“For more than 60 years, the California State University has set the standard for inclusive excellence in higher education, transforming the lives of its talented and diverse students as it elevates families and communities and powers California’s sustained economic vitality.”

Jolene Koester
Interim Chancellor, California State University
INTRODUCTION

The California State University is the nation’s largest and most diverse four-year university, providing opportunities for upward mobility to nearly half a million students and empowering them to become leaders in the changing workforce.

NATION’S LARGEST
four-year public university

23 CAMPUSES
and seven off-campus centers

477,000 STUDENTS

23 CAMPUSES. ONE UNIVERSITY.
THE CSU

- is the nation’s largest four-year public university, with 23 campuses and seven off-campus centers.
- educates the most ethnically, economically and academically diverse student body in the nation.
- is renowned for the quality of its teaching and preparing job-ready graduates.
- educates approximately 477,000 students.
- employs nearly 56,000 faculty and staff.
- stretches 800 miles from Humboldt in the north to San Diego in the south.
- has conferred degrees on more than 4 million living alumni.

NEARLY HALF of the state’s bachelor’s degrees are awarded by the CSU

More than 132,000 degrees conferred annually

A return of nearly $7 for every $1 invested by CA

800 MILES stretching from Humboldt to San Diego

Helps create 209,400 jobs annually

Generates $26.9 BILLION in industry activity

THE CSU • is the nation’s largest four-year public university, with 23 campuses and seven off-campus centers. • educates the most ethnically, economically and academically diverse student body in the nation. • is renowned for the quality of its teaching and preparing job-ready graduates. • educates approximately 477,000 students. • employs nearly 56,000 faculty and staff. • stretches 800 miles from Humboldt in the north to San Diego in the south. • has conferred degrees on more than 4 million living alumni.
OPPORTUNITY
The CSU creates opportunity for the diverse students of California to reach their educational goals and become leading citizens. Nearly one-third of CSU students are the first in their families to attend college.

PREPARATION
The CSU plays a critical role in providing future leaders with the skills and knowledge they’ll need to thrive in the workforce and help drive California’s economy. The CSU produces nearly half the state’s bachelor’s degrees, sending more than 132,000 job-ready graduates into the workforce each year.

QUALITY
The CSU prepares students for success through leading-edge programs, superior teaching and scholarly activity. High-quality academic programs reflect California’s current and future workforce demands in emerging fields such as cybersecurity, software engineering, sustainable business and environmental technology.

LEADERSHIP
Through the caliber of its academic programs and a university-wide commitment to student achievement, the CSU is dedicated to fostering leaders. Across the campuses and in communities throughout the state, the CSU’s faculty, staff, students and alumni are addressing critical issues facing our state and nation.

INCLUSIVE EXCELLENCE
The CSU strives to create a welcoming environment for all members of its campus communities. This commitment to inclusive excellence is manifested in students who make up the most ethnically, economically and academically diverse student body in the nation, attaining higher levels of success than ever as graduation rates continue to reach all-time highs. The CSU is an engine of social mobility as those students receive high-quality educations that propel them into higher economic strata. The CSU provides more than half of all undergraduate degrees earned by California’s Latinx, African American and Native American students combined. Twenty-one of 23 CSUs are currently recognized by the Department of Education as Hispanic-Serving Institutions (HSIs), colleges and universities with a Latinx student enrollment of at least 25%.

MASTER PLAN FOR HIGHER EDUCATION
The CSU was created in 1960 under the California Master Plan for Higher Education. The CSU draws its students from the top third of the state’s high school graduates and is California’s primary undergraduate teaching institution. Continuing to expand its educational scope and help meet California’s workforce demands for skilled professionals, the CSU offers independent doctorates in audiology, education, nursing practice, occupational therapy and physical therapy programs at numerous campuses. The Doctor of Philosophy is also offered through a joint partnership with other public and private universities in California.
GRADUATION INITIATIVE 2025

Graduation Initiative 2025 aims to increase graduation rates for all CSU students while eliminating equity gaps. Through this initiative, the CSU will ensure that all students have the opportunity to graduate in a timely manner according to their personal goals, positively impacting their future while producing the graduates needed to power California and the nation.
Since its launch in 2016, the initiative has already seen success in bringing completion rates to all-time highs in all categories and narrowing equity gaps between underserved students and their peers.

In fall 2021, the CSU announced a plan to redouble efforts to eliminate equity gaps by implementing an action plan that includes a re-enrollment campaign, expanding credit opportunities and providing digital degree planners for all students.

In 2020-21, the CSU graduated 3,692 more students than the previous year.

