment Option Fees:** Investment option fees are incorporated in the Net Asset Value (NAV) of each investment option. The fees are not deducted from your CSU 403(b) SRP account so you do not see an explicit fee deduction on your quarterly benefit statement. These fees are expressed as a percentage (which varies by investment option) of the investment option's assets, called an expense ratio. Expense ratios vary from fund to fund, depending on many factors, such as investment objectives, investment style, management fees, and fees associated with a fund's daily operations. These fees reduce the returns of each investment option in your account. To view the investment management fees for your funds, please view the prospectus at [NetBenefits.com/calstate](https://NetBenefits.com/calstate).

**Individual Fees and Expenses:** Individual fees and expenses include those associated with a service or transaction you may select. If you have an account in the CSU 403(b) SRP, and you select or execute the following service(s) or transaction(s), the fee(s) outlined below may be deducted from your account

- Loan Setup Fee: \$75 per loan
- Express (overnight) delivery: \$25 per transaction
