Re: 2022-23 Annual Total Return Portfolio (TRP) Spending Distribution

This annual spending distribution in the amount of \$48.8 million is allocated to campuses from the Total Return Portfolio (TRP) for 2022-23. The campus distribution amount is calculated using the same methodology as the annual investment earnings allocation (<u>Budget Coded Memo B2022-06</u> for reference). It is based on past year General Fund allocations, total revenue collection in all funds participating in the SWIFT pool, and actual equity at year end.

These funds are to be used for academic deferred maintenance and capital improvements and may not be used for ongoing operations, in accordance with California Education Code, Section 89726 (d). For the initial transfer, campuses are to record in *CSU Fund 486 – Non-Recurring Maintenance and Repair (NRMR)*. If a campus determines that these funds will be used in accordance with the requirements of CSU Fund 487, an internal transfer can be processed.

In addition, as part of the <u>Five-Year Capital Improvement Program</u>, any projects over the minor capital threshold (\$929,000), including TRP funds, are to follow the Program <u>requirements</u><sup>1</sup>. Campuses shall record and report in accordance with Chapter 15<sup>2</sup> of the Legal Accounting and Reporting manual.

Please forward this memo, as appropriate, to those staff members involved with the accounting, budgeting, and project activities. Please contact Jeni Kitchell at <a href="mailto:ikitchell@calstate.edu">ikitchell@calstate.edu</a>, Ron Flatt at <a href="mailto:rflatt@calstate.edu">rflatt@calstate.edu</a>, or Kelly Cox at <a href="mailto:kcox@calstate.edu">kcox@calstate.edu</a> if you have questions concerning this memo.

<sup>&</sup>lt;sup>1</sup> Any project of major capital value is to be enrolled in the CPDC Builders Risk Insurance Program (BRIP).

<sup>&</sup>lt;sup>2</sup> See Chapter 15 section 2.3.2 (<u>here</u>) for situations that require attributes.
