INFORMATIVE DIGEST

The Board of Trustees has determined that incoming high school students, beginning with the entering first year class of 2026, will be required to successfully complete one additional course in quantitative reasoning during high school to meet the minimum eligibility for CSU admission as a first-year student. No changes are being made for transfer admission eligibility. The existing admission by exception policies already codified in Title 5 will remain.

The proposed amendments to Title 5 Sections 40601, 40753, and 40754 would implement the new admission requirement, effective in 2026.

COST TO STATE AND LOCAL AGENCIES AND SCHOOL DISTRICTS

The adoption of the proposed amendment will not impose a cost or savings on any state agency; will not impose a cost or savings on any local agency or school district that is required to be reimbursed under Section 17561 of the Government Code; will not result in any nondiscretionary cost or savings to local agencies; will not result in any cost or savings in federal funding to the state; and will not impose a mandate on local agencies or school districts.