BY GENDER

- Male: 202,263 (42.4%)
- Female: 275,203 (57.6%)

Although CSU editorial style uses Latinx, data tables refer to this group as Hispanic/Latino to mirror federal reporting.
GRADUATE STUDIES

• In fall 2021, the CSU enrolled 55,075 postbaccalaureate/graduate students.
• 19,454 master’s degrees were awarded in 2020-21.
• Doctor of Audiology, Doctor of Education, Doctor of Nursing, Doctor of Occupational Therapy, Doctor of Philosophy and Doctor of Physical Therapy programs serve more than 2,481 doctoral students from diverse backgrounds, preparing them for top leadership roles.

APPLYING

Students planning to enter the CSU can apply through the online application tool, Cal State Apply, at calstate.edu/apply.

Due to the large number of applicants, some CSU campuses have higher standards (supplementary admission criteria) for particular majors or for students who live outside the local campus area. Campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and community colleges that are historically served by a CSU campus in that region.

ADMISSION REQUIREMENTS

First-time Students

First-time freshmen applicants must meet the standards in each of the following areas:

• Graduate from high school or equivalent
• Complete required college preparatory coursework
• Earn suitable grades in college preparatory coursework
• Achieve a qualifying grade point average (GPA)

Transfer and Graduate Students

The majority of transfer students enter as upper-division transfers and must complete at least 60 semester or 90 quarter units and required GE before transferring. Students who have earned an Associate Degree for Transfer (ADT) and are admitted to a similar degree will be admitted to the CSU with junior status.

To apply for admission to graduate or postbaccalaureate studies, a student must:

• Earn a baccalaureate degree from an accredited institution with at least a 2.5 grade point average.
• Be in good academic standing while satisfactorily meeting the professional, personal, scholastic and other standards for graduate study.

CALSTATE.EDU/APPLY
CSU TUITION FEES: 2021-22*
- Undergraduate: $5,742
- Credential: $6,660
- Graduate/Postbaccalaureate: $7,176
- Audiology Doctorate: $14,742
- Education Doctorate: $11,838
- Nursing Practice Doctorate: $15,270
- Physical Therapy Doctorate: $17,196
(Campus-based fees add an average of $1,697 to student costs.)

Graduate Business Professional Fee
State university tuition fee plus $270 per semester unit or $180 per quarter unit.

Out-of-State Students
State university tuition fee plus $396 per semester unit or $264 per quarter unit.
* Rates are for academic year

FINANCIAL AID
In 2020-21, over $4.2 billion was distributed to more than 388,000 students—81% of the CSU’s total student population. The average award was $10,921. Presidential Scholars’ programs, which provide full scholarships to National Merit scholars and high school valedictorians, are also available at many CSU campuses.

Financial Aid Information: calstate.edu/financial-aid
CSU alumni make up a global network that is over four million strong. As ambassadors to the nation and world, our alumni demonstrate the power of possibility that comes with a CSU degree.
OUR ALUMNI WORK ACROSS NUMEROUS INDUSTRIES INCLUDING:

- Agriculture
- Business
- Entertainment
- Education
- Engineering
- Healthcare
- Hospitality
- Technology
ONE IN 10
employees in California is a CSU graduate

ONE IN EVERY 20
Americans with a college degree earned it at the CSU

MORE THAN 4 MILLION
living alumni and counting

ALUMNI
network is larger than the population of 23 U.S. states

ALUMNI COUNCIL
As the representative voice of alumni, the CSU Alumni Council meets regularly to discuss alumni support of the university. Using the power of our alumni network, the council supports student success by engaging alumni as volunteers, mentors and donors.

ALUMNI NETWORKS
While 84% of CSU alumni live in California, our reach is global. Our alumni networks operate domestically in New York and Washington D.C., with networks being formed abroad.

ONE IN 20
Americans with a college degree earned it at the CSU

MORE THAN 4 MILLION
living alumni and counting
Much like the students we serve every day, the CSU’s faculty and staff are exceptionally diverse and talented, making the CSU a special place to both work and learn. Their unparalleled commitment to quality instruction and provision of services is shaping the future of California.

For data definitions and additional statistics, please see the CSU Employee Profile at calstate.edu/csue-system/faculty-staff/employee-profile

Note: Data includes all employees except for non-represented student employees, other intermittent or casual employees and faculty teaching in extension, special sessions and summer sessions.
RESEARCH AND COMMUNITY IMPACT

CSU students are encouraged to apply the knowledge gained in the classroom to find solutions to real-world problems through involvement in applied research and service learning. Under the guidance of world-renowned faculty who are experts in their fields, students develop leadership skills while benefiting their communities.
RESEARCH, SCHOLARSHIP AND CREATIVE ACTIVITY

• CSU research enhances learning and prepares students for the workplace of the future in ways that promote student success, faculty scholarship and California’s progress. In alignment with the goals of Graduation Initiative 2025, students are engaged and empowered through mentored undergraduate and graduate research experiences and creative inquiry.

• Alongside students, CSU faculty advance knowledge in their fields, generate new knowledge across disciplines and foster solutions to problems through research, scholarship and creative activity. Cross-disciplinary research consortia, known as CSU affinity groups, positively impact California’s economic, social and environmental priorities.

• Since June 2020, sponsored program dollars have increased by $6 million to reach a total of $663 million annually, reflecting the importance placed on research amid a global pandemic.

• In 2021, twelve campuses received Hispanic-Serving Institution (HSI) STEM grants totaling nearly $60 million from the U.S. Department of Education and six campuses received HSI STEM grants totaling $5.7 million from the National Science Foundation (NSF). The funds will allow these campuses to continue enhancing the quality of STEM education and to increase the number of Latinx and low-income students pursuing and graduating with STEM degrees.

COMMUNITY ENGAGEMENT AT THE CSU

Community engagement experiences afford students opportunities to immerse themselves in the issues communities face while supporting the social and civic health of our state through teaching, learning and service. These opportunities promote academic engagement, self-empowerment and lifelong learning.

For more than 20 years, the CSU Center for Community Engagement (CCE) has been providing opportunities for students to become change agents in their communities by taking part in service learning programs. The CCE actively advances the CSU’s commitment to inclusivity, equity and student success through high-quality community programs and scholarship.

During the COVID-19 pandemic in 2020-21, when the majority of community engagement placements were either canceled or held virtually:

• CSU campus centers for community engagement and service learning, in partnership with 923 CSU faculty and 3,315 community organizations, made available nearly 2,300 service learning courses.
• 38,058 CSU students contributed 728,000 hours of service to their communities through virtual and in-person service learning activities.
• CSU campuses and the CCE raised more than $4.3 million to support community engagement, a return on investment of $4 for every dollar invested by the state.

4,200 partners
38,000 student volunteers
728,000 hours of service
$4.3 MILLION raised
The CSU’s operating budget has two main funding sources: the state General Fund and student tuition and fees. State funding now covers slightly more than half of the CSU’s operating costs, with tuition and fees making up for the remainder. Auxiliaries and philanthropic support generate additional revenue needed for essential services that supplement state-supported activities.
AUXILIARY ORGANIZATIONS

Auxiliary organizations are entrepreneurial and service-oriented, providing a wide array of support services, programs and facilities that further the educational mission of the CSU. There are 92 self-supporting auxiliary organizations which operate without state General Fund money and are organized on each campus as separate legal entities.

In 2020-21:

- Auxiliaries managed approximately 25% of the CSU’s total combined assets.
- Auxiliaries revenues represented approximately 20% of CSU’s total combined revenues.
- Auxiliaries managed approximately 17% of CSU’s total combined revenues from contracts and grants.

For more information about CSU auxiliaries, visit AUXILIARY.CALSTATE.EDU

¹ The 2021/22 final budget total includes $305.5M for General Obligation (GO) and lease revenue bonds.
² Fiscal Year 2021/22 one-time budget allocations appropriated by the 2021 Budget Act (Senate Bill 170, Chapter 240).
PHILANTHROPIC SUPPORT

In 2020-21, philanthropic giving to the CSU broke records for the third year in a row. The university received over $634 million in gift commitments and a new all-time high of $533 million in gift receipts. This robust support, even as California and the nation navigated the COVID-19 pandemic, demonstrates the steadfast confidence that many have in the university to create lasting success.

In 2020-21:

- Gifts from individuals totaled almost $199 million from 246,236 individual donors.
- Gifts from alumni made up 40% of individual giving, with $79 million in contributions.
- Gifts from organizations totaled $354 million, including $133 million from foundations.
- Almost $73 million from corporations, including 2,399 matching gifts, were received.
- The CSU received the largest gift in its 61-year history of $135 million from philanthropist and novelist MacKenzie Scott and her husband Dan Jewett.
- Total endowment market value reached $2.4 billion university-wide, surpassing $2 billion for the first time.

CSU LEADERSHIP

Responsibility for the CSU is vested in a 25-member Board of Trustees, the majority of whom are appointed by the governor to eight-year terms. Faculty, alumni and two student trustees serve two-year terms. The trustees appoint the chancellor, who is the university’s chief executive officer, and the presidents, who are the chief executive officers of their respective campuses and report to the chancellor. The trustees, chancellor and presidents develop university-wide policies.
